Special Agent Ty Grady is pretty sure he's about to get fired. His last perp skipped town before he could make an arrest leaving him with a lot of means and precious few ends. When he's called into the boss's office he expects the worst. And he isn't exactly wrong. Chained to a desk in cybercrimes, Special Agent Zane Garrett dots his i's and crosses his t's. He doesn't have much of a choice in the matter; his record can't handle another black mark. When he learns he's getting reassigned, he doesn't miss the ironic pronunciation on promotion. Wherever he's going, it's nowhere good. When they're partnered to solve a series of murders, their chances of success look low. They're fantastic agents, but the case seems more like a punishment than an assignment. They can't stop driving each other crazy, and not just in a bad way. This killer already took out the previous agents assigned to the case, and it's not long before he's on Ty and Zane's trail as well. They'll have to set their frustrations aside before it's too late. This is a limited re-release of the original series without changes. Some aspects of the story are now dated, and an updated version will be published at a later date.
