Eyelevel Fifty Histories:

Eyelevel Christopher Matthews, 2003 These fifty poems explore the primacy of perspective both that of the poetry and those of a diverse array of individuals historical and contemporary Syd Lea wrote in the foreword Here was a writer after my heart one whose command of canonical Anglophone poetry was patent but also one whose use of great traditions especially of the dramatic lyric was sui generis so fresh and virtuosic as to seem all but absolutely new in my experience *Poets & Writers*, 2003 **The History: The fifties and beyond in Milwaukee** Harold Gauer, 1993 **The Smithsonian's History of America in 101 Objects Deluxe** Richard Kurin, 2013-10-29 A magnificent new history of America told through 101 treasures from the Smithsonian's collections The Deluxe Edition features eight videos that go behind the scenes at the Smithsonian for a closer look at some of the book's most important objects hosted by author and curator Richard Kurin The Smithsonian Institution is America's largest and most cherished repository for the objects that define our common heritage Richard Kurin its Under Secretary for History Art and Culture has for decades served as a driving force in the effort of our national museums to tell America's whole story This book is the culmination of a broad effort led by Kurin and involving all the Smithsonian's museums and more than a hundred of its top scholars and curators to select a set of objects that could collectively represent the American experience Strong deliberation honed literally millions of possibilities down to a careful selection of 101 remarkable objects that do justice to the history of our bountiful land and its people That history begins with remains from the earliest years of the pre-Columbian continent and relics of the American Revolution and Civil War It includes the inventions of the industrial revolution artifacts of the Depression World War II and cold war eras icons of pop culture and of the Civil Rights movements as well as the objects that now symbolize the digital age and the first years of the new millennium Each entry pairs the fascinating history of each object with the place it has come to occupy in our national memory Kurin sheds new light on familiar objects like the Star Spangled Banner and Abraham Lincoln's stovepipe hat Dorothy's ruby slippers and Julia Child's kitchen the giant pandas and the space shuttle Discovery including the often astonishing tales of how each made its way into the Smithsonian Other objects like the suffragists Great Demand banner and the Tuskegee flyer will be eye-opening new discoveries for many but no less evocative of the most poignant and important moments of American history Others like Sitting Bull's ledger Cesar Chavez's union jacket and the Enola Gay bomber illustrate difficult chapters in the nation's history Kurin also includes behind-the-scenes insight into controversies arising from their exhibition at the Smithsonian In Kurin's hands these marvelous objects come to vivid life awakening a deep and tactile connection with our nation's history A beautiful treasure in its own right The Smithsonian's History of America in 101 Objects is an incomparable journey through America's collective memory and a celebration of the resilient power of objects to illustrate who we are as a people **A Rebel's History of Mars** Nadia Afifi, 2025-06-10 Rocky Mountain Fiction Writer member's striking new book of time travel and biological science fiction is a thrilling ride Kezza an aerialist in the Martian

Logan,2021-11-01 This book provides a technological history of modern India in particular the Nehruvian development in the context of the Cold War Through a series of case studies about military modernization transportation infrastructure and electric power it examines how the ideals of autarky and technological indigenization conflicted with the economic and political realities of the Cold War world Where other studies tend to focus on the political leaders and economists who oversaw development this book demonstrates how the perspective of the engineers government bureaucrats and aid workers informed and ultimately implemented development *Book Review Index Cumulation* Dana Ferguson,2005-09 Book Review Index provides quick access to reviews of books periodicals books on tape and electronic media representing a wide range of popular academic and professional interests The up to date coverage wide scope and inclusion of citations for both newly published and older materials make Book Review Index an exceptionally useful reference tool More than 600 publications are indexed including journals and national general interest publications and newspapers Book Review Index is available in a three issue subscription covering the current year or as an annual cumulation covering the past year **A Short History of the Girl Next Door** Jared Reck,2018-12-24 Equal parts hilarious and heartbreaking this unrequited love story will appeal to fans of Jennifer Niven John Green and Jesse Andrews Seriously how can you see a person nearly every day of your life and never think a thing of it then all of a sudden one day it s different

You see that goofy grin a thousand times and just laugh But goofy grin 1 001 nearly stops your heart Right That sounds like a bad movie already Matt Wainwright is constantly sabotaged by the overdramatic movie director in his head He can't tell his best friend Tabby how he really feels about her he implodes on the JV basketball team and the only place he feels normal is in Mr Ellis's English class discussing the greatest fart scenes in literature and writing poems about pissed off candy cane lumberjacks If this were a movie everything would work out perfectly Tabby would discover that Matt's madly in love with her he overcome with emotion and fall into his arms Maybe in the rain But that's not how it works Matt watches Tabby get swept away by senior basketball star and all around great guy Liam Branson Losing Tabby to Branson is bad enough but screwing up and losing her as a friend is even worse After a tragic accident Matt finds himself left on the sidelines on the verge of spiraling out of control and losing everything that matters to him From debut author Jared Reck comes a fiercely funny and heart wrenching novel about love longing and what happens when life as you know it changes in an instant This story broke my heart and made me laugh and gave me hope and really what more can you ask of a book than that I loved it and I have a feeling you will too Jennifer E Smith author of Windfall and The Statistical Probability of Love at First Sight In the blink of an eye A Short History of the Girl Next Door goes from hilarious to haunting to harrowing to heartbreaking to hopeful and back Jeff Zentner award winning author of The Serpent King and Goodbye Days Sharp smart and unforgettable Kate Hattemer critically acclaimed author of The Vigilante Poets of Selwyn Academy and The Land of 10 000 Madonnas A powerful novel about first love the intimacy of childhood friendships and moving forward from loss Publishers Weekly Pair this with other novels that explore loss from a male perspective such as Jeff Zentner's Goodbye Days or Adam Silvera's History Is All You Left Me Booklist Reck gives subtlety and depth to Matt so he's believable as a flawed guy negotiating his way through his feelings for Tabby as well as his social status in school his ideas of masculinity and his insecurities The Bulletin Recommend this to readers who enjoyed Steven Levenson's Dear Evan Hansen VOYA
