

EYE-WITNESS IDENTIFICATION IN CRIMINAL CASES

*Third

PATRICK M. WALL
New York City

With a Foreword by
STEPHEN P. KENNEDY
New York City

Showing . . .

POLICE OFFICERS . . . how to conduct an identification procedure that is reliable and not subject to attack at trial

DEFENSE LAWYERS . . . how to spot defects in identification procedure

Conviction of the innocent is more often caused by erroneous identification than by any other single factor. Yet juries are usually unaware of the danger of this type of evidence . . . police often employ identification procedures which create or increase this danger . . . and courts frequently ignore the danger and tolerate these police procedures.

No other book now in print covers the identification problem in such depth as does the present study by Mr. Wall.
