Football Colour S:

International Football Kits (True Colours) John Devlin, 2018-05-17 International Football Kits True Colours charts the evolving football strip design of the world's leading national football teams from 1966 to the present day. Guaranteed to bring back memories of your favourite team's kits and help you discover new ones, this ground-breaking book features strips that made it to the greatest stage in football, the FIFA World Cup, as well as rare designs that were never worn. John Devlin, the authority on football kits, analyses and evaluates the home, away, and third kit designs of the top football playing nations, detailing when the strip was worn, who wore it, and the important matches in which it featured. This carefully curated collection features more than 1,300 never-before-published artworks and describes the changing styles, varied manufacturers, and remarkable controversies of international football fashion over the last 50 years.

Female Football Spectators in Britain 1863-1939 Robert Lewis, 2023-05-30 This book analyses women as spectators at men's association football (soccer) in Britain from 1863 to 1939. The author shows that women have always been present at men's football in Britain, a fact not always acknowledged in modern popular accounts of the game, albeit as a small minority in overall attendances. Some women have always been authentic fans of football, both knowledgeable and enthusiastic in their support, and this book will demonstrate that.

Encyclopedia of British Football Richard Cox, Dave Russell, Wray Vamplew, 2020-07-24 This reference work aims to provide sports enthusiasts, journalists, librarians, students, and scholars with an authoritative source of information on a comprehensive range of subjects covering the history and organization of football in Britain. Over 250 entries focus on key organisations or individuals, famous clubs, major competitions, events, venues, and incidents, institutions, and organisations, as well as key issues such as gender, racism, commercialization, professionalism, and drugs, alcohol, and football.

Chispas Rosa María Martín, 2005 A primary Spanish course for children that fosters active communication through the teaching of everyday vocabulary and structures.

Race, Ethnicity and Football Daniel Burdsey, 2012-01-25 As the first edited collection dedicated specifically to race, ethnicity, and British football, this book brings together a range of academics, comprising both established commentators and up-and-coming voices. Combining theoretical and empirical contributions, the volume addresses a wide variety of topics, such as the experiences of Muslims, the recruitment of African players, devolution, and national identities; case studies of minority ethnic clubs, mixed-race players, multiculturalism, and anti-racism; sectarianism, education, and covering the amateur and professional spheres, and focusing on both players and supporters, the book elucidates the linkages between race, ethnicity, gender, and masculinity.
