Knowledge Management Handbook Jay Liebowitz,1999-02-25 Many organizations are now realizing that their competitive edge lies mostly in the brainpower the intellectual capital of their employees and management To stay ahead of the pack companies must leverage their knowledge internally and externally But it is not enough to develop lessons learned databases Experts now believe the current savior of organizations is knowledge management the conceptualization review consolidation and action phases of creating securing combining coordinating and retrieving knowledge in short the process of creating value from an organization s intangible assets Jay Liebowitz one of the leading knowledge management and expert systems authorities in the world brings together over thirty articles contributed by the top researchers and practitioners to produce what seems destined to become the key reference for this emerging field With it you will find How to create a knowledge sharing environment How senior executives can show tangible benefits using methods that value the intellectual capital especially the human capital within the organization How knowledge management is not the same as information management How senior management commitment and involvement are essential to the success of a knowledge management system

CIO ,1998-12-15 The Knowledge Entrepreneur Colin Coulson-Thomas,2003 This unique book puts a whole new spin on knowledge management Rather than re stating the importance of the knowledge economy or detailing methods of knowledge management or acquisition it explores how businesses can exploit their knowledge and information focusing on the entrepreneurial opportunities that intellectual capital provides

Creating a Comprehensive Trauma Center Mary Beth Williams,Lasse A. Nurmi,2013-03-09 Early Thoughts on Creating Comprehensive Trauma Centers

This volume has been many years in writing When Dr Donald Meichenbaum first suggested it and I approached my coauthor Lasse Nurmi it did not seem to be as formidable a task as it has become Interviewing the centers in this book has taken years to get responses to summarize those responses and to return the summaries for further comment Many centers have been created in that time others have suspended operation This volume does not claim to present even a majority of those centers However the ones contained herein are representative of what is out there The idea to create a comprehensive trauma center is not new The initial section of this forward examines thoughts I proposed as part of my comprehensive examination for my doctorate Many of the ideas proposed then 1989 seem to fit now It is my dream to put them into practice someday in the future

THE COMPREHENSIVE EXAMINATION QUESTION In 1989 one question on the written comprehensive examination questions for my doctorate was If you were to create a comprehensive trauma center in your suburban area making use of what you have learned in your doctoral experience describe the organization of that center the mission structure personnel funding objectives and services it would offer Some of the conclusions reached then now seem applicable to the task at hand
