## **Farm Bureau Through Three Decades:**

The Farm Bureau Through Three Decades Orville Merton Kile, 1948      **Farmers Helping Farmers** Nancy K. Berlage, 2016 Introduction Organizational structure the rise of the local farm bureau Organizational strategy economic political and social functions Science cultural authority and the farm bureau bovine tuberculosis Home bureaus and the sciences of separate spheres Women and the agricultural occupation Reproducing the farm family youth clubs gender and science Conclusion      The Rise of Political Action Committees Emily J. Charnock, 2020-09-01 Political Action Committees PACs are a prominent and contentious feature of modern American election campaigns As organizations that channel money toward political candidates and causes their influence in recent decades has been widely noted and often decried Yet there has been no comprehensive history compiled of their origins development and impact over time In *The Rise of Political Action Committees* Emily J Charnock addresses this gap telling a story with much deeper roots than contemporary commentators might expect Documenting the first wave of PAC formation from the early 1940s to the mid 1960s when major interest groups began creating them she shows how PACs were envisaged from the outset as much more than a means of winning elections but as tools for effecting ideological change in the two main parties In doing so Charnock not only locates the rise of PACs within the larger story of interest group electioneering which went from something rare and controversial at the beginning of the 20th Century to ubiquitous today but also within the narrative of political polarization Throughout she offers a full picture of PACs as far more than financial vehicles showing how they were electoral innovators who pioneered strategies and tactics that came to pervade modern US campaigns and reshape American politics A broad ranging political history of an understudied American campaign phenomenon this book contextualizes the power and purpose of PACs while revealing their transformative role within the American party system helping to foster the partisan polarization we see today

*The Emergence of the New South, 1913-1945* George Brown Tindall, 1967-11-01 The history of the South in this century has been obscured in the ever growing mass of information about the region s rapid change and turbulent development In this book Volume X of *A History of the South* the historical image of the modern South is brought into full focus for the first time George Brown Tindall presents a thorough and well balanced historical narrative of the region during the years 1913-1945 when the South underwent a transformation from a predominantly agricultural area to one of growing industrialization The inauguration of President Woodrow Wilson ended a half century of political isolation for the South and ushered in an era of agrarian reforms prohibition woman suffrage industrial growth and recurring crises for Southern farmers During the 1920s the South was caught in a contrast of urban booms and farm distress There were flareups of racial violence and the Ku Klux Klan was revived Mr Tindall devotes considerable attention to the Southern literary renaissance which produced William Faulkner Thomas Wolfe and many other notable writers and critics *The Emergence of the New South* provides a new understanding of the changing political and social climate in the South under the stresses of depression the New Deal the

labor movement Negro unrest and two world wars      *Prologue* ,1983      **The Politics of Agriculture in Japan** Aurelia George Mulgan,2013-01-11 Agriculture is one of the most politically powerful sectors in Japanese national politics This book provides the first comprehensive account of the political power of Japanese farmers This definitive text analyses the organisational and electoral basis of farmers political power including the role of agricultural interest groups the mobilisation of the farm vote and links between farmers and politicians in the Diet Agrarian power has helped to produce the distinctly pro rural anti urban bias of postwar Japanese governments resulting in a general neglect of urban consumer interests and sustained opposition to market opening for farm products This book represents a major study of Japanese agricultural organisations in their multifarious roles as interest groups agents of agricultural administration electoral resource providers and mammoth business groups It describes the policy issues that engage farmers concerns and identifies the agricultural commodities that carry the greatest political significance      **Green Backlash** Jacqueline Vaughn,1997 Demonstrates that contemporary forms of opposition to the environmental movement and environmental protection have a common traceable ancestry in resistance against federal resource policies in the West Identifies the changing role of the federal government in its natural resource policies looking at rivalries between different agencies Analyzes environmental opposition from a political perspective to explain how it fits into a larger political process examining tactics used by business and grassroots groups in the environmental opposition and groups linkages to philosophical and ideological agendas such as the modern conservative and libertarian movements For activists and scholars Annotation copyrighted by Book News Inc Portland OR

Gaining Access John Mark Hansen,1991-11 Through a comprehensive analysis of American agricultural politics in the past half century Gaining Access shows when how and why interest groups gain and lose influence in the policy deliberations of the United States Congress By consulting with policy advocates John Mark Hansen argues lawmakers offset their uncertainty about the policy stands that will bolster or impede their prospects for reelection The advocates provide legislators with electoral intelligence in Washington and supportive propaganda at home earning serious consideration of their policy views in return From among a multitude of such informants representatives must choose those they will most closely consult With evidence from congressional hearings personal interviews oral histories farm and trade journals and newspapers Hansen traces the evolution of farm lobby access in Congress He chronicles the rise and fall of the American Farm Bureau the surge and decline of party politics the incorporation of the commodity lobbies the exclusion of the consumer lobbies and the accommodation of urban interests in food stamps Brilliantly combining insights from rational choice theory with historical data Gaining Access is an essential guide for anyone interested in the dynamics of interest group influence

**The History of Wisconsin, Volume V** Paul W. Glad,2013-03-05 The fifth volume in The History of Wisconsin series covers the years from the outbreak of World War I to the eve of American entry into World War II In between the rise of the woman s movement the advent of universal suffrage and the great experiment of Prohibition are explored along with the

contest between newly emergent labor unions and powerful business and industrial corporations Author Paul W Glad also investigates the Great Depression in Wisconsin and its impact on rural and urban families in the state Photographs and maps further illustrate this volume which tells the story of one of the most exciting and stressful eras in the history of the state

News for Farmer Cooperatives ,1968      The Forging of Bureaucratic Autonomy Daniel Carpenter,2020-06-16 Until now political scientists have devoted little attention to the origins of American bureaucracy and the relationship between bureaucratic and interest group politics In this pioneering book Daniel Carpenter contributes to our understanding of institutions by presenting a unified study of bureaucratic autonomy in democratic regimes He focuses on the emergence of bureaucratic policy innovation in the United States during the Progressive Era asking why the Post Office Department and the Department of Agriculture became politically independent authors of new policy and why the Interior Department did not To explain these developments Carpenter offers a new theory of bureaucratic autonomy grounded in organization theory rational choice models and network concepts According to the author bureaucracies with unique goals achieve autonomy when their middle level officials establish reputations among diverse coalitions for effectively providing unique services These coalitions enable agencies to resist political control and make it costly for politicians to ignore the agencies ideas Carpenter assesses his argument through a highly innovative combination of historical narratives statistical analyses counterfactuals and carefully structured policy comparisons Along the way he reinterprets the rise of national food and drug regulation Comstockery and the Progressive anti vice movement the emergence of American conservation policy the ascent of the farm lobby the creation of postal savings banks and free rural mail delivery and even the congressional Cannon Revolt of 1910      Texas, Cotton, And The New Deal Keith Joseph Volanto,2005 Cotton growing Government policy Texas History 2 Cotton trade government policy Texas History 3 New Deal1933 1939 Texas 4 United States      *Chronological Landmarks in American Agriculture* ,1990 This chronology lists major events in the history of U S agriculture A source to which the reader may turn for additional information on the subject is included with most of the events Generally each source appears only once although it may apply to more than one chronological citation pp The reader interested in a particular subject can compile a short bibliography by consulting each citation for that subject      **Chronological Landmarks in American Agriculture** Maryanna S. Smith,1980      After a Hundred Years, the Yearbook of Agriculture, 1962 United States. Department of Agriculture,1962      **Planting the Seeds of Research** Louis A. Ferleger,2020-01-31 Planting the Seeds of Research explores why by the beginning of the twentieth century the United States dominated agricultural production worldwide The thesis is that the ultimate investments made by the United States Department of Agriculture and State governments created the research structure that made American agriculture spectacularly successful The social commitment by business government and farmers built the productive capabilities that generated sustainable prosperity in American agriculture The ultimate investment in agriculture enabled Americans over time to spend less of their disposable income on

food and more on other goods and services and compete in international agricultural markets      **Agricultural Cooperation**

Martin A. Abrahamsen, Claud L. Scroggs, 1957 *Agricultural Cooperation* was first published in 1957 Minnesota Archive Editions uses digital technology to make long unavailable books once again accessible and are published unaltered from the original University of Minnesota Press editions Much has been written and published on the general subject of agricultural cooperation but the material has been scattered and hard to find until now The volume makes available in convenient form a selection of the most significant articles and excerpts from books magazines pamphlets and other publications It provides a comprehensive view of the development of farmers cooperatives in the United States and an evaluation of their relation to the present economy The 54 articles are by 49 different contributors from various branches of cooperative activity Among them are professors of agricultural economies government research experts in agricultural cooperation officers and members of cooperative organizations as well as government officials including former Secretary of Agriculture Clinton P Anderson and Senators Paul H Douglas and George D Aiken J K Stern president of the American Institute of Cooperation contributes a foreword The articles deal significantly with such broad subjects as the economic and social forces that have shaped the development of cooperatives the place of cooperative organizations in helping to meet the present day needs of agriculture and the role of these farmer owned businesses in the nation s economy      **After a Hundred Years** United States. Department of Agriculture, 1962      The Crisis of the Old Order, 1919-1933 Arthur Meier Schlesinger, 2003 The first of three books that interpret the political economic social and intellectual history of the early twentieth century in terms of Franklin D Roosevelt the spokesman and symbol of the period Portraying the United States from the Great War to the Great Depression this volume covers the Jazz Age and the rise and fall of the cult of business For a season prosperity seemed permanent but the illusion came to an end when Wall Street crashed in October 1929 Public trust in the wisdom of business leadership crashed too With a dramatist s eye for vivid detail and a scholar s respect for accuracy Schlesinger brings to life the era that gave rise to FDR and his New Deal and changed the public face of the United States forever      The Logic of Collective Action Mancur Olson Jr., 1971-01-01 Olson develops a theory of group and organizational behavior that cuts across disciplinary lines and illustrates the theory with empirical and historical studies of particular organizations examining the extent to which individuals who share a common interest find it in their individual interest to bear the costs of the organizational effort
