### **Hazardous Home Based Sub Contracted Work:**

**The Hidden Assembly Line** Radhika Balakrishnan, 2002 Looks at the economic trends impacting Asian women and subcontracted labor illuminating the lives of the millions of women struggling in low wage jobs Presents case studies from Pakistan the Philippines Sri Lanka and India Provides examples of strategic responses from NGOs unions and activists The Hidden Assembly Line studies the impact of subcontracted work in different national settings linking it to the global economy and to changes in women s financial security and work opportunities The contributors debate the implications for women s empowerment and for the changing social relations of production This book contains clear practical information for scholars students and researchers interested in women s roles regarding economic development and the globalization of the world economy Asian Informal Workers Santosh K. Mehrotra, Mario Biggeri, 2007-01-24 This thoroughly researched volume

surveys the nature and extent of informal work in Asia which is a powerful and under studied force in the region After over half a century of development even in the fast growing economies of Asia the formal sector and industrial jobs have grown rather slowly and most non agricultural employment growth has occurred in the informal economy At the same time as this there has been a feminization of informal workers and growth in subcontracted homework Drawing on detailed case studies carried out in five Asian countries two low income India and Pakistan and three middle income Indonesia Thailand and the Philippines where subcontracted production usually by women and children working out of home is now widespread this insightful book acknowledges that home based work is the source of income diversification for poor families but is also the source of exploitation of vulnerable workers and child labour as firms attempt to contain costs This wide ranging and accessible survey edited by key specialists in this field along with an impressive team of contributors examines the social protection needs of these workers arguing convincingly for public action to promote such work and protect these workers as a possible new labour intensive growth strategy in developing countries **Poverty and Sustainable Development in**

**The Indian Journal of Labour Economics** ,2003 **The Politics of Common Sense** Aasim Sajjad Akhtar,2018-02-01 This work offers a refreshingly different perspective on Pakistan it documents the evolution of Pakistan s structure of power over the past four decades In particular how the military dictatorship headed by General Zia ul Haq 1977 1988 whose rule has been almost exclusively associated with a narrow agenda of Islamisation transformed the political field through a combination of coercion and consent production The Zia regime inculcated within the society at large a common sense privileging the cultivation of patronage ties and the concurrent demeaning of counter hegemonic political practices which had threatened the structure of power in the decade before the military coup in 1977 The book meticulously demonstrates how the politics of common sense has been consolidated in the past three decades through the agency of emergent social forces such as traders and merchants as well as the religio political organisations that gained in influence during the 1980s
