LL Leslie

Following The Yellow Brick Road The Adult Childs Personal Journey Through Oz:

Group Psychotherapy with Adult Children of Alcoholics Marsha Vannicelli, 1993-02-22 For all therapists who work with adult children of alcoholics ACOAs this comprehensive guide provides expert guidance in setting up and running a psychotherapy group Successfully integrating theory and practice the book surveys the current ACOA literature explains the rationale for group therapy describes how to set up a group and suggests specific group leader techniques Also included are insightful discussions on countertransference issues the preparation and training of ACOA group leaders and key areas for future research **Following the Yellow Brick Road** Joy Erlichman Miller, Marianne Leighton Ripper, 1988

Co-Dependence Healing the Human Condition Charles Whitfield, 2010-01-01 Of all the books on the often misunderstood concept of co dependence this is probably the clearest most complete and informative Charles Whitfield is a frontline clinician who has been assisting co dependents in their healing for over twenty years He has researched the literature on co dependence which he summarizes in this widely read book He sees co dependence as a way to more accurately describe the painful and confusing part of the human condition In careful detail he describes just what co dependence is and what it is not how it comes about and how to heal its painful aftereffects Removing the Roadblocks Marsha Vannicelli, 1992-02-14 Based on the author s 18 years of experience supervising group therapists this quintessentially practical book is designed to help practitioners think through and formulate appropriate strategies in their clinical work Utilizing many clinical examples and providing explanations throughout for her interventions Vannicelli pays special attention to the therapeutic stance where the clinician positions him or herself in relation to the patient and why and how various strategies and techniques maximize the patient s opportunity for therapeutic growth A hallmark of Dr Vannicelli s approach richly illustrated in this work is her sensitivity to countertransference and the ways it can be used productively in clinical practice Alone among books in the substance abuse field REMOVING THE ROADBLOCKS analyzes the group therapy issues that arise in the three populations most commonly seen in substance abuse clinics substance abusers themselves adult children of alcoholics and other family members The author describes characteristics unique to each population and addresses overlap among them in terms of basic procedures formats and hurdles that group leaders face The book also differs from most psychotherapy texts by giving the reader an opportunity to hear the voice of an experienced therapist as she provides examples of various kinds of interventions and demonstrates how they might actually be communicated and implemented Rather than reading about psychotherapy or about various kinds of problems one has the sense of experiencing a thorough consultation with a truly seasoned supervisor A particularly useful feature is the appendix at the end of the volume which provides examples of assessment and intake questionnaires history questionnaires ground rules for treatment contracts and other practical materials Designed for all mental health professionals who work with substance abusers the book s focus on practical clinical issues also makes it ideal for paraprofessionals It is an excellent text for courses on substance abuse in social work

psychology nursing and other disciplines as well as for courses in group psychotherapy

The Perfectionist Predicament Miriam Elliott, 1993-11 Perfectionists take good qualities drive ambition and high standards and turn them into disadvantages that hurt rather than help This book offers a clear useful analysis of different types of perfectionism and explains how to solve the problem

My Holding You Up is Holding Me Back Joy Erlichman Miller, 1991 Joy Miller looks at the consequences of over responsibility poor physical and emotional health and shows readers how to stop taking care of others and start taking care of themselves 70 000 first printing

30 Days to a Happier Marriage Jay Gale, 1992

Love Carried Me Home Joy Erlichman Miller, 2000-10 Profiles sixteen female survivors of internment at Auschwitz and discusses the gender specific experiences of women during the Holocaust and the coping mechanisms they used to survive

Come Here, Go Away Ralph Earle, Ralph H. Earle, 1991

Inner Lives of Deaf Children Martha Sheridan, 2001

The Classification of Students Experiencing School Difficulty and the Correlates of School Success for At-risk Students Diana P. Najera Ketterman-Brockett, 1989

Using Bibliotherapy in Clinical Practice John T. Pardeck, 1993-10-26 Pardeck provides mental health professionals with readily available information on self help books that can be effectively used with various clinical problems The materials presented can also be used by those not necessarily trained in clinical intervention this group would include parents teachers and librarians The approach offered bibliotherapy is an emerging clinical technique There are over 400 self help books presented and annotated that focus on chemical dependency coping with change family violence and dysfunctional families parenting personal growth serious illness social relationships and divorce and blended families

L. Frank Baum, Creating Oz Spencer Ashcroft, 2024-11-24 L Frank Baum born in 1856 in Chittenango New York remains one of the most influential authors in the world of children s literature Best known for his creation of The Wonderful Wizard of Oz Baum s work continues to captivate readers of all ages offering them an unforgettable journey into a fantastical world filled with wonder and whimsy Baum was a storyteller at heart weaving tales that were not only entertaining but also carried deeper themes of adventure self discovery and the importance of friendship His work has transcended generations becoming a cultural touchstone in a way few other literary works have The story of L Frank Baum is one of ambition creativity and resilience It is also a story of transformation as Baum evolved from a struggling entrepreneur to a world renowned author His path to literary fame was neither straight nor simple Before writing Oz Baum tried his hand at various ventures including acting writing for the stage and even running a small store None of these pursuits brought him the lasting success he longed for However through these various experiences Baum honed his skills and developed a deep understanding of storytelling which would serve him well in the years to come Baum s early years were marked by a great deal of financial uncertainty Born into a wealthy family he enjoyed a comfortable upbringing but his family s fortune

dwindled over time This financial instability caused him to seek various career paths and it was during this period of experimentation that Baum first encountered the world of theater His love of drama and performance led him to write plays many of which were successful though none quite as enduring as his later works in children s literature In the late 1890s after years of experimentation Baum began writing children s stories His first works such as *Mother Goose in Prose* and *Father Goose His Book* were well received Yet it was *The Wonderful Wizard of Oz* published in 1900 that would forever cement his legacy as one of the most beloved children s authors in history The success of Oz was unprecedented for Baum and its impact has only grown with time The importance of *The Wonderful Wizard of Oz* cannot be overstated The book marked the beginning of an entire series the Oz books which would eventually number fourteen But the success of Oz was more than just the creation of a fantasy series It was a cultural phenomenon Baum s world of Oz was unlike any other literary world that had come before it It was imaginative yet grounded in a moral and ethical framework that spoke to the hearts and minds of children and adults alike The characters such as Dorothy the Scarecrow the Tin Man and the Cowardly Lion were complex and relatable each facing their own fears and insecurities only to learn that the answers to their struggles were within them all along In many ways the preface to any collection of Baum s work serves as an invitation to readers to step into the magical world he created It is an invitation to embrace the idea that anything is possible and that adventure is always just around the corner Baum s own life was filled with challenges yet his ability to turn those challenges into stories of hope and perseverance is a testament to the power of imagination Through his works Baum taught generations of readers the importance of courage kindness and staying true to oneself As we embark on exploring the life and works of L Frank Baum we enter a world where dreams are realized where every twist and turn on the journey holds the promise of discovery and where the boundaries of possibility are limited only by our imagination This collection of writings aims to delve deeper into the world of Baum and explore the intricate details of his life and legacy offering readers a glimpse into the mind of one of the most imaginative authors of all time

Forthcoming Books Rose Arny,1994 **The New Witches** Aaron K.H. Ho,2021-07-13 After *Charmed* ended in 2006 witches were relegated to sidekicks of televisual vampires or children s programs But during the mid 2010s they began to resurface as leading characters in shows like the immensely popular *The Chilling Adventures of Sabrina* the *Charmed* reboot *Salem* *American Horror Story Coven* and the British program *A Discovery of Witches* No longer sweet feminine domestic and white these witches are powerful diverse and transgressive representing an intersectional third wave feminist vision of the witch Featuring original essays from noted scholars this is the first critical collection to examine witches on television from the late 2010s Situated in the aftermath of the MeToo movement essays examine the reemergence and shifting identities of TV witches through the perspectives of intersectional gender studies hauntology politics morality monstrosity violence queerness disabilities rape ecofeminism linguistics family and digital humanities
