Lindquist, Institute of Public Administration of Canada, 2000 Chapter 13 Manitoba civil service a quiet tradition in transition by Ken Rasmussen      *The Mighty Hughes* Craig McInnes, 2017-10-13 An in depth look at the life and career of retired judge and conflict of interest commissioner Ted Hughes whose unflinching integrity earned him the reputation as Canada's moral compass Throughout his sixty year career Ted Hughes has been a model of ethical conduct in the Canadian judicial system The son of immigrant homesteaders who grew up in Saskatoon during the Depression he might have retired as a respected senior judge in the town where he was born had his career not been sideswiped by the intense party politics underpinning Canadian judicial appointments in the 1970s The injustice he felt led him to BC where he reinvented himself as a civil servant in a province that was earning a reputation for wacky unprincipled politics There he became Canada's moral compass a man of such integrity that his condemnation alone persuaded one premier to resign and another to bring in a watchdog to look after vulnerable children Hughes has ferociously defended the principles that underpin the best of our society He has an unfashionable belief in the virtue of the law the nobility and responsibility of public service and the honour of politicians and politics He was an early defender of equal rights for women in the legal system the protection of children in care and in recognizing the disastrous effect of colonization on First Nations This is the story of his remarkable life and how he became the lion Canadians needed him to be in when the credibility of our political system was on the line      **Canadian History:**

**Confederation to the present** Martin Brook Taylor, Doug O'ram, 1994-01-01 In these two volumes which replace the Reader's Guide to Canadian History experts provide a select and critical guide to historical writing about pre and post Confederation Canada with an emphasis on the most recent scholarship Cover **Rebel Women of the West Coast** Rich Mole, 2011-01-31 Here are the stories of singularly courageous West Coast women driven obsessed sometimes desperate people whose nonconformist beliefs and actions made them rebels in society's eyes Many faced hardship and ridicule as they pursued their goals In these vivid biographies Rich Mole chronicles the lives of some of the most celebrated and controversial women in BC Washington and Oregon including pioneer Catherine Schubert who faced danger and starvation on her heroic journey west ballot box rebel Abigail Scott Duniway who endured poverty and scathing criticism during her fight for women's suffrage Irene Bonnie Baird who disguised herself as a nurse to write an exposé of their ordeals of Depression era protesters complex and contradictory doctor Bethenia Owens Adair who broke gender barriers yet is also remembered for a more tragic legacy By demanding equality and respect in lecture halls shipyards government assemblies and operating theatres these women helped shape the society we live in today **Legal Ethics and the Attorney General** Andrew Flavelle Martin, 2025-02-28 In Canada the Attorney General holds a complex and unique role within the federal provincial and territorial governments Despite this key position there is relatively little knowledge and understanding of the role and professional responsibilities of the Attorney General among the public the media policymakers and politicians including at least some Attorney Generals themselves Legal Ethics and the Attorney General adopts a doctrinal approach to examine and explain how legal ethics and particularly the law of lawyering applies to the Attorney General The book illustrates that while the role of the Attorney General is unique the individual occupying this position practises law and should be held to the same standards as any other lawyer It addresses common misconceptions that the Attorney General is not truly a lawyer that actions deemed wrongful for other lawyers may not be considered wrongful for the Attorney General or that the accountability measures appropriate for lawyers do not apply to the Attorney General Ultimately Legal Ethics and the Attorney General reveals the importance of the accountability of the Attorney General especially to the provincial and territorial law societies that serve as regulators of the legal profession This accountability is essential not only for upholding the rule of law but also for enabling these societies to fulfil their statutory mandates to regulate the legal profession in the public interest *The Other Canon of Economics, Volume 1* Erik Reinert, 2024-02-13 Other Canon Economics Essays in the Theory and History of Uneven Economic Development brings together key essays on development economics from one of the most prolific and important development economists and historians of economic policy today Erik S Reinert argues through essays ranging from 1994 to 2020 that neo classical economics damages developing countries the theory of comparative advantage leaves out a number of factors which make economic activities qualitatively different as carriers of economic growth Based on a long intellectual tradition started by the Italian economists Giovanni Botero 1589 and Antonio Serra 1613

and later used in virtually all presently industrialised countries Reinert shows that the country which exports increasing returns goods e g high end manufacture has advantages over the country which exports diminishing returns goods e g commodities This has important implications for today s development strategies that Reinert argues should be seen as industrial strategies

Head On! R. G. Harvey, 2004 In a province where mountain ranges are at odds with road and rail builders and its capital city and a large portion of its population are on an island it's no surprise that provision of an effective transportation system has been a challenging undertaking or that mistakes have been made In many cases BC's political leaders not only didn't solve problems they added to them And many of the mistakes made resulted from premiers exploiting their time in office to further their own political preferences theories and agendas This insider's examination looks at premiers errors and exploitations along with their triumphs and achievements from the first days of the provincial government Whether it be trouble with bridges premiers Prior and Pattullo railways McBride and Bennett or ferries Clark R G Harvey calls it like he sees it

*Replacing Citizenship* Michael P. Brown, 1997-03-28 This book uses an ethnographic study of one gay community's responses to AIDS to illustrate a radical democratic understanding of citizenship in contemporary society Analyzing specific forms of AIDS organizing and activism in Vancouver British Columbia from ACT UP to visiting buddy programs Brown explores the alternative spaces of political action that have formed in locations where state civil society and family overlap Instead of the traditional view of citizenship as a formal unchanging relationship between individual and state he proposes that citizenship is more productively discerned in everyday acts and in the actual places where we live our lives An important contribution to queer theory and theories of radical democracy the book brings abstract concepts down to earth with its nuanced portrait of the survival strategies of a community under siege Honorable Mention Myers Outstanding Book Awards

Talk and Log Jeremy Wilson, 1998 For more

than three decades British Columbia's old growth forests have been a major source of political conflict. In *Talk and Log*, Jeremy Wilson presents a comprehensive account of the rise of the wilderness movement, examines the forest industry's political strategies and analyzes the inner workings of the policy process. Wilson describes a number of major political battles such as those resulting in preservation of South Moresby, the Carmanah and the Valhalla wilderness, and investigates the factors that pushed the government towards a more comprehensive approach to expanding the protected areas system. He considers a wide range of forest policy developments and assesses the effectiveness of government and industry attempts to contain the wilderness movement. In the final part, he explores the Harcourt NDP government's reform initiatives including the Commission on Resources and Environment (CORE), the Protected Areas Strategy and the Forest Practices Code. *Talk and Log* illuminates the forces behind controversies that have divided British Columbians, preoccupied the provincial government and drawn the attention of people across Canada and the world. By discussing the patterns and trends underlying the past three decades of wilderness politics, Wilson identifies the currents likely to dominate B.C. wilderness debates in decades to come.

*Medicare's Histories* by W. Jones, James Hanley, Delia Gavrus, 2022-05-27. Medicare is arguably Canada's most valued social program. As federally supported Medicare enters its second half century, *Medicare's Histories* brings together leading social and health historians to reflect on the origins and evolution of Medicare and the missed opportunities characterizing its past and present. Embedding Medicare in the diverse constituencies that have given it existence and meaning, contributors inquire into the strengths and weaknesses of publicly insured health care and critically examine Medicare's unfinished role in achieving greater health equity for all people in Canada regardless of race, status, gender, class, age and ability. Fundamental to the stories told in *Medicare's Histories* is the essential role played by communities of activists, critics, health professionals, First Nations, patients, families and survivors in driving demands for health reform, in identifying particular omissions and inequities exacerbated or even created by Medicare and in responding to the realities of Medicare for those who work in and rely on it. Contributors to this volume show how Medicare has been shaped by politics in the broadest sense of that word: identities, professional organizations and social movements in Canada and abroad. As COVID lays bare social inequities and the inadequacies of health care delivery and public health, this book shows what was excluded and what was and is possible in health care.
