Peter Hruby

Fools And Heroes The Changing Role Of Communist Intellectuals In Czechoslovakia:

Fools and Heroes Peter Hruby,1980 **Fools and Heroes** Peter Hruby,2013-10-22 **Fools and Heroes The Changing Role of Communist Intellectuals in Czechoslovakia** details two crucial years of 1948 and 1968 that marked the climax of contradictory developments namely the acceptance and repudiation of Soviet ideology and statecraft Organized into three parts this book begins with the class struggle and moral problems in Czechoslovakia Subsequent part explores the economic problems and social history of the nation The search for truth in terms of history philosophy and politics is also addressed

Czechoslovakia Michael Brenner,1997-11-13 This book the most thoroughly researched and accurate history of Czechoslovakia to appear in English tells the story of the country from its founding in 1918 to partition in 1992 from fledgling democracy through Nazi occupation Communist rule and invasion by the Soviet Union to at last democracy again The common Western view of Czechoslovakia has been that of a small nation that was sacrificed at Munich in 1938 and betrayed to the Soviets in 1948 and which rebelled heroically against the repression of the Soviet Union during the Prague Spring of 1968 Mary Heimann dispels these myths and shows how intolerant nationalism and an unhelpful sense of victimhood led Czech and Slovak authorities to discriminate against minorities compete with the Nazis to persecute Jews and Gypsies and pave the way for the Communist police state She also reveals Alexander Dubcek held to be a national hero and standard bearer for democracy to be an unprincipled apparatchik Well written revisionist and accessible this groundbreaking book should become the standard history of Czechoslovakia for years to come **The New Right in the New Europe** Seán

Hanley,2007-08-07 Using the Czech example this book considers the emergence of centre right parties in Eastern Europe following the collapse of communism **Nationalism and Communism in Eastern Europe and the Soviet Union** W. Kemp,1999-02-08 **Nationalism and Communism in Eastern Europe and the Soviet Union** looks at communism s attempts to come to terms with nationalism between Marx and Yeltsin how the inability of communist theorists and practitioners to achieve an effective synthesis between nationalism and communism contributed to communism s collapse and what lessons that holds for contemporary Europe *Historical Dictionary of Slovakia* Stanislav J. Kirschbaum,2006-12-08 The Historical Dictionary of Slovakia offers in its second edition an up to date series of entries on Slovak political social and economic development since the creation of the second Slovak Republic in 1993 until its admission into the European Union in 2004

The A to Z of Slovakia Stanislav J. Kirschbaum,2010-05-10 The A to Z of Slovakia offers an up to date series of cross referenced dictionary entries on Slovak political social and economic development since the creation of the second Slovak Republic in 1993 until its admission into the European Union in 2004 It includes all of the political actors the presidents prime ministers and party leaders and many leading academics and cultural personalities including those from the national minorities It also contains entries on the various institutions of the Slovak Republic like the judiciary the armed forces the media and parliamentary committees as well as entries that explain Slovakia s position and role in international organizations

like NATO and the European Union The historical survey explains how Slovakia in its post Communist transformation was almost excluded but in the end became a full member of these two institutions The East European Economy in Context David Turnock,2003-09-02 Since 1989 the former communist countries of Eastern Europe have witnessed a profound and dramatic upheaval The economic coherence of this region formerly maintained through the adoption of the Soviet system of government has fractured In The East European Economy in Context Communism and Transition David Turnock examines the transition from communist to free market economies both within and between the states of Eastern Europe As well as containing an informative survey of the impact of communism The East European Economy in Context provides Political profiles of individual countries A clear study of the contrasts between northern and balkan groups Summaries of regional variations in the transition process An exploration of the new state structures and resources Discussion of political stability inter ethnic tensions and progress in economic change A History of Czechoslovakia Since 1945 Hans Renner,2023-08-11 First published in 1989 A History of Czechoslovakia Since 1945 is a comprehensive account of Czechoslovakia under Communist rule tracing events from 1945 to 1990 The author focuses on the last twenty years in particular when the Prague Spring offered a brief period of liberalization but was followed by harder times with the hope of change fading and society becoming paralyzed Dr Renner describes vividly the country s fortunes under the Soviet rule of Stalin and Brezhnev and how it pioneered the policy of glasnost during the Prague Spring of 1968 The book concludes with a special look at the influence of Gorbachev s glasnost on the regime of Czechoslovakia Dr Renner combines a chronological overview with a passionate yet scholarly discussion of underlying political economic and cultural issues and developments making this book invaluable as an authoritative and lucid account of Czechoslovak history as well as an explanation of the role this country and in events played in the shaping of modern Europe **East Central Europe** Lawrence D. Orton,1989 **Czechoslovakia, a Country Study** Richard F. Nyrop,1982 General study on Czechoslovakia covers history physical geography ethnic groups social structure religious practice economy economic reforms industrial sector agricultural sector trade politics political system government international relations esp With USSR defence administration of justice discusses economic relations within the framework of CMEA and international cooperation in respect of the Warsaw Pact treaty Bibliography glossary map organigrams photographs statistical tables **The Greengrocer and His TV** Paulina Bren,2011-08-15 The 1968 Soviet invasion of Czechoslovakia brought an end to the Prague Spring and its promise of socialism with a human face Before the invasion Czech reformers had made unexpected use of television to advance political and social change In its aftermath Communist Party leaders employed the medium to achieve normalization pitching television stars against political dissidents in a televised spectacle that defined the times The Greengrocer and His TV offers a new cultural history of communism from the Prague Spring to the Velvet Revolution that reveals how state endorsed ideologies were played out on television particularly through soap opera like serials In focusing on the small screen Paulina Bren looks to the normal of normalization to the

everyday experience of late communism The figure central to this book is the greengrocer who in a seminal essay by Václav Havel symbolized the ordinary citizen who acquiesced to the communist regime out of fear Bren challenges simplistic dichotomies of fearful acquiescence and courageous dissent to dramatically reconfigure what we know or think we know about everyday life under communism in the 1970s and 1980s Deftly moving between the small screen the street and the Central Committee and imaginatively drawing on a wide range of sources that include television shows TV viewers letters newspapers radio programs the underground press and the Communist Party archives Bren shows how Havel's greengrocer actually experienced normalization and the ways in which popular television serials framed this experience Now back by popular demand socialist era serials such as *The Woman Behind the Counter* and *The Thirty Adventures of Major Zeman* provide Bren contends a way of seeing literally and figuratively Czechoslovakia's normalization and Eastern Europe's real socialism

Nationalism in Modern Europe Derek Hastings, 2023-01-12 Derek Hastings's *Nationalism in Modern Europe* is the essential guide to a potent political and cultural phenomenon that featured prominently across the modern era With firm grounding in transnational and global contexts the book traces the story of nationalism in Europe from the French Revolution to the present Hastings reflects on various nationalist ideas and movements across Europe and always with a keen appreciation of other prevalent signifiers of belonging such as religion race class and gender which helps to inform and strengthen the analysis The text shines a light on key historiographical trends and debates and includes 20 images 14 maps and a range of primary source excerpts which can serve to sharpen vital analytical skills which are crucial to the subject New content and features for the second edition include A chapter examining region religion class and gender as alternative markers of identity throughout the 19th century An enhanced global dimension that covers transnational fascism and non-European comparatives Additional primary source excerpts and figures Historiographical updates throughout which account for recent research in the field

The Prague Spring and Its Aftermath Kieran Williams, 1997-09-08 The Prague Spring of 1968 was among the most important episodes in post war European politics In this book Kieran Williams analyses the attempt at reform socialism under Alexander Dubcek using materials and sources which have become available in the wake of the 1989 revolution Drawing on declassified documents from party archives the author readdresses important questions surrounding the Prague Spring Why did liberalization occur What was it intended to achieve Why did the Soviet Union intervene with force What was the political outcome of the invasion What part did the reformers play in ending the experiment in reform socialism What was the role of the security police under Dubcek The book will provide new information for specialists as well as introductory analysis and narrative for students of East European politics and history and Soviet foreign policy

Nonviolent Action Ronald M. McCarthy, Gene Sharp, Brad Bennett, 2013-07-04 This comprehensive guide to research sources and theories about nonviolent action as a technique of struggle in social and political conflicts discusses the methods and techniques used by groups in various encounters Although violence and its causes have received a great deal of

attention nonviolent action has not received its due as an international phenomenon with a long history An introduction that explains the theories and research used in the study provides a practical guide to this essential bibliography of English language sources The first part of the book covers case study materials divided by region and subdivided by country Within each country materials are arranged chronologically and topically The second major part examines the methods and theory of nonviolent action principled nonviolence and several closely related areas in social science such as conflict analysis and social movements The book is indexed by author and subject *Economies of Eastern Europe in a Time of Change* Adam Zwass, 2016-07-08 The development and use of the atomic bombs at Hiroshima and Nagasaki number among the formative national experiences for both Japanese and Americans as well as for 20th century Japan US relations This volume explores the way in which the bomb has shaped the self image of both peoples *A History of Slovakia* Stanislav J. Kirschbaum, 2016-05-10 This classic book offers the most comprehensive and up to date history of Slovakia from its establishment on the Danubian Plain to the present While paying tribute to Slovakia's resilience and struggle for survival it describes contributions to European civilization in the Middle Ages the development of Slovak consciousness in response to Magyarization its struggle for autonomy in Czechoslovakia after the Treaty of Versailles its resistance as the first Slovak Republic to a Nazi controlled Europe its reaction to Communism and the path that led to the creation of the second Slovak Republic Now fully updated to the present day the book examines the vagaries of Slovak post Communist politics that led to Slovakia's membership in NATO and the European Union International Bibliography of Social Science International Committee for Social Science Information and Documentation, 1984-03-15 First published in 1984 Routledge is an imprint of Taylor Francis an informa company The Sword and the Shield Christopher Andrew, 2000-08-29 The Sword and the Shield is based on one of the most extraordinary intelligence coups of recent times a secret archive of top level KGB documents smuggled out of the Soviet Union which the FBI has described after close examination as the most complete and extensive intelligence ever received from any source Its presence in the West represents a catastrophic hemorrhage of the KGB's secrets and reveals for the first time the full extent of its worldwide network Vasili Mitrokhin a secret dissident who worked in the KGB archive smuggled out copies of its most highly classified files every day for twelve years In 1992 a U S ally succeeded in exfiltrating the KGB officer and his entire archive out of Moscow The archive covers the entire period from the Bolshevik Revolution to the 1980s and includes revelations concerning almost every country in the world But the KGB's main target of course was the United States Though there is top secret material on almost every country in the world the United States is at the top of the list As well as containing many fascinating revelations this is a major contribution to the secret history of the twentieth century Among the topics and revelations explored are The KGB's covert operations in the United States and throughout the West some of which remain dangerous today KGB files on Oswald and the JFK assassination that Boris Yeltsin almost certainly has no intention of showing President Clinton The KGB's attempts to discredit civil rights

leader in the 1960s including its infiltration of the inner circle of a key leader The KGB s use of radio intercept posts in New York and Washington D C in the 1970s to intercept high level U S government communications The KGB s attempts to steal technological secrets from major U S aerospace and technology corporations KGB covert operations against former President Ronald Reagan which began five years before he became president KGB spies who successfully posed as U S citizens under a series of ingenious disguises including several who attained access to the upper echelons of New York society

Imperialism and Theatre J. Ellen Gainor, 2003-09-02 Imperialism is a transnational and transhistorical phenomenon it occurs neither in limited areas nor at one specific moment In cultures from across the world theatrical performance has long been a site for both the representation and support of imperialism and resistance and rebellion against it Imperialism and Theatre is a groundbreaking collection which explores the questions of why and how the theatre was selected within imperial cultures for the representation of the concerns of both the colonizers and the colonized Gathering together fifteen noted scholars and theatre practitioners this collection spans global and historical boundaries and presents a uniquely comprehensive study of post colonial drama The essays engage in current theoretical issues while shifting the focus from the printed text to theatre as a cultural formation and locus of political force A compelling and extremely timely work Imperialism and Theatre reveals fascinating new dimensions to the post colonial debate Contributors Nora Alter Sudipto Chatterjee Mary Karen Dahl Alan Filewood Donald H Frischmann Rhonda Garelick Helen Gilbert Michael Hays Loren Kruger Josephine Lee Robert Eric Livingston Julie S Peters Michael Quinn Edward Said Elaine Savory
