5 FOOD GROUPS

The nutritions you can't live without.

Nutritions is essential to our lives and our growth. These 5 food groups provide a range of nutrients and help your body function.

Dairy

Contains excellent sources of calcium which is essential to build our strong and healthy bones.

Fruits

They provide vitamins, minerals, dietary fibre and nutrients naturally present in plants that will help you stay healthy.

Grains

Always go for wholegrain and/or high fibre types of bread, rice, cereal, pasta, noodles etc.

Proteins

Our bodies use the proteins we consume to create chemicals such as haemoglobin and adrenaline. Protein also builds, maintains, repairs tissues in our bodies.

Vegetables

Vegetables should be a large part of your daily food intake. They are contained with vitamins, minerals, dietary fibre and nutrients naturally present in plants that will help you stay healthy.

Why not choose your favorite kinds of healthy food & ingredients?

Food Information On The Internet

Tanya Roberts

Food Information On The Internet:

    Food Information on the Internet Karren Blakeman,2001 Statistics indicate that one third of a billion people are now regular users of the Internet and the amount of information on the World Wide Web doubles every 3 months confirming the significance of the Internet as an information source and the importance of a means of navigating this vast resource to best effect An increasing number of people working in all areas of industry are aware of the importance of the Internet but may not be sure of what is available or the value of the information on the Web Many have no idea where to begin and those that have ventured onto the World Wide Web become aware of the amount of time that can be wasted in searching for the right information The Guide is in its fourth edition the first being produced in 1997 and has undergone several revisions with the number of URLs included rising to over 1 750 and the addition of four new sections in this new edition covering analytical laboratories for the food industry consumer associations environmental information and functional foods Many of the sites listed have links to similar sites of interest effectively increasing further the 1 750 sites listed The Guide contains a brief introduction to terminology and search engines and is divided alphabetically into a list of subject categories Within each category there are descriptions of the contents of the major sites relating to the subject followed be a select listing of other relevant sites with their URLs There is also the benefit of password protected access to all the Web sites listed on the Leatherhead Food RA Web site for purchasers of the Guide eliminating the time consuming process of entering URLs the sites listed in the Guide can be accessed directly from the listings on Leatherhead s Web site   Internet of Things in the Food Industry Anna Rogala,Renata Nestorowicz,Ewa Jerzyk,2024-04-02 The food industry is experiencing a digital transformation across the entire supply chain from farm to fork This book offers comprehensive insights into the challenges and opportunities faced specifically examining the application of the Internet of Things The authors analyse the benefits and the related threats from the perspective of the participants of the entire supply chain including consumers Taking the reader on a journey this book begins with an analysis of technology use in farming production logistics and retailing before delving into the use of digitalization in educating consumers on sustainable consumption practices The multifaceted analysis of the Internet of Food potential combines science and practice enriching theoretical analysis with case studies This book will be of interest to those researching and studying supply chain management logistics innovation and technology management and consumption with a particular interest in the food industry   **Food in the Internet Age** William Aspray,George Royer,Melissa G. Ocepek,2013-09-06 This book examines food in the United States in the age of the Internet One major theme running through the book is business opportunities and failures as well as the harms to consumers and traditional brick and mortar companies that occurred as entrepreneurs tried to take advantage of the Internet to create online companies related to food The other major theme is the concept of trust online and different models used by different companies to make their web presence seem trustworthy The book describes a number of major food companies including

AllRecipes Betty Crocker Cook s Illustrated Epicurious Groupon OpenTable and Yelp The book draws on business history food studies and information studies for its approach __The Internet Society in China__ Shaojie Liu,Jianmin Wang,2019-08-01 This book provides a cutting edge analysis of the rapid rise of China s network society and reviews recent key developments within China s internet economy notably the concepts of Lucky Money and E Business on Wechat and Crowd Funding Platforms It focuses on drawing out the sociological impact of these economic developments examining among others the bearing of the decentralization of e business in rural areas It offers a vital sociological perspective on the development of China s internet society and how it affects social and professional relations examining the shift from the traditional Red Envelope Giving Culture to Digital Red Envelope micro charity 2 0 as well as the Rise of Internet Crowd Funding in China Combining an up to date analysis of the current state of play of China s internet society with expertise in the rapidly changing landscape of China s social media this book provides key insights into how technology impacts on the communication and movement of population in China in both social and economic spheres **Structural Change and Evolution of China's Internet Society** Liu Shaojie,2022-11-28 This title investigates China s network society both its online cyber society and offline real world society by analyzing the trends and social foundations of society as network and the social challenges it poses as well as structural changes in social space and social interaction The first part of the book examines how network society in China forms and develops analyzing the challenges and structural changes it poses The author studies network power and uncertainties that lies in the supply flow and reception of a massive amount of information revealing how this influences the government s administrative power as well as governance measures to stabilize social cohesion The second part first discusses the social restructuring and characteristics of network social space in China Based on case studies of several momentous social events the spatial change characterized by an integration of absence and presence space and its influence on social interaction and experience is elucidated including active absence interaction mediated experience spatial representation and social identities of network aggregation The book will be a crucial reference for scholars and students studying sociology network sociology and contemporary Chinese society *Internet Guide to Food Safety and Security* Elizabeth Connor,2005-06-21 Learn what you need to know about foodborne illness from comprehensive Web sites The Internet Guide to Food Safety and Security puts a wealth of food safety and security information at your fingertips This comprehensive compilation of annotated links goes beyond simple listing of Web addresses to tell you which sites have original content what sites hold specific safety and security information you are searching for and how to find all types of vital information you need to prevent foodborne illness and disease to stay healthy Easy to use thorough and accurate this guide to the Internet will become your all in one source for food and health information Includes a helpful glossary *E-FOOD: Closing the Online Enforcement Gap in the EU Platform Economy* Maria Jose Plana Casado,2021-08-05 Retail is going digital and grocery shopping is no exception While some businesses are relaying on their corporate website to

make the sale both traditional brick and mortar and new disruptive business models are increasingly using online marketplaces to offer their products online European Union law has been gradually updated to reflect this new reality with Intellectual Property Rights legislation and Consumer Law leading the way toward a suitable regulatory framework in the Platform Economy However the EU has not devised a comprehensive strategy for tackling the challenges posed by the online sale of physical consumer goods such as effective public enforcement in online environments In fact sector specific legislation including Food Law largely ignores online transactions In this context the book evaluates the impact that online marketplaces are having on European Union sector specific legislation and its e nforcement The goal is to assess whether the existing regulatory and policy framework are sufficient for promoting compliance and bridging the enforcement gap in the digital single market Focusing on the e food market the book presents a state of the art overview of how online marketplaces are altering EU law and its enforcement by public authorities   *Automation for Food Engineering* Yanbo Huang,A. Dale Whittaker,Ronald E. Lacey,2001-06-28 Automation for Food Engineering introduces the frameworks methods designs algorithms tests and implementation of data acquisition analysis modeling prediction and control in automation for food engineering Using numerous examples and case studies from food engineering projects the book introduces basic methods systematically and describes advanced techniques such as medical imaging mathematical analysis and statistical modeling which have proven successful in food engineering The authors use the characteristics of food processes to describe concepts and employ data from food engineering applications to explain the methods   **Internet Resources on Weight Loss and Obesity** Lillian Brazin,2007-01-11 A seasoned medical librarian provides top Internet resources on health eating and nutrition Obesity has reached epidemic proportions not only in the United States but also around the world How does someone with weight loss questions find the most up to date information available to make informed health decisions Internet Resources on Weight Loss and Obesity provides you with a comprehensive list of the best Web sites already evaluated for your convenience The book helps you locate the correct information you need on obesity and ways to combat it saving you time from having to resort to Google or other search engines This valuable guide written by a seasoned medical librarian explains the dynamic nature of the Internet how to correctly use it how to easily find evaluate and use the latest health information on weight loss and even how to detect medical fraud Internet Resources on Weight Loss and ObesityInternet Resources on Weight Loss and Obesity provides important advice and instruction on mining information on this difficult health issue and includes dozens of Web addresses that offer appropriate free of charge information The resource also explains ways to find additional information and support you may need using discussion groups chat rooms mailing lists and newsgroups Web sites are provided on diet and nutrition health and diet assessment eating disorders obesity weight loss programs bariatric weight loss surgery available medications spas and residential diet programs and recipe information This guide is written in clear understandable language that even the Internet beginner can use and
