Barbie Zelizer,2010-12-01 Images of people about to die surface repeatedly in the news particularly around the difficult and  
unsettled events of war political revolution terrorism natural disaster and other crises Their appearance raises questions  
What equips an image to deliver the news how much does the public need to know to make sense of what they see and what  
do these images contribute to historical memory About To Die addresses these questions by using images of imminent death  
as a litmus test for considering news imagery and visual meaning more broadly     Winning Photo Contests Jeanne
