,2016 **Otherwise** Farley Mowat, 2009-10-13 A Canadian icon gives us his final book a memoir of the events that shaped this beloved writer and activist Farley Mowat has been beguiling readers for fifty years now creating a body of writing that has thrilled two generations selling literally millions of copies in the process In looking back over his accomplishments we are reminded of his groundbreaking work He single handedly began the rehabilitation of the wolf with *Never Cry Wolf* He was the first to bring advocacy activism on behalf of the Inuit and their northern lands with *People of the Deer* and *The Desperate People* And his was the first populist voice raised in defense of the environment and of the creatures with whom we share our world the ones he has always called *The Others* *Otherwise* is a memoir of the years between 1937 and the autumn of 1948 that tells the story of the events that forged the writer and activist His was an innocent childhood spent free of normal strictures and largely in the company of an assortment of dogs owls squirrels snakes rabbits and other wildlife From this he was catapulted into wartime service as anxious as any other young man of his generation to get to Europe and the fighting The carnage of the Italian campaign shattered his faith in humanity forever and he returned home unable and unwilling to fit into post war Canadian life Desperate he accepted a stint on a scientific collecting expedition to the Barrenlands There in the bleak but beautiful landscape he finds his purpose first with the wolves and then with the indomitable but desperately starving *Ihalmiut* Out of these experiences come his first pitched battles with an ignorant and uncaring federal bureaucracy as he tries to get aid for the famine stricken Inuit And out of these experiences too come his first books *Otherwise* goes to the heart of who and what Farley Mowat is a wondrous final achievement from a true titan **Eastern Passage** Farley

Mowat, 2011-10-25 Following Farley Mowat s bestselling memoir *Otherwise* the literary lion returns with an unexpected triumph *Eastern Passage* is a new and captivating piece of the puzzle of Farley Mowat s life the years from his return from the north in the late 1940s to his discovery of Newfoundland and his love affair with the sea in the 1950s This was a time in which he wrote his first books and weathered his first storms of controversy a time when he was discovering himself through experiences that as he writes go to the heart of who and what I was during his formative years as a writer and activist In the 1950s with his career taking off but his first marriage troubled Farley Mowat buys a piece of land northwest of Toronto and

attempts to settle down His accounts of building his home are by turns hilarious and affecting while the insights into his early work and his relationship with his publishers offer a rare glimpse into the inner workings of a writer's career But in the end his restless soul could not be pinned to one place and when his father offered him a chance to sail down the St Lawrence he jumped at it not realizing that his journey would bring him face to face with one of Canada's more shocking secrets one most of us still don't know today This horrific incident recalling as it did the lingering aftermath of war and from which it took the area decades to recover would forge the final tempering of Mowat as the activist we know today *Eastern Passage* is a funny astute and moving book that reveals that there is more yet to this fascinating and beloved figure than we think we know

Unsettled Remains Cynthia Sugars, Gerry Turcotte, 2010-08-27 *Unsettled Remains* Canadian Literature and the Postcolonial Gothic examines how Canadian writers have combined a postcolonial awareness with gothic metaphors of monstrosity and haunting in their response to Canadian history The essays gathered here range from treatments of early postcolonial gothic expression in Canadian literature to attempts to define a Canadian postcolonial gothic mode Many of these texts wrestle with Canada's colonial past and with the voices and histories that were repressed in the push for national consolidation but emerge now as uncanny reminders of that contentious history The haunting effect can be unsettling and enabling at the same time In recent years many Canadian authors have turned to the gothic to challenge dominant literary political and social narratives In Canadian literature the postcolonial gothic has been put to multiple uses above all to figure experiences of ambivalence that have emerged from a colonial context and persisted into the present As these essays demonstrate formulations of a Canadian postcolonial gothic differ radically from one another depending on the social and cultural positioning of who is positing it Given the preponderance in colonial discourse of accounts that demonize otherness it is not surprising that many minority writers have avoided gothic metaphors In recent years however minority authors have shown an interest in the gothic signalling an emerging critical discourse This spectral turn sees minority writers reversing long standing characterizations of their identity as monstrous or invisible in order to show their connections to and disconnection from stories of the nation

Bay of Spirits Farley Mowat, 2009-10-13 In 1957 Farley Mowat shipped out aboard one of Newfoundland's famous coastal steamers tramping from outport to outport along the southwest coast. The indomitable spirit of the people and the bleak beauty of the landscape would lure him back again and again over the years. In the process of falling in love with a people and a place, Mowat also met the woman who would be the great love of his life. A stunningly beautiful and talented young artist, Claire Wheeler, insouciantly climbed aboard Farley's beloved but jinxed schooner as it lay on the St. Pierre docks, once again in a cradle for repairs and changed both their lives forever. This is the story of that love affair of summers spent sailing the Newfoundland coast and of their decision to start their life together in Burgeo, one of the province's last remaining outports. It is also an unforgettable portrait of the last of the outport people and a way of life that had survived for centuries but was now passing forever. Affectionate, unsentimental, this is a burnished gem from an undiminished talent. I was inside my vessel painting the cabin when I heard the sounds of a scuffle nearby. I poked my head out the companionway in time to see a lithesome young woman swarming up the ladder which leaned against Happy Adventure's flank. Whining expectantly, the shipyard dog was endeavouring to follow this attractive stranger. I could see why. As slim and graceful as a ballet dancer, which I would later learn was one of her avocations, she appeared to be wearing a gleaming golden helmet, her own smoothly bobbed head of hair, and was as radiantly lovely as any Saxon goddess. I invited her aboard while pushing the dog down the ladder. That's only Blanche, I reassured my visitor. He won't bite. He's just uh, being friendly. That's nice to know, she said sweetly. Then she smiled and I was lost. From *Bay of Spirits* **American Writers** Elizabeth H. Oakes, 2004 *American Writers* focuses on the rich diversity of American novelists. *Gorilla Dreams: the Legacy of Dian Fossey* Georgianne Nienaber, 2006-02-21 Imagine that murdered primatologist Dr. Dian Fossey of Gorillas in the Mist fame were alive today and able to reflect upon her death as well as her legacy. This is the impetus behind author Georgianne Nienaber's compelling work *Gorilla Dreams: The Legacy of Dian Fossey*. At the beginning of *Gorilla Dreams*, Fossey attends her own funeral and watches her murdered gorillas interacting with the graveside bystanders. She establishes a new relationship with the slain gorilla Digit who acts as her guide after death as she carefully reviews her life, its challenges, successes, hardships, and the ultimate closure of her murder. Although Fossey's death is officially unsolved, recently released documents obtained through the Freedom of Information Act as well as testimony from the International War Crimes Tribunal proceedings offer new suspects, motives, and opportunities. Every fact about Fossey's life is meticulously annotated. However, the setting of her conversations with the murdered gorillas is obviously fictional yet steeped in African tradition. *Gorilla Dreams: The Legacy of Dian Fossey* is a biographical interpretation of the famed primatologist's life that honors the African belief that the dead live on in spiritual form. *Shadows of Tyranny* Ken McGoogan, 2024-08-24 Bestselling historian and author Ken McGoogan delves into dictatorships of the twentieth century to sound this crucial alarm about the possibility of democratic collapse in the United States and its implications for Canada. Twentieth-century novels such as George Orwell's 1984 and Margaret

Atwood's *The Handmaid's Tale* produced visions of future dystopia that rang with echoes of past tyrannies. Always implied was a warning that history's worst chapters are never truly closed and that we must not fail as many of our forebears did to recognize that the threat of totalitarianism cannot simply be wished away. *Awakening to Invasion*, an alarming and engrossing work of non-fiction from acclaimed Canadian author Ken McGoogan, draws on this sense of looping history to show how figures like Donald Trump replay many aspects of the authoritarianism that spread in the middle of the last century. Calling not only on Orwell and Atwood but also on H.G. Wells, Yevgeny Zamyatin, Jack London, and Hannah Arendt, McGoogan traces the ways democracy succumbed to paranoia, polarization, scapegoating, and demagoguery less than a hundred years ago. These same forces, he argues, are now driving a far-right movement in the United States that seems devoted to using Trump's warped charisma as a wrecking ball to clear the way for autocracy that closely resembles the dictatorships that stoked the Second World War. With this prospect, McGoogan's central questions become all the more pressing: How should Canadians respond, officially and individually, to the possibility of democratic collapse in our powerful neighbour to the south? Is talk of manifest destiny from right-wing American firebrands like Tucker Carlson just chatter for the sake of notoriety? Or is it a hint of the expansionist urges that always lie at the heart of authoritarianism and that may one day point the American military machine in our direction on the pretext of liberating us? In the cautionary spirit of earlier visionary works, *Awakening to Invasion* offers a galvanizing image of a dark possible future as well as an urgent call to act in the belief that we still have the time and ability to ward it off.

Across Canada by Story Douglas Gibson, 2015-09-01 More adventures from one of Canada's premier editors and storytellers. Canada is a country rich in stories, and few take as much joy as Douglas Gibson in discovering them. As one of the country's leading editors and publishers for 40 years, he coaxed modern classics out of some of Canada's finest minds and then took to telling his own stories in his first memoir, *Stories About Storytellers*. Gibson turned his memoir into a one-man stage show that eventually played almost 100 times in all ten provinces from coast to coast. As a literary tourist, he discovered even more about the land and its writers and harvested many more stories from distant past and recent memory to share. Now in *Across Canada by Story*, Gibson brings new stories about Robertson Davies, Jack Hodgins, W.O. Mitchell, Alistair MacLeod, and Alice Munro, and adds lively portraits of Al Purdy, Marshall McLuhan, Margaret Laurence, Guy Vanderhaeghe, Margaret Atwood, Wayne Johnson, Linwood Barclay, Michael Ondaatje, and many many others. Whether fly fishing in Haida Gwaii or sailing off Labrador, Douglas Gibson is a first-rate ambassador for Canada and the power of great stories.

Crerar's Lieutenants Geoffrey Hayes, 2017-07-12 In 1943 General Harry Crerar penned a memorandum in which he noted that there was still much confusion as to what constitutes an Officer. His words reflected the army's preoccupation with creating an ideal officer who would not only meet the immediate demands of war but also be able to conform to notions of social class and masculinity. Drawing on a wide range of sources and exploring the issue of leadership through new lenses, this book looks at how the army selected and trained its junior officers after 1939 to embody the new ideal. It finds that these

young men through the mentors they copied the correspondence they left even the songs they sang practised a temperate heroism that distinguished them from the idealized heroic visions of officership from the First World War Fascinating and highly original this book sheds new light on the challenges many junior officers faced during the Second World War not only on the battlefield but from Canadians often conflicted views about social class and gender **Encyclopedia of**

Other Selves Janice Fiamengo, 2007-07-12 Other Selves Animals in the Canadian Literary Imagination begins with the premise first suggested by Margaret Atwood in The Animals in That Country 1968 that animals have occupied a peculiarly central position in the Canadian imagination Unlike the longer settled countries of Europe or the more densely populated United States in Canada animals have always been the loved and feared co inhabitants of this harsh beautiful land From the realistic animal tales of Charles G D Roberts and Ernest Thompson Seton to the urban animals of Marshall Saunders and Dennis Lee to the lyrical observations of bird enthusiasts John James Audubon Thomas McIlwraith and Don McKay animals have occupied a key place in Canadian literature focusing central aspects of our environmental consciousness and cultural symbolism Other Selves explores how and what the animals in this country have meant through all genres and periods of Canadian writing focusing sometimes on individual texts and at other times on broader issues Tackling more than a century of writing from 19th century narrative of women travelers to the natural conversion of Grey Owl to the award winning novels of Farley Mowat Marian Engel Timothy Findley Barbara Gowdy and Yann Martel these essays engage the reader in this widely acknowledged but inadequately explored aspect of Canadian literature Published in English
