Small Surrenders Emilie Griffin, 2009-02-01 Griffin is a trustworthy guide. She writes with the unmistakable authenticity and authority of a woman steeped in prayer. America Join Emilie Griffin in this daily companion for the Lenten journey. Using ancient and modern texts as inspiration for her own reflections, Emilie Griffin nurtures and guides us into a deeper knowledge of ourselves and God. We discover that Lent is our chance for a fresh start and an opportunity to joyfully put ourselves in God's hands. Lent is a time when we deepen our faith in a journey not of grand gestures but of small surrenders. We are converted not only once in our lives but many times and the conversion is little by little and often imperceptible. But Lent gives us a time to move the process along intentionally by a series of small surrenders. When we choose some exercise for Lent: daily worship, daily prayer, abstinence from one thing or another, it is not so much the practice that transforms us but it is our willingness to change. From *Small Surrenders*

God through Cosmic Lenses Victor Folkert, 2022-08-30 Why does the universe exist? What is the source of human personality? Why do people suffer and die? Do humans really have free will? Is evil real and can it be overcome? Does humanity have a future? If God exists, how can he be known? Throughout history, people have explored questions like these through lenses of philosophy, theology, and science. Discoveries in the last hundred years have transformed the way scientists view the universe. Quantum physicists envision mysteries of quantum fields, indeterminacy, and unseen quarks and bosons. Astronomers perceive a big bang, an expanding universe, and space-time relativity. Cosmologists speculate about string theory, higher dimensions, and observer-created reality. Drawing from quantum physics, cosmology, mathematics, theology, and the Bible, *God through Cosmic Lenses* offers fresh perspectives on age-old human questions of God, reality, and human life. Simple language and analogies make complex concepts accessible to all, and quotations and stories add a human perspective to abstract ideas

The Life of Meaning Bob Abernethy, William Bole, 2011-01-04 PBS's Religion Ethics NewsWeekly, which Bob Abernethy conceived and anchors, has been described as the best spot on the television landscape to take in the broad view of the spiritual dimension of American life by the Christian Science Monitor. Finally, wrote the San Francisco Chronicle, something intelligent on TV about religion. Now, together with his coauthor William Bole, Abernethy has turned his attention to making a book that asks all the big questions and elicits the most surprising answers from a who's who of today's serious religious and spiritual thinkers from across the spectrum of faiths and denominations. In this thoughtful collection, extraordinary people give their personal and private accounts of their own spiritual struggle. Their insights on community, prayer, suffering, religious observance, the choice to live with or without a god, and the meanings that are gleaned from everyday life form an elegant meditation on the desire for something beyond what we can see and measure.
