## **Far Memory Joan Grant Autobiography:**

*Far Memory* Joan Grant, 1985 This is Joan Grant's autobiography of her childhood and the development of her psychic talents and ability to recall earlier lives. It is a fascinating and breathtaking story which draws the reader vividly into the midst of her many rich and colorful experiences. It is poignant, charming, insightful, and inspiring and records in great detail how she came to write her novels. Like her novels, *Far Memory* is a treat. As *The London Times* put it, Joan Grant is a writer with unique qualities. Her conceptions have originality and novelty; her style is simple and beautiful. *Far Memory* is a major contribution to new age biographies. *Far Memory* Joan Grant, 1969

**We Meet in Dreams** Laurie Conrad, 2012-03-01 A book for anyone who wants to look more deeply into the true nature of their dreams. Most of us have had a dream experience that seemed more real than an ordinary dream, a dream that felt like it really happened. We've wondered what made that dream feel so different, so vivid, so meaningful to us. According to author and clairvoyant Laurie Conrad, there are two kinds of dreams. One is psychological, the product of our subconscious mind with its endless torrent of thoughts and desires. In *We Meet in Dreams*, the author presents us with the compelling possibility that some of our dreams are actually visits to other realms or to other places on Earth. These dreams suggest that our relationship to time and space may be less fixed than we think. Through exploring and interpreting a wide range of dreams, including flying dreams, shared dreams, and nightmares, Laurie Conrad helps us to distinguish the difference between our ordinary dreams and other realm visits. In the process, many fascinating, unexpected interpretations are offered that defy the ways that dreams have been understood until now.

**Living Lilith** M. Kelley Hunter, 2005-07-03 Of increasing interest to astrologers, Lilith is the name given to four astronomical points: an asteroid, a star, a dark ghost moon, and the better known Black Moon. All four Liliths are discussed and differentiated with the aid of numerous case histories and fascinating insights into the lives of public figures. A section of suggested interpretations of Lilith's influence through the signs is included.

**Dreams Beyond Time** Lee Irwin, 2022-05-04 *Dreams Beyond Time: On Sacred Encounter and Spiritual Transformation* offers readers an overview of dreams research as applied to non-ordinary dreams. Lee Irwin describes four basic types of dreaming: normative, mythic, psychic, and transpersonal, and he illustrates each type with specific dream examples. These types of dreaming are then used as a lens to look more closely at additional dream types that indicate dreaming as a process of creative discovery. Through virtual dreaming encounters, latent human potentials are revealed and suggest aspects for spiritual development based on dream recording.

interpretation and analysis In turn this leads to a metaphysical description that is pan sentient illustrating a vivid living universe of process becoming in which certain dream types reveal mythic psychic and transpersonal capacities as intrinsic to a deeper more awakened sense of intersubjective self awareness While dream theories from many diverse authors are explored the author uses an existential and phenomenological method to analyze dreaming contents in relationship to altered states of mind trance out of body and near death experience meditation imagination and stages of lucid self awareness Transpersonal dreams are given considerable attention in relationship to mystical traditions paranormal research and the comparative anthropology of self
