novel Now in this bold new rendering Matthiessen has marvelously distilled a monumental work while deepening the insights and motivations of his characters with brilliant rewriting throughout Praise for Shadow Country Magnificent breathtaking Finally now we have this three part saga welded like a bell and with Watson's song the last sound all the elements fuse and resonate Los Angeles Times Peter Matthiessen has done great things with the Watson trilogy It's the story of our continent both land and people and his writing does every justice to the blood fury of his themes Don DeLillo The fiction of Peter Matthiessen is the reason a lot of people in my generation decided to be writers No doubt about it Shadow Country lives up to anyone's highest expectations for great writing Richard Ford Shadow Country Matthiessen's distillation of the earlier Watson saga represents his original vision It is the quintessence of his lifelong concerns and a great legacy W S Merwin An epic masterpiece a great American novel The Miami Herald The Little Theatre Monthly ,1924 The Federal Theatre Project in the American South Cecelia Moore,2017-09-26 The Federal Theatre Project in the American South introduces the people and projects that shaped the regional identity of the Federal Theatre Project When college theatre director Hallie Flanagan became head of this New Deal era jobs program in 1935 she envisioned a national theatre comprised of a network of theatres across the country A regional approach was more than organizational it was a conceptual model for a national art Flanagan was part of the little theatre movement that had already developed a new American drama drawn from the distinctive heritage of each region and which they believed would collectively illustrate a national identity The Federal Theatre plan relied on a successful regional model the folk drama program at the University of North Carolina led by Frederick Koch and Paul Green Through a unique partnership of public university private philanthropy and community participation Koch had developed a successful playwriting program and extension service that built community theatres throughout the state North Carolina along with the rest of the Southern region seemed an unpromising place for government theatre Racial segregation and conservative politics limited the Federal Theatre's ability to experiment with new ideas in the region Yet in North Carolina the Project thrived Amateur drama units became vibrant community theatres where whites and African Americans worked together Project personnel launched The Lost Colony one of the first so called outdoor historical dramas that would become its own movement The Federal Theatre sent unemployed dramatists including future novelist Betty Smith to the university to work with Koch and Green They joined other playwrights including African American writer Zora Neale Hurston who came to North Carolina because of their own interest in folk drama Their experience told in this book is a backdrop for each successive generation's debates over government cultural expression art and identity in the American nation
