**Through the Eye of the Whale** Jana Mitzoda, 2021-07-07 Life can be a conscious voyage on the sea of dreams surfing the waves of love This book is a response to the calling of my soul who longed to tell her story which might inspire people to open up to live their story according to their own inner wisdom Our soul keeps us constantly connected to the Source and you might already have your preferred way of communicating with it Whether through prayer meditation dreaming or by listening to intuition body awareness breath flow the language of nature or the magic of synchronicity everyone has access to their guidance within We all carry a unique gift we have come here to develop and that makes each being an original work of art While we live we are fully responsible for our mental physical emotional and spiritual condition We were born into a specific body and background potentially aware of how on a deeper level everything is interconnected at the level of body soul humanity our planet and the universe at large Creating this book has become a three year journey of healing self acceptance and increasing awareness of the uniqueness of my own journey Where is the place on Earth where I am supposed to be I asked myself a few years ago During that time my natural desire to grow my awareness on the path to mastery in being myself attracted many kindred spirits who whom we support each other We enjoy being and living this mystery together The dream of our soul holds the idea of what it wants to experience and create for ages and across lifetimes The task of our human self is to open up to this big dream of the soul and allow it to reconcile anything that is not aligned with this great soul s intent in our current life Each of us moves within the flow of life as an endless experiment Collectively we are on Earth in the middle of a war for our consciousness and energy The only way out of the chaos is through higher vibrational states of being such as love peace and joy It all starts with our thoughts emotions words and actions Let s not wait for any savior to tell us what to do Instead let s turn inward To the truth about the light of the Source which is our essence Let s anchor in the awareness that we are love and thus allow our body to radiate it in the form of light outside of us A few years ago I had a dream in which I was presented with a list of values that will be fundamental on Earth in the future I missed humanity among them Our soul heart empathy and humanness these qualities are now needed more than ever before As the old structures of the outside world fall apart and we are seemingly constrained by restrictions we are presented a life chance to immerse ourselves inside and by consciously sailing the endless sea of dreams on the waves of love to return to our

essence which is crystal clear love Only when we harmonize within may the outside world change The game we play here therefore begins and ends inside each of us

*States George Brown Goode, 1887*      *Moby Dick* Herman Melville, 1929 *Moby Dick* or *The Whale* is a novel by Herman Melville in which Ishmael narrates the monomaniacal quest of Ahab captain of the whaler *Pequod* for revenge on the albino sperm whale *Moby Dick* which on a previous voyage destroyed Ahab's ship and severed his leg at the knee. Although the novel was a commercial failure and out of print at the time of the author's death in 1891, its reputation grew immensely during the twentieth century. D. H. Lawrence called it one of the strangest and most wonderful books in the world and the greatest book of the sea ever written. *Moby Dick* is considered a Great American Novel and an outstanding work of the Romantic period in America and the American Renaissance. Call me Ishmael is one of world literature's most famous opening sentences. The product of a year and a half of writing, the book is dedicated to Nathaniel Hawthorne in token of my admiration for his genius and draws on Melville's experience at sea, on his reading in whaling literature, and on literary inspirations such as Shakespeare and the Bible. The detailed and realistic descriptions of whale hunting and of extracting whale oil, as well as life aboard ship among a culturally diverse crew, are mixed with exploration of class and social status, good and evil, and the existence of God. In addition to narrative prose, Melville uses styles and literary devices ranging from songs, poetry, and catalogs to Shakespearean stage directions, soliloquies, and asides. The author changed the title at the very last moment in September 1851. The work first appeared as *The Whale* in London in October 1851 and then under its definitive title *Moby Dick* in New York in November. The whale, however, appears in both the London and New York editions as *Moby Dick* with no hyphen. The British edition of five hundred copies was not reprinted during the author's life; the American of almost three thousand was reprinted three times at approximately 250 copies the last reprinting in 1871. These figures are exaggerated because three hundred copies were destroyed in a fire at Harper's; only 3,200 copies were actually sold during the author's life.

**The Whale's Call** Bart McCarthy, 2010-07-16 The discovery of a beached whale leads young Corey Blake to an incredible voyage into an underwater universe of adventure, discovery, and transformation. Corey and her younger brother Alexander miraculously inhabit the bodies of two Gray Whales and travel to a mysterious congregation of cetaceans intent on changing the course of human and planetary destiny. We are introduced to a host of whale communities and personalities from the comic to the mystical, who are all the while being threatened by nefarious government agents. **Eye of the Whale** Mike Graf, 2013      **Whales of the World** Spencer Wilkie Tinker, 1988-01-01      **News Service Bulletin**, 1929
