Extraordinary Woman Selected Writings Of Madame De Stael:

An Extraordinary Woman Germaine de Staël, 1987-08-18 *An Extraordinary Woman* Germaine de Staël, George Sand, and the Victorian Woman Artist Linda M. Lewis, 2003 By examining literary portraits of the woman as artist Linda M. Lewis traces the matrilineal inheritance of four Victorian novelists and poets George Eliot Elizabeth Barrett Browning Geraldine Jewsbury and Mrs Humphry Ward She argues that while the male Romantic artist saw himself as god and hero the woman of genius lacked a guiding myth until Germaine de Stael and George Sand created one The protagonists of Stael's Corinne and Sand's Consuelo combine attributes of the goddess Athena the Virgin Mary Virgil's Sibyl and Dante's Beatrice Lewis illustrates how the resulting Corinne Consuelo effect is exhibited in scores of English artist as heroine narratives particularly in the works of these four prominent writers who most consciously and elaborately allude to the French literary matriarchs Exploring a connection between French and English literature and providing fresh insight Germaine de Stael George Sand and the Victorian Woman Artist makes a major contribution to our understanding of nineteenth century feminism Jacket

Germaine de Staël in Germany Judith E. Martin, 2011-05-12 Germaine de Staël and German Women Gender and Literary Authority 1800-1850 investigates Staël's significance as an icon of female artistic genius and political engagement for two generations of German women including Caroline A Fischer Caroline Pichler Johanna Schopenhauer Bettina von Arnim Ida Hahn Hahn and Luise M. Hlbbach These authors drew a significant impetus from Staël's exemplary life and writings especially her influential novels of political and artistic heroines Delphine 1802 and Corinne or Italy 1807 referring to them in order to authorize their own discourses on art and politics and to buttress their identity as writers in a period when female authorship generated intense controversy Taking references to Staël and her texts as a starting point opens fresh perspectives on German women's novels while at the same time revealing their authors' participation in the broader European women's literary tradition Whereas several novels from the first decade of the century echo Delphine by uniting domestic fiction with political themes Staël's epoch-making novel of female poetic genius Corinne left a more lasting literary legacy in a tradition of German female artist novels Corinne exemplified the creative woman's dilemma between fame and love and subsequent German novelists explore this conflict while several also emulate Staël's myth-making in Corinne as a strategy for attributing transcendent genius to their heroines Reading for subtexts of female self-expression and development brings to light counter narratives of female creative transcendence often evoked through allusions to mythological figures Martin suggests a revision of German literary history by uncovering a neglected tradition of artist novels positioned between the German Künstlerroman and Staël's newly inaugurated international dialogue on women's role in public culture

Tracing Women's Romanticism Kari E. Lokke, 2004-09-09 This volume argues that the Künstlerroman of Mary Shelley Bettine von Arnim and George Sand offer feminist understandings of history and transcendence that constitute a critique of Romanticism from within
