or theological milieu After all sin functions something like religious code language for that which is problematic in human

existence But all humans deal with our fragility and our penchant for harming ourselves or others and all humans seek to

resolve these issues Might the religious community learn from those outside our gates Accordingly in this book a theologian

seeks to gain insight from the way seven outstanding filmmakers of our time set up the problems of human existence and

seek to resolve them over a series of their films Explore with her how Clint Eastwood Woody Allen Spike Lee the Coen

brothers John Sayles Ang Lee and Terrence Malick define human problems and explore resolutions mark the overlap with

Christianity but more importantly ponder the contrasts You ll never watch films the same way again
