Farm Incomes Myths And Reality Undercurrents Cork Ireland 13:

Farm Incomes, Wealth and Agricultural Policy Filling the CAP's Core Information Gap, 4th Edition Berkeley Hill, 2012-01-01 The Common Agricultural Policy CAP has been supporting the incomes of the European Union's agricultural community for half a century. Despite this, there is still no official system in place to track the economic wellbeing of farmers and their families. This book examines the evidence on the overall wealth of farming households and concludes that in nearly all member states they are not generally a poor sector of society with disposable incomes that are similar to or exceed the national average.

A Sociology of Ireland Hilary Tovey, Perry Share, 2003 Reflects recent social developments with new chapters on Civil Society, Popular Culture and Everyday Life. Has a strong central argument related to the nature of Irish society. Looks at Ireland's positioning in a globalising world. Considers a wide range of aspects of the social structure and culture. Written in an accessible and interesting style. Includes a comprehensive bibliography of Irish and overseas references. Suitable for Sociology courses in Irish universities and Institutes of Technology at both undergraduate and postgraduate level, including general arts programmes, applied social studies, social studies, social work.

Farm Incomes Alan Matthews, 2000 This pamphlet contends that farm household incomes are now at least as high as non-farm incomes and that there is no longer an income justification for this continued support to farming. It argues that radical reform of EU policy is necessary to see farmers producing at world prices while maintaining budget transfers for agricultural, environmental and rural development purposes.
