**Problem?** Tim Urban,2023-02-21 From the creator of the wildly popular blog Wait But Why a fun and fascinating deep dive into what the hell is going on in our strange unprecedented modern times Between 2013 and 2016 Tim Urban became one of the world s most popular bloggers writing dozens of viral long form articles about everything from AI to colonizing Mars to procrastination Then he turned his attention to a new topic the society around him Why was everything such a mess Why was everyone acting like such a baby When did things get so tribal Why do humans do this stuff This massive topic sent Tim tumbling down his deepest rabbit hole yet through mountains of history evolutionary psychology political theory neuroscience and modern day political movements as he tried to figure out the answer to a simple question What s our problem Six years later he emerged from the hole holding this book What s Our Problem is a deep and expansive analysis of our modern times in the classic style of Wait But Why packed with original concepts sticky metaphors and 300 drawings The book provides an entirely new framework and language for thinking and talking about today s complex world Instead of focusing on the usual left center right horizontal political axis which is all about what we think the book introduces a vertical axis that explores how we think as individuals and as groups Readers will find themselves on a delightful and fascinating journey that will ultimately change the way they see the world around them Anyway he wanted to say a lot more about all of this but there was a word limit on this book description so just go read the book      *Korean Nationalism Betrayed* Joong-Seok

Seo,2007-11-01 Written by Joong Seok Seo an eminent Korean historian and a thinker of rare originality this book examines the tumultuous history of modern Korea from the perspective of nationalism Based on the author s extensive research and wide ranging experience the book goes to the heart of critical questioning about the political uses and abuses of nationalism by the ruling elites of post liberation Korea Indeed Korean Nationalism Betrayed fills a yawning gap in the Western understanding of the authoritarian political structure of South Korea 1948 1988 that manipulated and distorted nationalism by identifying it with ultra right anti communism The author provides a set of thought provoking and compelling arguments against the assumptions of the Cold War attributing the continued climate of tension and antagonism between the two Koreas to the tenacity of a Cold War mind set He traces the root of the tragedy of national division to the failure of Korean nationalism and puts forward a compelling case for overcoming the legacy of polarized ideological stance based on Cold War ideology and embracing a policy of reconciliation and cooperation by both sides      **Emerging Adulthood in Hong Kong**

Chau-kiu Cheung,2017-09-22 How emerging adults broadly referring to those aged from 18 to 29 years old fare in civic engagement as compared with other adults is the focus of the present work The work takes civic engagement to comprise prosociality in civil society sustaining social institutions and challenging institutions Delineating a theoretical framework based on voluntaristic theory the work expects to find differences in civic engagement due to the voluntaristic mechanisms of

power realization utilitarian optimization normative conformity and idealistic consistency maintenance in the emerging adult as compared with the other Using survey data from 25 878 Chinese adults in Hong Kong the work illustrates that the emerging adult is higher than is the other in challenging social institutions notably in terms radicalism and occupying protest Moreover the emerging adult is less prosocial in terms in community participation Meanwhile the emerging adult is not consistently different from the other in sustaining social institutions The findings are crucial given the control various background characteristics including age education marriage and employment These findings are therefore useful for illustrating social forces postulated in voluntaristic theory for explaining civic engagement
