Foolishness To The Greeks:

Foolishness to the Greeks Lesslie Newbigin, 1986 In this book Lesslie Newbigin attempts to look at modern Western culture through the eyes of an outsider and to ask What would it mean to confront this culture with the gospel Newbigin looks first at the broad issues raised by any cross cultural communication of the gospel He then focuses his discussion on modern Western culture examining its essential features and the present signs of its disintegration This leads to the main thrust of the book the question of how biblical authority can be a reality for those who are shaped by this culture Newbigin goes on to consider what would be involved in the encounter between the gospel and modern science politics and economics Finally he discusses the task of the church in bringing about this missionary encounter **Foolishness to the Greeks**

James Edward Lesslie Newbigin, 1991 The Congregation as Hermeneutic of the Gospel Shawn P. Behan, 2024-10-31 Lesslie Newbigin's concept of the congregation as hermeneutic of the gospel has been used for over thirty years to discuss the overlap of mission and ecclesiology This book provides the contextual background to the congregation as hermeneutic of the gospel then discusses the important components of this concept and how they connect with Newbigin's lifetime of writings on the nature and identity of the church Within this discussion there are three key elements to Newbigin's ecclesiology as it pertains to the congregation as hermeneutic of the gospel the relationship between the Holy Spirit and the local congregation the kingdom of God and the local congregation and the local congregation within itself These three components can be found throughout Newbigin's discussions about the nature of the church ranging from the 1940s until the 1990s Pulling all these components together and showing how they shed light on Newbigin's intended meaning by calling the local congregation the hermeneutic of the gospel for their society provides a new interpretation of this concept that will both strengthen and challenge contemporary uses of this concept within the church today **In the World, But Not of the World** Andrew L. Fitz-Gibbon, 2000-01-01 In the World But Not of the World explores the threefold tension among Alasdair MacIntyre's prognosis for Western society the desires of some for a social transformation with a Christian moral vision at the sacred centre and a baptist understanding of Christianity as essentially voluntary non sacralist discipleship Andrew Fitz-Gibbon uses five contemporary Christian social thinkers from different traditions as conversation partners Through his examination of these thinkers Fitz-Gibbon explores how the church may continue to truthfully narrate the Christian story in the midst of the moral tensions of late capitalist Western society His creative conclusion is that the church at the beginning of the twenty first century can move toward a resolution of the central tension of being in the world but not of the world through a synthesis of the believers church tradition and an affirmation of communitarian liberal democracy **Foolishness to the Greeks: the Gospel and Western Culture**, 1987 **Becoming a Missionary Church** Michael W. Goheen, Timothy M. Sheridan, 2022-07-19 This book offers a historical assessment and balanced critique of contemporary church movements especially in light of missional ecclesiology An expert on Lesslie Newbigin and an expert on contemporary church models

show how Newbigin's ideas have been developed and contextualized in three popular contemporary church movements: missional, emergent, and center church. In addition, the authors explain that some of Newbigin's insights have been neglected and need to be retrieved for the present day. This book calls for the recovery of the missionary nature of the church and commends church practices applicable to any congregation. **Foolishness to the Greeks** Theodore Richard Milford, 1953

The Church and Its Vocation Michael W. Goheen, 2018-11-06. Lesslie Newbigin, one of the twentieth century's most important church leaders, offered insights on the church in a pluralistic world that are arguably more relevant now than when first written. This volume presents his ecclesiology to a new generation. Michael Goheen clearly articulates Newbigin's missionary understanding of the church and places it in the context of Newbigin's core theological convictions. Suitable for students as well as church leaders, this book offers readers a better understanding of the mission of the church in the world today. Foreword by N. T. Wright. Lesslie Newbigin Geoffrey Wainwright, 2000-10-19. This book offers an intellectual and spiritual biography of Lesslie Newbigin, a figure of patristic proportions in the twentieth century history of the Church. Drawing on thirty-five years of personal and literary acquaintance with his subject and on a thorough examination of the Newbigin archives, Geoffrey Wainwright crafts a rich and varied portrait of this outstanding witness to the Gospel. The Sacred Writings of Saint Hilary of Poitiers Hilary of Poitiers, Hilary, bishop of Poitiers, holds the highest rank among the Latin writers of his century. Designated already by Augustine as the illustrious doctor of the churches, he by his works exerted an increasing influence in later centuries and by Pius IX he was formally recognized as *universae ecclesiae doctor* at the synod of Bordeaux in 1851. This edition contains his most important texts.
