Ahn's Practical grammar of the German language Franz Ahn, 1864 *The Godfather and American Culture* Chris Messenger, 2012-02-01 Mario Puzo s The Godfather is an American pop phenomenon whose driving force is reflected not only in book sales and cable television movie marathons but also in such related works as the hit television series The Sopranos In The Godfather and American Culture Chris Messenger offers an important and comprehensive study of this classic work of popular fiction and its hold on the American imagination As Messenger shows the Corleones have indeed become our gang and we see our family business in America reflected in them Examining The Godfather and its many incarnations within a variety of texts and contexts Messenger also addresses Puzo s inconsistent affiliation with his Italian heritage his denial of the multiethnic literary subject and his decades long struggle for respect as a writer in contemporary America The study ultimately offers a way of looking at the much maligned genre of popular or bestselling fiction itself By placing both the novel and films within a number of revealing critical situations Messenger addresses the continuing problem of how we talk about elite and popular fiction in America and what we mean when we take sides *A Textbook on German ...: Grammar*
