Dougherty,1990 Students considered at risk are defined as students who lack a sense of identity personal connectedness and personal power Another characteristic of at risk students is the role parents play or fail to play in the at risk behavior A case is made for all students being at risk at some point in their lives Four programs were designed and implemented to help at risk and marginal students at one junior high school The four programs include the OK Club the Quest for Success Skills Program the I CANN Individualized Course Alternative Now or Never and the Student Assistance Council The OK Club is designed to build self esteem and to provide after school support and requires a strong parental component The Quest for Success Skills Program is a transition program which prepares at risk sixth graders for junior high school The I CANN Program provides counseling development of self esteem and a hands on curriculum It also has a strong parental component

The Student Assistance Council involves a staff team that assesses the needs of at risk students and recommends actions to address those needs. A successful program must begin with an attitude of caring. This caring attitude must be reflected by the total school staff toward every student and his or her family. ABL **Youth at Risk** David Capuzzi, Douglas R.

Gross, 2014-11-21 In the latest edition of this best selling text David Capuzzi and Douglas Gross along with 24 experts in the field provide a prevention intervention paradigm to address contemporary issues facing today's youth. Written from a systemic perspective this book offers guidance in helping teens who are struggling with the complex challenges that can be brought on by peers, family members and difficult social environments. Part 1 presents information on at risk population identification, causal factors of problematic behaviors and promotion of resiliency in youth. Part 2 examines the development of at risk behaviors relating to dysfunctional family dynamics, low self-esteem, depression, mood disorders and stress and trauma. Part 3 explores the behaviors most often identified as placing youth at risk such as eating disorders, suicidal preoccupation, teen sexuality, gang membership, school violence, substance abuse, homelessness, school dropout and bullying as well as the unique strengths of and stressors faced by multiracial and LGBTQ youth. Case studies illustrate prevention efforts from individual, family, school and community perspectives and text sidebars create greater reader self-awareness and enhance the understanding of the concepts, skills and applications of the chapter material. *Psychoeducational Predictors, Outcomes, and Prevention* Touloupis, Thanos, Sofos, Alivisou (Loisos), Vasiou, Aikaterini, 2025-02-07 As students continue to engage in online environments for education, social interaction and entertainment, understanding online risk behaviors becomes essential for promoting digital safety and well-being. Psychoeducational predictors such as personality traits, mental health status and digital literacy play a significant role in shaping students' online activities and vulnerability to risks like cyberbullying, identity theft and exposure to inappropriate content. The outcomes of these behaviors can have lasting effects on both academic performance and personal development. By identifying these predictors and understanding their impacts, educators, parents and policymakers can develop targeted prevention strategies to give students the skills and knowledge to navigate the digital world. *Students Online Risk Behaviors: Psychoeducational Predictors, Outcomes and Prevention* explores the determinants and outcomes of online risk behaviors among school and university students to explain if and how different factors can influence or be influenced by students' online risk behaviors in different developmental periods. It also focuses on prevention programs and actions aimed to promote a safe online culture both in the school and university community. This book covers topics such as internet technology, online behavior and risk management and is a useful resource for educators, psychologists, computer engineers, scientists
