*Expressions of Identity* Kevin Hetherington, 1998-10-29 This innovative book sets out to question what we understand by the term new social movements By examining a range of issues associated with identity politics and alternative lifestyles the author challenges those who treat new social movements as instances of wider social change while often ignoring their more local and dispersed importance This book questions what it means to adopt an identity that is organised around issues of expressivism and offers a series of non reductionist ways of looking at identity politics Hetherington analyzes expressive identities through issues of performance spaces of identity and the occasion This important work shows how the significance of identity politics are at once lo

*Expressions of Identity* Dr Kevin Hetherington, 1998-09-14 This innovative book sets out to question what we understand by the term new social movements By examining a range of issues associated with identity politics and alternative lifestyles the author challenges those who treat new social movements as instances of wider social change while often ignoring their more local and dispersed importance This book questions what it means to adopt an identity that is organised around issues of expressivism and offers a series of non reductionist ways of looking at identity politics Hetherington analyzes expressive identities through issues of performance spaces of identity and the occasion This important work shows how the significance of identity politics are at once local plural situated and topologically complex

*Social Geographies* Ruth Panelli, 2004-01-31 How do we describe ourselves Where have we do we will we live our lives Why are the differences between people a source of tension How can social change occur Social geography can assist in addressing these questions It provides ways of understanding and living in our contemporary world Providing students with the resources to understand both the theoretical and empirical approaches social geographers take when investigating social difference this text outlines key theoretical approaches and traces the core geographies of difference class gender race ethnicity and sexuality It concludes by showing how geographers work across these ideas of difference to understand questions of identity power and action Using illustrative examples from around the world *Social Geographies* includes Individual chapters on the main theoretical approaches to difference Individual chapters on the key concepts of identity power and action Reviews of the core literature with suggestions for further reading Biographies of key contemporary social geographers Glossary of key terms For students beginning human geography courses or in social geography modules this book is the essential primer

*Experiencing National Culture Abroad* Burcu Dabak Özdemir, 2024-11-06 Immigrant film festivals are multifaceted events where complex networks of identities and symbolic values are constructed circulated and debated through various channels including program screenings ancillary events press releases financial backing and audience engagement As such immigrant film festivals can be seen as discourse producing practices Based on this idea this book offers a comprehensive study of three prominent Turkish film festivals in Germany the International Frankfurt Turkish Film Festival the Nuremberg Turkey Germany Film Festival and the Munich Turkish Film Days The overarching objective is

to comprehend the multifaceted influence of these festivals on the construction of discourses on Turkish immigrant identity while also seeking to illuminate how these festivals reshape both the host country and the country of origin and produce ideas for Turkish immigrants This is achieved through an examination of the diverse representation strategies engendered by these festivals By employing a multifaceted research approach including content analysis audience studies semi structured interviews with festival managers and participant observation this study seeks to provide a nuanced understanding of the complex interplay between immigrant film festivals cultural identity formation and the socio political dynamics within both the host and origin countries Through rigorous scholarly inquiry it aims to contribute to academic discourse on the role of film festivals in shaping cultural narratives fostering intercultural dialogue and facilitating processes of integration and belonging within immigrant communities

**Tourism and Visual Culture Theories and concepts** Peter M. Burns,Cathy Palmer,Jo-Anne Lester,2010 Tourism is an essentially visual experience we leave our homes so as to travel to see places thus adding to our personal knowledge about and experience of the world The study of tourism as a complex social phenomenon beyond simply business is increasing in importance and by providing an examination of perceptions of culture and society in tourism destinations through the tourist s eyes this book discusses how destinations were and are created and perceived through the lens of the tourist s gaze It is essential reading for researchers and students in tourism and related subjects

Youth Culture and Private Space S. Lincoln,2012-06-26 Si n Lincoln considers the use role and significance of private spaces in the lives of young people Drawing on extensive ethnographic research she explores the place of the private in youth cultural discourses both historically and contemporarily that until now have remained largely absent in youth cultural research

Football Culture Gerry Finn,Richard Giulianotti,2013-01-11 These essays provide a critical investigation of football cultures examining local and national impacts of the game s new millennial order over five continents

The Cultural Politics of Lifestyle Sports Belinda Wheaton,2013-07-23 Drawing on a series of in depth empirical case studies this book offers a re evaluation of theoretical frameworks with which lifestyle sports have been understood and focuses on aspects of their cultural politics that have received little attention particularly the racialization of lifestyle sporting spaces Casting new light on the significance of sport and sporting subcultures within contemporary society this book is essential reading for students or researcher working in the sociology of sport leisure studies or cultural studies

*Queer Spiritual Spaces* Kath Browne,Sally R. Munt,Andrew Kam-Tuck Yip,2016-05-23 Drawn from extensive new and rich empirical research across the UK Canada and USA *Queer Spiritual Spaces* investigates the contemporary socio cultural practices of belief by those who have historically been and continue to be excluded or derided by mainstream religions and alternative spiritualities As the first monograph to be directly informed by queer subjectivities whilst dealing with divergent spiritualities on an international scale this book explores the recently emerging innovative spaces and integrative practices of queer spiritualities Its breadth of coverage and keen critical engagement mean it will serve as a theoretically fertile comprehensive

entry point for any scholar wishing to explore the queer spiritual spaces of the twenty first century      **Spatial Boundaries, Abounding Spaces** Mohit Chandna, 2021-06-30 Colonialism advanced its project of territorial expansion by changing the very meaning of borders and space The colonial project scripted a unipolar spatial discourse that saw the colonies as an extension of European borders In his monograph Mohit Chandna engages with narrations of spatial conflicts in French and Francophone literature and film from the nineteenth to the early twenty first century In literary works by Jules Verne Ananda Devi and Patrick Chamoiseau and film by Michael Haneke Chandna analyzes the depiction of ever changing borders and spatial grammar within the colonial project In so doing he also examines the ongoing resistance to the spatial legacies of colonial practices that act as omnipresent enforcers of colonial borders Literature and film become sites that register colonial spatial paradigms and advance competing narratives that fracture the dominance of these borders Through its analyses **Spatial Boundaries Abounding Spaces** shows that colonialism is not a finished project relegated to our past Colonialism is present in the here and now and exercises its power through the borders that define us      **Constitutional Mythologies** Alain Marciano, 2011-08-02 Our societies obviously rest on common beliefs These myths are tools that help us to develop and build common identities they form the structure around which societies function This does not imply that these beliefs are true in the sense that they would be supported by empirical facts In social matters myths have undoubtedly important functions to play even if no empirical facts support them On the other hand and precisely because they are not discussed myths may be problematic they may create illusions conserve structures that are inefficient and unable to improve the situation of citizens This is particularly true with constitutions Constitutions are very important for societies a constitution is a document even in societies based on unwritten constitutions which binds citizens together creating unity among them and which forms the framework within which our activities take place As Nobel Prize laureate James Buchanan used to say constitutions contain the rules of the social game we play in our everyday life However constitutions are not frequently debated by citizens This is why we end up with common beliefs about these constitutions they are above our heads around us We take them their role function and nature as given The purpose of this volume to investigate and challenge common constitutional myths Featuring contributions from prominent economists political scientists and legal scholars the chapters in this volume address such myths as constitutions are binding social contracts constitutions are economic documents and constitutions are legal documents Illustrating their analyses with historical and contemporary examples from the United States Canada and Europe the authors build a multi layered approach to understanding constitutions and their implications for social and political influence      **The Identity Dilemma** Aidan McGarry, James Jasper, 2015-06-19 Collective identities are politically necessary or at least useful as banners for recruiting others and engaging opponents and the state However not every member fits or accepts the label in the same way or to the same degree The Identity Dilemma provides eight diverse case studies of social movements to show the benefits risks and tradeoffs when a group develops a strong sense of

collective identity The editors and contributors to this pathbreaking volume examine how collective identities can provide powerful advantages but also generate conflicts The various chapters help to develop our understanding of collective identity from how strategic identities are developed for protest groups to how stigmatized groups negotiate identity dilemmas Ultimately The Identity Dilemma contributes a new strategic approach to understanding social movements that highlights the choices and tensions that groups inevitably face in articulating their ideas and interests Contributors include Marian Barnes Cristina Flesher Fominaya Umut Korkut Elzbieta Korolczuk John Nagle Clare Saunders Neil Stammers Marisa Tramontano Huub Van Baar and the editors

*American Heathens* Jennifer Snook, 2015-06-12 *American Heathens* is the first in depth ethnographic study about the largely misunderstood practice of American Heathenry Germanic Paganism Jennifer Snook who has been Pagan since her early teens and a Heathen since eighteen traces the development and trajectory of Heathenry as a new religious movement in America one in which all identities are political and all politics matter Snook explores the complexities of pagan reconstruction and racial ethnic and gender identity in today's divisive political climate She considers the impact of social media on Heathen collectivities and offers a glimpse of the world of Heathen meanings rituals and philosophy In *American Heathens* Snook presents the stories and perspectives of modern practitioners in engaging detail She treats Heathens as members of a religious movement rather than simply a subculture reenacting myths and stories of enchantment Her book shrewdly addresses how people construct ethnicity in a reconstructionist historically minded faith system with no central authority

**Victor Turner and Contemporary Cultural Performance** Graham St John, 2008-04-01 Upon the 25th anniversary of his passing this collection addresses the wide application of Victor Turner's thought to cultural performance in the early 21st century From anthropology sociology and religious studies to performance cultural and media studies Turner's ideas have had a prodigious interdisciplinary impact Examining his relevance in studies of performance and popular culture media and religion along with the role of Edith Turner in the Turnerian project contributors explore how these ideas have been re-engaged renovated and repurposed in studies of contemporary cultural performance

*Identity and Capitalism* Marie Moran, 2014-11-13 This is a splendid book that dispels myths about identity and presents a cultural materialist case for the study of such keywords and their preoccupations under the hegemony of neoliberal capitalism Professor Jim McGuigan Loughborough University *Identity* particularly as it is elaborated in the associated categories of personal and social identity is a relatively novel concept in western thought politics and culture The explosion of interest in the notion of identity across popular political and academic domains of practice since the 1960s does not represent the simple popularisation of an older term as is widely assumed but rather the invention of an idea *Identity and Capitalism* explores the emergence and evolution of the idea of identity in the cultural political and social contexts of contemporary capitalist societies Against the common supposition that identity always mattered this book shows that what we now think of routinely as personal identity actually only emerged with the explosion of consumption in the late twentieth

century It also makes the case that what we now think of as different social and political identities only came to be framed as such with the emergence of identity politics and new social movements in the political landscapes of capitalist societies in the 60s and 70s Marie Moran provides an important new exploration of the articulation of the idea of identity to the social logic of capitalism from the organised capitalism of the mid twentieth century up to and including the neoliberal capitalism that prevails today Drawing on the work of Raymond Williams the cultural materialist approach developed here provides an original means of addressing the political debates about the value of identity in contemporary capitalist societies *Tourism and Social Change in Post-Socialist Zanzibar* Akbar Keshodkar,2013-10-22 Notions of ustaarabu a word expressing civilization and questions of identities in Zanzibar have historically been shaped by the development of Islam and association with littoral societies around the Indian Ocean The 1964 Revolution marked a break in that history and imposed new notions of African civilization and belonging in Zanzibar The revolutionary state subsequently introduced tourism and the market economy to maintain its hegemony over Zanzibar In light of these developments and with locals facing growing socio economic marginalization and political uncertainty *Tourism and Social Change in Post Socialist Zanzibar* Struggles for Identity Movement and Civilization examines how Zanzibaris are struggling to move through the local landscape in the post socialist era and articulate their ideas of belonging in Zanzibar This book further investigates how movements of Zanzibaris within the emerging and contending social discourses are reconstituting meanings for conceptualizing ustaarabu to define their roots in Zanzibar **Routledge Handbook of Youth Sport** Ken Green,Andy Smith,2016-01-08 The Routledge Handbook of Youth Sport is a comprehensive survey of the latest research into young people s involvement in sport Drawing on a wide diversity of disciplines including sociology psychology policy studies coaching physical education and physiology the book examines the importance of sport during a key transitional period of our lives from the later teenage years into the early twenties and therefore helps us develop a better understanding of the social construction of young people s lives The book covers youth sport in all its forms from competitive game contests and conventional sport to recreational activities exercise and lifestyle sport and at all levels from elite competition to leisure time activities and school physical education It explores youth sport across the world in developing and developed countries and touches on some of the most significant themes and issues in contemporary sport studies including physical activity and health lifelong participation talent identification and development and safeguarding and abuse No other book brings together in one place such a breadth and depth of material on youth sport or the engagement of young people in physical activity The Routledge Handbook of Youth Sport is therefore important reading for all advanced students researchers practitioners and policy makers with an interest in youth sport youth culture sport studies or physical education Cultures of Post-War British Fascism Nigel Copsey,John E. Richardson,2015-04-10 In Post War Britain cultural interventions were a feature of fascist parties and movements just as they were in Europe This book makes a new major contribution to existing scholarship which begins to discuss British

fascism as a cultural phenomenon A collection of essays from leading academics this book uncovers how a cultural struggle lay at the heart of the hegemonic projects of all varieties of British fascism Such a cultural struggle is enacted and reflected in the text and talk music and literature of British fascism Where other published works have examined the cultural visions of British fascism during the inter war period this book is the first to dedicate itself to detailed critical analysis of the post war cultural landscapes of British fascism Through discussions of cultural phenomena such as folk music fashion and neo nazi fiction among others Cultures of Post War British Fascism builds a picture of Post War Britain which emphasises the importance of understanding these politics with reference to their corresponding cultural output This book is essential reading for undergraduates and postgraduates studying far right politics and British history *Identity Discourses and Communities in International Events, Festivals and Spectacles* Udo Merkel, 2015-02-10 This collection focuses on the multi layered links between international events and identity discourses With a unique line up of international scholars this book offers a diverse range of exciting case studies including sports competitions music festivals exhibitions fashion shows and royal celebrations Understanding Muslim Identity G. Marranci, 2009-01-15 In this timely book Marranci critically surveys the available theories on Islamic fundamentalism and extremism Rejecting essentialism and cultural reductionism the book suggests that identity and emotion play an essential role in the phenomenon that has been called fundamentalism
