Faber Companion To Foreign Films:

The Faber Companion to Foreign Films Ronald Bergan, Robyn Karney, 1992 **Reel Women** Jane Sloan, 2007-03-26 In the last several decades the number of films featuring female protagonists has increased significantly Many of these films reflect the vast cultural and sociological changes that have taken place since the early 1960s highlighting not only a wide spectrum of female characters depicted onscreen but the creative work of women behind the camera as well In Reel Women An International Directory of Contemporary Feature Films about Women media librarian Jane Sloan has assembled an impressive list of more than 2400 films from nearly 100 countries that feature female protagonists Each entry includes a brief description of the film and cites key artistic personnel particularly female directors producers and screenwriters involved in its production Reel Women also contains a critical survey in which Sloan charts the changes women have undergone both on screen and off as moviemaking and audience sensibilities have evolved in the last forty plus years Listing many more films on the subject of women than can be found in any other source this reference brings together important titles from area studies and genre markets along with titles associated with women's cinema and feminist film In addition to title and actor indexes the book contains a subject index that provides detailed access to place names historical characters time periods and storylines as well as the backgrounds religious racial and ethnic of the main characters This directory is an ideal reference tool for researchers studying the evolution of female characters in films around the world from Afghanistan to Zimbabwe It is also a resource for casual viewers who are looking for films that reflect the diversity of women s roles that can be found in independent and national cinemas as well as commercial blockbusters Youssef Chahine Ibrahim Fawal, 2019-07-25 A discussion of the frequently controversial film maker Youssef Chahine The book aims to illuminate Chahine s work in the context of modern Egyptian culture and its tumultuous post war history and how such films as Cairo Station 1958 The Earth 1959 and The Sparrow 1973 dramatized the dilemmas of ordinary Egyptians He also argues that Chahine's intensely autobiographical trilogy Alexandria Why 1978 An Egyptian Story 1985 and Alexandria More and More 1989 spoke to the concerns of the broader Egyptian intelligentsia amongst whom he has earned the reputation of being the poet and thinker of modern Arab cinema The final analysis of the book argues that Chahine s work stands comparison with directors such as Fellini Bergman Kurosawa or Sembene but also emphatically draws strength from its links with one of the most vibrant popular cinemas of the world and from the roots and traditions of popular Arabic culture The A to Z of **French Cinema** Dayna Oscherwitz, Mary Ellen Higgins, 2009-09-02 It can be argued that cinema was created in France by Louis Lumi re in 1895 with the invention of the cin matographe the first true motion picture camera and projector While there were other cameras and devices invented earlier that were capable of projecting intermittent motion of images the cin matographe was the first device capable of recording and externally projecting images in such a way as to convey motion Early films such as Lumi re s La Sortie de l'usine a minute long film of workers leaving the Lumi re factory captured the

imagination of the nation and quickly inspired the likes of Georges M li s Alice Guy and Charles Path Through the years French cinema has been responsible for producing some of the world's best directors Jean Renoir Jean Luc Godard Fran ois Truffaut and Louis Malle and actors Charles Boyer Catherine Deneuve G rard Depardieu and Audrey Tautou The A to Z of French Cinema covers the history of French film from the silent era to the present in a concise and up to date volume detailing the development of French cinema and major theoretical and cultural issues related to it This is done through a chronology an introduction photographs a bibliography and hundreds of cross referenced dictionary entries on many of the major actors directors films movements producers and studios associated with French cinema Going beyond mere biographical information entries also discuss the impact and significance of each individual film movement or studio included This detailed scholarly analysis of the development of film in France is useful to both the novice and the expert alike Companion to the Action Film James Kendrick, 2019-03-26 An authoritative guide to the action packed film genre With 24 incisive cutting edge contributions from esteemed scholars and critics A Companion to the Action Filmprovides an authoritative and in depth guide to this internationally popular and wide ranging genre As the first major anthology on the action film in more than a decade the volume offers insights into the genre's historical development explores its production techniques and visual poetics and provides reflections on the numerous social cultural and political issues it has and continues to embody A Companion to the Action Film offers original research and critical analysis that examines the iconic characteristics of the genre its visual aesthetics and its narrative traits considers the impact of major directors and stars on the genre's evolution puts the action film in dialogue with various technologies and other forms of media such as graphic novels and television and maps out new avenues of critical study for the future This important resource Offers a definitive guide to the action film Contains insightful contributions from a wide range of international film experts and scholars Reviews the evolution of the genre from the silent era to today s age of digital blockbusters Offers nuanced commentary and analysis of socio cultural issues such as race nationality and gender in action films Written for scholars teachers and students in film studies film theory film history genre studies and popular culture A Companion to the Action Film is an essential guide to one of international cinema s most important popular and influential genres A Companion to Latin American Cinema Maria M. Delgado, Stephen M. Hart, Randal Johnson, 2017-03-14 A Companion to Latin American Cinema offers a wide ranging collection of newly commissioned essays and interviews that explore the ways in which Latin American cinema has established itself on the international film scene in the twenty first century Features contributions from international critics historians and scholars along with interviews with acclaimed Latin American film directors Includes essays on the Latin American film industry as well as the interactions between TV and documentary production with feature film culture Covers several up and coming regions of film activity such as nations in Central America Offers novel insights into Latin American cinema based on new methodologies such as the quantitative approach and essays contributed by practitioners as well as
