Mudflats and Fish Camps Erin McKittrick,2017-03-01 Experiences of a family that opened its front door to walk 800 miles in the wilderness Alaska holds a mythical place in the American imagination as our wildest coldest largest and farthest frontier It is also the home of writer Erin McKittrick who lives in a yurt on the shore of Cook Inlet with her husband and two preschool age children Mudflats and Fish Camps chronicles McKittrick s journey along with her family as they set out to hike and paddle the entire coastline of Cook Inlet a distance of 800 miles This is unconventional parenting in the extreme bringing kids not just into the woods but into quicksand snow and the realm of grizzlies And while their story includes all the stubbornness excitement and sleet in the eyes awfulness that comes from walking their way through the world it also provides an intimate history of a wild and fascinating place and the people who call it home While many adventure tales spring from the restless quest of someone seeking to find themselves whether floundering in the possibilities of youth or in the throes of a midlife crisis McKittrick s story is about a person who has already found her purpose in life It s an adventure that happens right in the author s backyard providing her an unusual depth and connection And it s not a story of record breaking speed hopeless under preparedness or a radical transformation of the soul Instead it describes the journey of an ordinary family stepping into the wild outside their home The wonder of the landscape the exuberant joy of children outdoors

and the magic of exploration make Mudflats and Fish Camps an inspiring tale of choosing to walk literally a more adventurous path

**A Guide to Peril Strait and Wrangell Narrows, Alaska** William Morgan Hopkins, 2020-04-15 Learning how to pilot a ship through Wrangell Narrows and Peril Strait is not an easy matter for a vessel operator new to the area or even for those with experience It takes time patience and a certain appetite for risk The older generation of captains knew the channels in great detail but they did not write anything down to leave for the next generation coming up through the ranks Recognizing the wealth of the knowledge these navigators possessed in their memories William Hopkins decided to document their charts and methods as he himself learned to maneuver ships through these important and narrow southeastern Alaska channels A now retired captain who logged many voyages Hopkins delineates the navigable courses for passing these treacherous waterways in this essential guide

**On the Edge of Survival** Spike Walker, 2010-09-28 From the acclaimed author whose beloved books inspired the hit television show *The Deadliest Catch* comes a thrilling true adventure tale in the Alaskan seas A Malaysian cargo ship on its way from Seattle Washington to China ran aground off the coast of western Alaska s Aleutian Islands on December 8 2004 during a brutal storm leading to one of the most incredible Coast Guard rescue missions of all time Two Coast Guard Jayhawk helicopters lifted off immediately from Air Station Kodiak during the driving storm in an effort to rescue the ship s eighteen crew members before it broke apart and sank in the freezing waters Nine of the crew were lifted from the ship and dropped aboard a nearby Coast Guard cutter But during attempts to save the last eight crew members one of the Jayhawks was engulfed by a rogue wave that broke over the bow of the ship When its engines flamed out from ingesting water the Jayhawk crashed into the sea The seven crew members from the ship who had been hoisted into the

aircraft along with the chopper's three man crew plunged into the bitterly cold ocean where hypothermia began to set in immediately. Interviewing all the surviving participants of the disaster and given access to documents and photos, acclaimed author Spike Walker has once again crafted a white knuckle read of survival and death in the unforgiving Alaskan waters.
