Face To Face Against Prejudice:

Jews Against Prejudice Stuart Svonkin, 1997 Recounts how Jewish organizations for fighting antisemitism became leaders against all prejudice *Official Gazette of the United States Patent and Trademark Office*, 2001 Psychological Intergroup Interventions Eran Halperin, Boaz Hameiri, Rebecca Littman, 2023-10-12 This book introduces a comprehensive and integrative collection of psychological intergroup interventions These evidence based interventions are scientifically established and tested in several real world contexts of intergroup animosities and tensions from prejudice and inequality reduction to peace promotion Intergroup hostility violence and discrimination have become more and more prevalent in recent decades To address this challenge recently social scientists have shown an increasing shift from a descriptive to a more interventionist science developing evidence based interventions to improve intergroup relations For the first time this book includes research on intergroup interventions and their applications to the field from a global collection of leading voices in the discipline It also includes a conceptualization of intergroup interventions a typology of different types of interventions as well as a guideline for effective development of intergroup interventions Each chapter focuses on one psychological intergroup intervention further reviewing a sample of relevant platforms such as education entertainment and VR upon which psychological intergroup interventions can be implemented With each chapter featuring both intervention research and practical advice for practitioners this is the ideal companion for researchers and professionals in social psychology sociology politics peace studies and conflict resolution It will also be of interest to practitioners looking for practical advice to create an impact in the real world Political Communication Mirko A. Demasi, Shani Burke, Cristian Tileagă, 2021-02-04 This book explores discursive psychological empirical research in the context of political communication Drawing together a well established field of study and a variety of discursive psychology approaches the authors confront the theoretical and practical challenges that discursive psychology and political communication studies face today Using a diverse range of approaches including the analysis of TV shows cartoons social media groups and blogs face to face verbal interaction political rhetoric and mainstream news reports the authors explain the ways in which discursive psychology can offer insight into the nature of contemporary political communications The book offers timely and international reflections on the context of online political communication Brexit rhetoric prejudice discourse and political persuasion showcasing the analytical acumen and empirical insight that can be gleaned from discursive psychology methods Political Communication Discursive Perspectives highlights the value of contributions from outside English speaking academia and is essential reading for academics researchers and students interested in political communication or discursive psychology The Psychology of Prejudice Todd D. Nelson, Michael A. Olson, 2024-01-03 In this book we examine the past and present research and theory on the motivations the why the situations and contexts the when the individual difference variables and traits the who and the affective and cognitive processes the how that lead to stereotyping and prejudice The intent is to provide an in depth and

broad ranging analysis of stereotyping and prejudice The text focuses on understanding the issues theories and important empirical experiments that bear upon each problem in stereotyping and prejudice and to understand the most up to date research theories and conclusions of the leading researchers in the field Stereotyping and prejudice are indeed complex in their origin and one of the main goals of this book is to provide a coherent picture of the conditions under which stereotyping and prejudice are more or less likely to occur Another primary focus is to examine whether and how stereotyping and prejudice can be reduced or eliminated

An African Commentary on the Letter of James J. Ayodeji Adewuya, 2023-01-19 Africa is a necessary but an often neglected continent So also is the letter of James necessary but neglected Yet there is perhaps no biblical text that speaks to the life situation in Africa in the twenty first century more directly than the book of James An African Commentary on the Letter of James is an attempt to hear the message of James s letter from a non Western social and cultural setting It seeks to demonstrate how one s worldview language culture economic status and religion make a significant difference in appropriating the message of the biblical text The commentary explores how the written word impacts the readers in a predominantly oral culture It attempts to hear what James is saying from a different context but in doing so explains James with a different voice Like the letter of James itself the commentary uses pithy sayings proverbs and aphorisms to explain the meaning of the text

International Economic Law ,2013-12-09 This book collects a large number of essays written in honour of Professor Ernst Ulrich Petersmann by his friends colleagues and former students The respective contributions cover the fields of international economic law international constitutional law transnational constitutionalism EU law and human rights The broad thematic scope of this book mirrors the extremely large field of interests of the jubilarian Paying tribute to a particular trait of Professor Petersmann s character who was always both a dogmatic thinker and a curious researcher the authors try to cover both structural issues of law as well as most recent developments in particular in the field of international economic law Construing the constitution of international economic law in both senses of this activity was an aim throughout Professor Petersmann s academic career and this goal stands also at the heart of this book **Self Control in Society, Mind, and**

Brain Ran Hassin,Kevin Ochsner,Yaacov Trope,2010-04-12 This book presents social cognitive and neuroscientific approaches to the study of self control connecting recent work in cognitive and social psychology with recent advances in cognitive and social neuroscience In bringing together multiple perspectives on self control dilemmas from internationally renowned researchers in various allied disciplines this is the first single reference volume to illustrate the richness depth and breadth of the research in the new field of self control Attitudes Aren't Free James E Parco,David A Levy,Daphne

DePorres,Alfredo Sandoval,2023-06-01 In 2010 Attitudes Aren t Free Thinking Deeply About Diversity in the US Armed Forces was published In 2017 it was placed on the Air Force Chief of Staff s Reading List Now more than a decade later with tens of thousands of copies in circulation across government industry and academia it has become celebrated as a model for engaging in critical discussions on social policy topics that span the spectrum of perspectives on religious expression race gender and sexuality with contributions from the brightest voices within the US Since publication the long standing debates have continued on the proper role of religious expression within military units We have seen increasing levels of racial and gender diversity in the senior leadership ranks Don t Ask Don t Tell was repealed by Congress Transgender military members

have since been allowed to serve openly Today we continue to engage the traditional ongoing dialogues but with a new focus on the MeToo and BlackLivesMatter movements within society that have ultimately resulted in the transition of power between the 45th and 46th Presidents of the United States Tomorrow s leaders must not only understand the changing landscape of societal attitudes of the citizens in which they serve the mandates of our elected leaders that will serve as the Commander in Chief of the US Armed Services but also to best prepare to lead the men and women of the armed services in the most effective manner possible Volume I of tAttitudes Aren t Free Thinking Deeply About Diversity in the Armed Forces 2010 offered a framework for improving social policy in the areas of religious expression sexuality race and gender by showcasing the complexity through the use of opposing perspectives Volume II reflects on the progress made over the decade since but instead of laying the groundwork of a plurality of perspective as in Volume I Volume II relies on the realities of the national institutional and personal levels using service members lived experiences to develop a more robust understanding of life in the military for individuals from increasingly more diverse backgrounds Ultimately though reflective dialogue Volume II seeks to explore and contrast the current social policies of the US Armed Services with the rhetoric that military institutions continue to espouse around the same topical areas addressed in the first volume This is a Call to Action

Tan,Lisa DeFrank-Cole,2018-07-18 This volume brings together research from leading scholars with stories from women leaders in diverse sectors to provide insights from their leadership journeys The book begins with personal stories of women s leadership journeys by chief executive officers a former U S ambassador a college president and others The stories enable readers to make sense of their own leadership journeys by learning about the varied paths to leadership and taking note of key elements such as role transitions defining moments identity development and growth mindsets Next scholars discuss novel research that can guide women in navigating their journeys to leadership including on followership competition representation of women in politics and the role of biology in leadership This must have volume offers cutting edge perspectives and a guide for women to navigate their own journeys to impactful leadership

The Nature of Prejudice Cristian Tileagă,2015-06-12 This book offers a critical synthesis of social psychology s contribution to the study of contemporary racism and proposes a critical reframing of our understanding of

prejudice in European society today Chapters place a special emphasis on the diversity and intensity of prejudices against Romani people in a liberal progressive decent enlarged Europe Chapters ask how we can reconcile the European creed of law justice and freedom for all with social and political practices that exclude and degrade Romani people This volume addresses the need for a deeper recognition of societal foundations of ideologies of moral exclusion and calls for a closer and more thorough investigation of prejudices that stem from the societal transformation diminution or denial of moral worth of human beings and the various conditions and contexts that create and promote it By opening new intellectual dialogues the book reinvigorates a renewed social psychology of racism and creates a broader foundation for the exploration of the various active paradoxes at the heart of the social expression of prejudice in liberal democracies The Nature of Prejudice is essential reading for academics researchers and postgraduate students interested in both the quantitative and qualitative study of discrimination inequality and social exclusion *The Coal Trade Bulletin* ,1925 *SOCIAL AND CULTURAL*

PERSPECTIVES ON BLINDNESS C. Edwin Vaughan,Fredric K. Schroeder,2018-03-01 The central idea of this book is that blindness itself results in no particular social arrangement as a cultural pattern People are socialized to expect ideas about appropriate behavior for blind people and these vary from culture to culture The descriptions of blindness in several different cultures are the authors firsthand observations as outsiders visiting different cultures interviewing individuals as well as extensive reviewing of written sources The text describes different perspectives regarding blindness and the social arrangements created for and by blind people The viewpoints of blind people themselves receive prominent attention in the book The text is critical in its perspective Its purpose is to analyze patterns of domination and subordination as they take various forms in different cultures including physical condition Major discussions include Why study rehabilitation and blindness from a cross cultural perspective Cultural perspectives on blindness Producing new images about blindness Blindness in the United States From isolation to full inclusion Blindness in Africa Blind people in the Middle Kingdom and the People s Republic of China Spain s unique Organizacion Nacional de Ciegos Espanoles and the Changing culture of blindness around the world The book strives to contribute to the social sciences and the study of behavior that is considered deviant or different It also seeks to stimulate interest in cross national and cross cultural studies of blindness and contributes to the development of a broader and richer understanding about blindness for those who provide education rehabilitation and employment services Finally the book strives to aid blind people who are reflective about their own situation and who are working to make it better Decentering Epistemologies and Challenging Privilege Sophie Bourgault,Maggie

FitzGerald,Fiona Robinson,2024 Care ethics first emerged as an attempt to decenter ethics feminist scholars like Carol Gilligan argued that women s moral experiences were not reflected in the dominant masculinist approaches to ethics which were centered on a rational disembodied atomistic moral subject Care ethics challenged this model by positing ethics as relational contextualized embodied and realized through practices rather than principles Over the past decades many care

ethics scholars have sought to further this project by considering care politically and epistemologically in relation to various intersecting hierarchies of power and knowledge This book advances this project by discussing the ways care ethics contributes to the decentering of dominant epistemologies and to the challenging of privilege and by considering how to decenter care ethics itself via an encounter with non Western philosophical traditions and alternative epistemologies Written by scholars from different countries disciplines and intellectual traditions the volume offers original care ethics contributions on epistemic injustice privileged irresponsibility ecofeminism settler colonialism social movements such as BLM and various racialized and gendered inequities tied to care work **Good Words** ,1882 Cypriot Nationalisms in Context Thekla Kyritsi,Nikos Christofis,2018-12-05 This book explores the different perspectives and historical moments of nationalism in Cyprus It does this by looking at nationalism as a form of identity as a form of ideology and as a form of politics The fifteen contributors to this book are scholars of different scientific backgrounds and present Cypriot nationalisms from an interdisciplinary framework including approaches such as history political science psychology and gender studies The chapters take a historical approach to nationalism and argue that the world of nations ethnic identity and national ideology are neither eternal nor ahistorical nor primordial but are rather socially constructed and function within particular historical and social contexts As a land that was and still is marked by opposed nationalisms that is Greek and Turkish Cyprus constitutes a fertile ground for examining the history the dynamics and the dialectics of nationalism
