The Orb Project Klaus Heinemann,Miceal Ledwith,2007-11-06 After literally stumbling into orbs appearing as bright as light bulbs in photographs he was taking at a spiritual retreat Dr Klaus Heinemann immediately sensed that he was onto something profound There was no choice but to convince himself that his notion was on solid grounds Heinemann looked at thousands of pictures he had taken earlier and thousands more would be taken to test the hypothesis that these light circles are nothing less than emanations from Spirit beings Dr Miceal Ledwith had a similar experience after the orb phenomenon was first made known to him through the teachings of Ramtha He began an intense and systematic study of orbs in all sort of situations day and night and in all sorts of atmospheric conditions in order to discover all he could about their nature the situations in which their presence could be most easily detected and what implications they might have for our understanding of our own place in the

cosmos To date he has amassed a collection of well over 100 000 images In The Orb Project Ledwith and Heinemann present their fascinating discoveries along with practical tips that amateur digital photographers can use to photograph orbs and properly distinguish them from false orbs that are really dust or water particles They offer guidelines on deciphering the orbs various patterns features and characteristics based on their extensive research As Dr Ledwith points out once you develop a keen and sustained interest in photographing spirit entities some quite interesting things begin to happen the brain stops censoring these images and you can begin to see with orbs with the naked eye in more color and detail than is visible to even a digital camera Ledwith and Heinemann also explore communication with orbs and what their existence means to our lives The implications of a realization that we are surrounded by a cloud of witnesses are enormous and incredibly hopeful for the world at large *Subject Guide to Books in Print* ,1993 Library Journal ,1998 **Words on Cassette, 2002** R R Bowker Publishing,2002 **My Mystical Path** Donna Shin-Ward,2023-08-22 Transforming the unexpected into a legacy of love We all have a story and underneath it lies a universal story Donna Shin Ward counselor and wellness coach shares her life journey as a guide to moving through grief and trauma especially related to narcissistic emotional abuse Through vibrant storytelling and poignant reflections Donna explores how she navigated the storms from cancer as a teenager to the turmoil of love and divorce twice Through many awakenings she relied on her relationship with Jesus who called her to a spiritual path at age nineteen and opened her heart to many facets of Divine Love This Love is deeply invested in every pain and challenge that leads us into our wholeness without this suffering we cannot transcend to our next level of growth Donna s insights from both a personal and psychological perspective can help you flow through and with your suffering whatever the cause and move into a state of graceful healing Embrace vibrant health and wholeness by speaking your hard truth to yourself first and surrendering to the opportunities for growth that come May the offerings from Donna s life and those teachers whose wisdom she shares bring you to your own mystical moments of emancipation and grace **American Book Publishing Record** ,2007 **I Want to See Jesus in a New Light** Ron Roth,2000 Roth provides simple meditations that can provide a doorway for people of all religious backgrounds and dogmatic beliefs to discover Jesus as a great physical and spiritual healer and motivator The Cumulative Book Index ,1999 **The Library Journal** ,1998 Includes beginning Sept 15 1954 and on the 15th of each month Sept May a special section School library journal ISSN 0000 0035 called Junior libraries 1954 May 1961 Also issued separately Medicina per la terra Sandra Ingerman,2017-03-31 Nelle grandi tradizioni spirituali troviamo innumerevoli storie sulla capacit dell uomo di trasformare il mondo naturale in modi apparentemente miracolosi ed inesplicabili L antica arte della guarigione e della trasmutazione grazie alla quale le sostanze tossiche vengono trasformate e neutralizzate stata tramandata dall antichit fino ai nostri giorni attraverso i vari insegnamenti spirituali che si sono succeduti durante i secoli Mentre molti hanno attinto a questo corpo di conoscenze per curare l individuo pochi lo hanno usato per curare l ambiente Per pi di venti anni Sandra Ingerman si dedicata allo studio di metodi

alternativi finalizzati alla riduzione dell'inquinamento ambientale. In questo suo libro ci accompagna in uno straordinario viaggio attraverso la storia della trasmutazione insegnandoci ad usare questa tecnica dimenticata per cambiare noi stessi ed il nostro ambiente. Fra le altre cose ci spiega con esemplare chiarezza come opera la visualizzazione creativa ed in che modo si possono utilizzare le cerimonie ed i rituali. Ci offre inoltre preziose informazioni a proposito dei miracolosi ma scientificamente provati effetti del suono sull'ambiente. Questo libro ci mostra che quando le nostre azioni sono guidate dalla consapevolezza e dall'amore non vi sono limiti alla nostra capacità di trasformare in modo positivo noi stessi ed il nostro ambiente.
