For Community Service Mary Saran, 1974-01-01 **Israeli Development Aid to Sub-Saharan Africa** Karolina Zielińska, 2021-03-01 This book deals with Israeli development aid to Sub Saharan Africa countries as a part of Israeli foreign policy The analysis is framed by the concept of soft power an assumption that development cooperation increases attractiveness of the donor and contributes to constructive bilateral and multilateral relations Israel is a particular case of a donor as it concentrates on technical aid and its aid is motivated by a particular set of ideological and pragmatic motives Covering the period since the 1950s till today the book analyses particular Israeli resources relevant for African development and the system and contents of Israeli development aid with a particular focus on a new phenomenon of the engagement of businesses and NGOs Zielińska explores the geopolitical context of Israeli aid for Sub Saharan countries and the recipients perception of Israeli aid asking if and how these attitudes influence the recipients behaviour towards Israel within their bilateral relations as well as on multilateral forums Contributing to the knowledge of development diplomacy as a form of expression of soft power and as a tool of foreign policy it will be of interest to international relations students and faculty as well as to other people professionally dealing with Israeli foreign policies **Socialist Vanguard News Letter Service.
