Fantastic Modernity Dialectical Readings In Romanticism And Theory:

Fantastic Modernity Orrin N. C. Wang, 2000 Focusing on the convergence of Romantic studies and literary theory over the past twenty five years Orrin N C Wang pairs a series of contemporary critics with originary Romantic writers in order to illuminate the work of both the contemporary theorist and earlier Romantic Wang examines Paul de Man s deconstructive use of Percy Bysshe Shelley Jerome McGann s Marxist inflected appropriation of Heinrich Heine contemporary feminist interpretations of Mary Wollstonecraft and Harold Bloom s pragmatic reading of Ralph Waldo Emerson Through these examinations along with commentary on Keats Jameson Lovejoy and Spitzer *Fantastic Modernity* attempts a series of new readings of both the theory being used by the various critics and the primary Romantic texts under consideration

Romantic Sobriety Orrin N. C. Wang, 2011-09-01 Winner 2011 Jean Pierre Barricelli Prize International Conference on Romanticism This book explores the relationship among Romanticism deconstruction and Marxism by examining tropes of sensation and sobriety in a set of exemplary texts from Romantic literature and contemporary literary theory Orrin N C Wang explains how themes of sensation and sobriety along with Marxist related ideas of revolution and commodification set the terms of narrative surrounding the history of Romanticism as a movement The book is both polemical and critical engaging in debates with modern thinkers such as Paul de Man Jacques Derrida Walter Benn Michaels and Slavoj i ek as well as presenting fresh readings of late eighteenth and early nineteenth century writers including Wordsworth Kant Shelley Byron Bront and Keats *Romantic Sobriety* combines deeply complex close readings with a broader reflection on Romanticism and its implications for literary study It will interest scholars who study Romanticism from a number of perspectives including those interested in bodily and social consumption the roles of addiction and abstinence in literature the connection between literary and visual culture the intersection of critical theory and Romanticism and the relationships among language historical knowledge and political practice

Romantic Theory Leon Chai, 2006-07-31 Winner of the Jean Pierre Barricelli Prize given by the International Conference on Romanticism This original study explores the new idea of theory that emerged in the wake of the French Revolution Leon Chai sees in the Romantic age a significant movement across several broad fields of intellectual endeavor from theoretical concepts to an attempt to understand how they arise He contends that this movement led to a spatial treatment of concepts the primacy of development over concepts and the creation of metatheory or the formal analysis of theory Chai begins with P B Shelley on the need for conceptual framework or theory He then considers how Friedrich Wolf and Friedrich Schlegel shift from a preoccupation with antiquity to a heightened self awareness of Romantic nostalgia for that lost past He finds a similar reflexivity in Napoleon s battle plan at Jena and subsequently in Hegel s move from substance to subject Chai then turns to the sciences Xavier Bichat s rejection of the idea of a unitary vital principle for life as process the chemical theory of matter developed by Humphry Davy and the work of variste Galois whose proof of the solvability of equations using radicals ushered in the age of metatheory Chai concludes with reactions to theory

Coleridge's proposal of the conflict between reason and understanding as a model of theory Mary Shelley's effort to replace theory with a different kind of relationship to external others and Holderlin's reflection on the limits of representation and the possibility of fulfillment beyond it

The Unfamiliar Shelley Timothy Webb, 2016-12-05 Stimulated by new editions of Shelley's writings and the evidence of notebooks the editors have assembled an outstanding group of international Shelley scholars to work through the implications of recent advances in scholarship With particular attention to texts that have been neglected or underestimated the contributors consider many important aspects of Shelley's prolific and remarkably diverse output including the verse letter plays prose essays satire pamphlets political verse romance prefaces translations from the Greek prose style artistic representations fragments and early writings Revaluations of Shelley's youthful works often criticized for their over exuberance pay dividends as they reveal Shelley's early maturation as a writer and also shed light on his later achievement Taken as a whole the collection makes evident that Shelley's reputation has been based largely on surprisingly imperfect and incomplete edited publications driven by Victorian taste and culture A writer very different from the one we thought we knew emerges from these essays which are sure to inspire more reappraisals of Shelley's work

Disastrous Subjectivities David Collings, 2019-09-30 Drawing on the theories of Kant and Lacan this book reveals how modernity's characteristic stance produces an infinitely demanding ethics and a traumatic sublime

RE: Reading the Postmodern Robert David Stacey, 2011-01-14 It would be difficult to exaggerate the worldwide impact of postmodernism on the fields of cultural production and the social sciences over the last quarter century even if the concept has been understood in various even contradictory ways An interest in postmodernism and postmodernity has been especially strong in Canada in part thanks to the country's non monolithic approach to history and its multicultural understanding of nationalism which seems to align with the decentralized plural and open ended pursuit of truth as a multiple possibility as outlined by Jean Fran ois Lyotard In fact long before Lyotard published his influential work *The Postmodern Condition* in 1979 Canadian writers and critics were employing the term to describe a new kind of writing *RE: Reading the Postmodern* marks a first cautious step toward a history of Canadian postmodernism exploring the development of the idea of the postmodern and debates about its meaning and its applicability to various genres of Canadian writing and charting its decline in recent years as a favoured critical trope Published in English

Shelley and the Apprehension of Life Ross Wilson, 2013-08-15 Percy Bysshe Shelley in the essay *On Life* 1819 stated We live on and in living we lose the apprehension of life Ross Wilson uses this statement as a starting point to explore Shelley's fundamental beliefs about life and the significance of poetry Drawing on a wide range of Shelley's own writing and on philosophical thinking from Plato to the present this book offers a timely intervention in the debate about what Romantic poets understood by life For Shelley it demonstrates poetry is emphatically

living melody which stands in resolute contrast to a world in which life does not live Wilson argues that Shelley's concern with the opposition between living and the apprehension of life is fundamental to his work and lies at the heart of Romantic era thought

The Truth about Romanticism Tim Milnes, 2010-06-03 How have our conceptions of truth been shaped by romantic literature This question lies at the heart of this examination of the concept of truth both in romantic writing and in modern criticism The romantic idea of truth has long been depicted as aesthetic imaginative and ideal Tim Milnes challenges this picture demonstrating a pragmatic strain in the writing of Keats Shelley and Coleridge in particular that bears a close resemblance to the theories of modern pragmatist thinkers such as Donald Davidson and Jürgen Habermas Romantic pragmatism Milnes argues was in turn influenced by recent developments within linguistic empiricism This book will be of interest to readers of romantic literature but also to philosophers literary theorists and intellectual historians

The Politics of Enchantment J. David Black, 2006-01-01 What do raves have to do with eighteenth century Romanticism or the latest communication technologies with historical ideas about language media and culture Today's culture dazzles us with technological marvels and media spectacles While we find them entertaining just as often they are troubling they seem to contradict common sense eliciting such questions as What is real or What is reality and What is language or What does language do These questions once confined to scholars have become everyone's concern Some of the best answers might be found in an unexpected source Romanticism Too often we bring the values of the Enlightenment particularly that of reason to critique phenomena not inherently rational such as pop culture or the Internet This means that much criticism of current culture already has an intellectual foundation antagonistic to it inviting postmodern arguments that suggest history has ended and reality is an illusion In contrast Romanticism a cultural movement founded in Germany and England during the late eighteenth century offers us an archive of concepts surprisingly sensitive to these problems The Romantics were poets dreamers and politicians who advanced ideas that anticipated much contemporary thinking David Black has organized these ideas systematically and has then applied them to key issues in communications such as representation audience and the information society as well as to significant debates in cultural studies As a result *The Politics of Enchantment* offers a new theory of media and culture that is grounded in intellectual history yet as feverishly current as the latest digital device

Romanticism and Speculative Realism Chris Washington, Anne C. McCarthy, 2019-01-24 Romanticism and Speculative Realism features a range of scholars working at the intersection of literary poetics and philosophy It considers how the writing of the Romantic era reconceptualizes the human imagination the natural world and the language that correlates them in radical ways that can advance current speculative debates concerning new ontologies and new materialisms In their wide ranging examinations of canonical and non canonical romantic writers the scholars gathered here rethink the connections between the human and non human world to envision speculative modes of social being and ecological politics Spanning historical and national frameworks from historical romanticism to contemporary post romantic ecology and from British and

German romanticism to global modernity these essays examine life in all its varied forms in and beyond the Anthropocene

Idealism without Absolutes Tilotama Rajan, Arkady Plotnitsky, 2004-02-12 Extends the boundaries of Romantic culture from its pre Kantian past to contemporary theory and beyond

Techno-Magism Orrin N. C. Wang, 2022-01-04 Shortlisted Marilyn Gaull Book Award Techno Magism explores how British Romantic literature abuts and is organized around both print and non print media The book explores not only the print pictorial art and theater of early nineteenth century England and Europe but also communicative technologies invented after the British Romantic period such as photography film video and digital screens This proleptic abutting points to one way we can understand the implicit exceptionality wagered by reading Romanticism through media studies and media theory Techno Magism argues that both media studies and the concept of mediation in general can benefit from a more robust confrontation with or recovery of the arguments of deconstruction an unavoidable consequence of thinking about the relationship between Romanticism and media The book thinks that relationship through the catachrestic practice of a techno magism a technics of inscription always outside the causalities of a dialectical economy The book further pursues two interrelated ideas the structural incommensurability of the cut and the unapologetic presentism of the constellation Marked by its late capitalist moment of composition the book explores the continuity between the social character of Romantic and post Romantic media in terms of commodity culture revolution and the ecological devastation of the anthropocene
