

SPYCRAFT

GENTLEMEN'S AGREEMENT

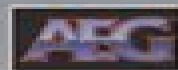

"CARE FOR A FRIENDLY WAGER?"

For years, wealth and power have been indelibly linked, and those with fortunes greater than some Third World countries have guided history with a confident hand. Back room deals and clandestine bargains have determined the fate of nations and the petty desires of a select and secretive elite have touched the lives of every man, woman, and child on the planet. Now, a decades-old gentleman's agreement and a dangerous game of brinksmanship threaten to plunge the world into ultimate disaster.

THIS DESCENT INTO THE DARKEST HEART OF VILLAINY INCLUDES...

- The first official season book for *Spycraft*! Four all-new serials complete with villains, foils, master plans, and a collection of intriguing NPCs. Drop each serial into any ongoing *Spycraft* campaign or string them together as a desperate race to unveil the sociopathic members of the infamous Board, a unique organization that has plagued history since the dawn of the Cold War!
- In *Ring of Fire*, your agents are tasked with tracking a dangerous prototype weapon. Can they stop a madman from using it, and more importantly, can they find out why he's so eager to flip the switch?
- *The Bull and the Bear* sends your team into the lion's den of high finance, as a deadly plot is hatched to collapse the stock exchange network. Only teamwork and quick wits can save the world economy!
- In our first preview of espionage roleplaying in the 1960s, *The Cold Days*, your agents are pitted against a villain bent on prompting a nuclear holocaust... or is he? Scale the Berlin Wall, sneak into the Kremlin, and storm a Russian transport in this taut golden age spy thriller!
- Finally, as the true threat to the modern world is revealed, your agents must race against time to stop a deranged madman from fulfilling his final wish — to end it all in a mighty sundering of the entire globe!
- Flexible presentation allows this season book to be played by agents of any level, from 1st-level rookies to 20th-level veterans. Three versions of every DC and every villain in the book allow for any play level!
- Volcano rules! Brand new core *Spycraft* material showing the Game Control how to run chases, combats, and other encounters amidst eruptions of any magnitude, and new feats, gear, and gadgets allow the players to prepare for even the worst volcanic conditions.
