**Genres in Discourse** Tzvetan Todorov, 1990-09-28 This is a collection in translation of recent essays by Tzvetan Todorov one of the most eminent of today's literary critics The essays concentrate on the idea of genre literary or otherwise and asks such questions as What is literature What is genre Which are the major literary genres In the first section Todorov proposes definitions for the notions of literature discourse and genre Following is a general discussion of the two principal literary genres fiction and poetry Finally in the third section of essays Todorov examines individual authors as case studies among them Poe Dostoyevsky Baudelaire Conrad and James

*Discourse and Literature* Teun Adrianus van Dijk, 1985-01-01 Discourse and Literature boldly integrates the analysis of literature and non literary genres in an innovative embracing study of discourse Narrative poetry drama myths songs letters Biblical discourse and graffiti as well as stylistics and rhetorics are the topics treaded by twelve well known specialists selected and introduced by Teun A van Dijk

Genre in Language, Discourse and Cognition Ninke Stukker, Wilbert Spooren, Gerard Steen, 2016-05-10 The study of genre is scattered across research disciplines This volume offers an integrative perspective starting from the assumption that genres are cognitive constructs recognized maintained and employed by members of a given discourse community Its central questions are What does genre knowledge consist of How is it organized in cognition How is it applied in discourse production and interpretation How is it reflected in language use

*Genres and Genre Theory in Transition* Giuliana Garzone, 2014 This volume features representative studies focusing on the evolution of text genres in corporate and professional communication Genre change is explored in various contexts in light of the increasing importance of new media and the profound social changes that have occurred in the last few decades Major theoretical issues are raised and discussed highlighting the need to reconsider the repertoire of conventions traditionally identified in each specific genre and to reassess and update the analytical tools used to investigate them about three decades after the emergence of genre analysis

**Analysing Professional Genres** Anna Trosborg, 2000-02-15 An understanding of genres in communication written and spoken is essential to professional success This volume studies situationally appropriate responses in professional communication in face to face interaction and distance communication from a socio cognitive point of view A traditional rhetorical approach does not give much insight in the ways in which genres

are embedded in communicative activity or how actors draw upon genre knowledge to perform effectively. However, if genres are considered as embedded in social interaction as typified forms of typified circumstances, the rich dynamic aspects of genre knowledge can be disclosed. The chapters deal with genre knowledge in various settings illustrating the impact of time, place, medium, skills, and purpose, and some chapters deal with genre analysis in a broader sense, giving ideas for applied genre analysis. The book is of interest to professionals and scholars in communication studies, discourse analysis, and social and cognitive science.

**Analyzing Genres in Political Communication** Piotr Cap, Urszula Okulska, 2013-07-16. Featuring contributions by leading specialists in the field, the volume is a survey of cutting edge research in genres in political discourse. Since, as is demonstrated, political genres reveal many of the problems pertaining to the analysis of communicative genres in general, it is also a state of the art addition to contemporary genre theory. The book offers new methodological, theoretical, and empirical insights in both the long established genres (speeches, interviews, policy documents, etc.) and the modern, rapidly evolving generic forms such as online political ads or weblogs. The chapters, which engage in timely issues of genre, mediatization, hybridity, multimodality, and the mixing of discursive styles, come from a broad range of perspectives spanning Critical Discourse Studies, pragmatics, cognitive psychology, sociolinguistics, applied linguistics, and media studies. As such, they constitute essential reading for anyone seeking an interdisciplinary yet coherent research agenda within the vast and complex territory of today's forms of political communication.

**Professional Genres from an Interpersonal Perspective** Christopher Hopkinson, Renáta Tomášková, Gabriela Zapletalová, 2016-05-11. This volume brings together contributions focused on and shaped by two areas of linguistic research: genre analysis and the interpersonal component of language and discourse. It explores the interplay and interaction of genre and the interpersonal component, revealing potential connections and interdependencies between genre conventions and the realisation of interpersonal meanings viewed from the perspective of the systemic functional approach to language and discourse analysis. The contributions focus on a variety of aspects of the interpersonal in selected genres of professional discourse, including not only communication among professionals but also genres produced by professionals to address non-specialists. The volume consists of nine chapters grouped into three sections, guiding readers through four major discourse domains: namely, media discourse, academic discourse, institutional discourse, and promotional discourse. Institutional and promotional discourses are combined in a single section, reflecting the hybridism of the majority of the genres under investigation here. Genres of institutional discourse typically exhibit features akin to advertising, not only presenting the institutions in terms of the scope of their activities and services but also serving a clear promotional purpose. The studies document how omnipresent, varied, and plentiful the strategies of intersubjective positioning are, and how significant their position in genres and discourses invariably is. The social and cultural grounding of genres requires them to be conventional, yet it also ensures their flexibility, continuous development, and change qualities, which make genres a permanent challenge and inspiration for research and discussion.

**Genre Analysis** John M. Swales, John Swales, 1990-11-08 The author looks at varieties of language and considers these in relation to communication and task based language learning

**Genre In The New Rhetoric** Aviva Freedman, Peter Medway, 2003-09-02 In this work theorists reflect on the growing interest in genre studies in a number of inter related disciplines such as literary theory sociology and cultural studies and examine the implications this reconception of genre has on both research and teaching

**Analysing Discourse** Norman Fairclough, 2003 The book is an essential resource seeking to analyze real texts and discourse

**BOOK JACKET** *Genres in the Internet* Janet Giltrow, Dieter Stein, 2009-10-28 This volume brings together for the first time pragmatic rhetorical and literary perspectives on genre mapping theoretical frontiers and initiating a long overdue conversation amongst these methodologies The diverse approaches represented in this volume meet on common ground staked by Internet communication an arena challenging to traditional ideas of genre which assume a conventional stability at odds with the unceasing innovations of online discourse Drawing on and developing new ideas of genre the research reported in this volume shows on the contrary that genre study is a powerful means of testing commonplaces about the Internet world and in turn that the Internet is a fertile field for theorising genre

Special Issue: Genre- and Register-related Discourse Features in Contrast Marie-Aude Lefer, 2014

**Figurative Language, Genre and Register** Alice Deignan, Jeannette Littlemore, Elena Semino, 2013-03-07 This volume combines diverse research scenarios to present a solid framework for analysis of figurative language Figurative Language Genre and Register brings together discourse analysis and corpus linguistics in a cutting edge study of figurative language in spoken and written discourse The authors explore a diverse range of communities from chronic pain sufferers to nursery staff to present a detailed framework for the analysis of figurative language The reader is shown how figurative language is used between members of these communities to construct their own world view and how this can change with a shift in perspective Figurative language is shown to be pervasive and inescapable but it is also suggested that it varies significantly across genres

Methods of Critical Discourse Analysis Professor Ruth Wodak, Michael Meyer, 2001-10-25 This book is designed as an introduction to Critical Discourse Analysis CDA and gives an overview of the various theories and methods associated with this sociolinguistic approach It also introduces the reader to the leading figures in CDA and the methods to which they are most closely related The text aims to provide a comprehensive description of the individual methods an understanding of the theories to which methods refer and a comparative treatment of each of these methods so that students may be able to determine which is the most appropriate to select for their particular research question Given the balance between theory and application plus the intended audience no previous knowledge of CDA is assumed Methods of Critical Discourse Analysis should be useful reading for both students and researchers in the fields of linguistics sociology social psychology and the social sciences in general

*Genre Theory in Information Studies* Jack Andersen, 2015-02-18 This book highlights the important role genre theory plays within information studies It illustrates how modern genre studies inform and enrich the

study of information and conversely how the study of information makes its own independent contributions to the study of genre

Discourse and Social Life Srikant Sarangi, Malcolm Coulthard, 2014-06-11 This collection brings together for the first time in a single volume many of the major figures in contemporary discourse studies Each chapter is an original contribution which has been specifically commissioned for this book and together they document the wide range of concerns and techniques which characterise the discipline at the turn of the century Discourse and Social Life is concerned with a variety of different types of data talk text and interaction and covers research sites which range from the home setting through the health care setting and the courtroom to the public sphere The book not only provides a critical historical overview of different traditions of discourse analysis but also projects to some extent the possible developments of this field of study as other allied disciplines Philosophy Psychology Sociology Rhetoric and Communication Studies are taking a discursive turn Readers are invited to draw parallels between these different approaches to studying discourse in its social context The contributors are Sally Candlin Malcolm Coulthard Justine Coupland Nikolas Coupland Norman Fairclough Ruqaiya Hasan Robert Kaplan Geoff Leech Yon Maley Greg Myers Celia Roberts Srikant Sarangi Ron Scollon Theo van Leeuwen Henry Widdowson and Ruth Wodak
