## **Geography In Early Judaism And Christianity:**

**Geography in Early Judaism and Christianity** James M. Scott, 2002 James M Scott focuses on a particular Old Testament pseudepigraphon the Book of Jubilees the revelation of an angel to Moses announcing the expectation of a messiah from Judah He traces the appropriation of the Book of Jubilees in early Christian sources from the New Testament to Hippolytus and beyond and more specifically focuses on the reception of Jubilees 8 9 an expansion of the so called Table of Nations in Genesis 10 1 Chronicles 1 The book takes an interdisciplinary approach based on detailed analysis of primary sources much of which is seldom considered by New Testament scholars and explores the neglected topic of ancient geographical conceptions By studying geographical aspects of the work Dr Scott is able to relate Jubilees to both Old and New Testament traditions bringing important new insights into Christian concepts of annunciation **A Companion to Biblical Interpretation in Early Judaism** Matthias Henze, 2012-01-09 Presents eighteen commissioned articles on biblical exegesis in early Judaism covering the period after the Hebrew Bible was written and before the beginning of rabbinic Judaism from publisher description *Ancient Judaism and Christian Origins* George W. E. Nickelsburg, 2003 In the nineteenth and first half of the twentieth century Christian scholars portrayed Judaism as the dark religious backdrop to the liberating events of Jesus life and the rise of the early church Since the 1950s however a dramatic shift has occurred in the study of Judaism driven by new manuscript and archaeological discoveries and new methods and tools for analyzing sources George Nickelsburg here provides a broad and synthesizing picture of the results of the past fifty years of scholarship on early Judaism and Christianity He organizes his discussion around a number of traditional topics scripture and tradition Torah and the righteous life God s activity on humanity s behalf agents of God s activity eschatology historical circumstances and social settings Each of the chapters discusses the findings of contemporary research on early Judaism and then sketches the implications of this research for a possible reinterpretation of Christianity Still in the author s view there remains a major Jewish Christian agenda yet to be developed and implemented **Late Antique Jewish and Christian Travelogues** Reuven Kiperwasser, Aryeh Kofsky, Serge Ruzer, 2024-12-16 Focusing on travel narratives as a setting for spelling out both cultural exchanges and identity building the present volume maps a variety of strategies employed in travelogues by Christians and Jews in the late antique Roman East The first part sheds light on the shared cultural background folkloric or mythic reflected in late antique Jewish and Christian sea travel stories and the various attempts to adapt it to a specific religious agenda While the comparative analysis of the sources from two textual communities emphasizes their different religious agendas it also allows for restoring patterns of the broader background with which they converse The second part highlights Christian perceptions of the Land of Israel in missionary enterprises and in the eschatological visions The travelogues offer a window on the interplay between shared inheritance and new agendas within the dialectical development of religious traditions in Late Antiquity Christian Identity in the Jewish and Graeco-Roman World Judith Lieu, 2004-05-27 I

am a Christian is the confession of the martyrs of early Christian texts and no doubt of many others but what did this confession mean and how was early Christian identity constructed This innovative study sets the emergence of Christian identity in the first two centuries as it is constructed by the broad range of surviving literature within the wider context of Jewish and Graeco Roman identity It uses a number of models from contemporary constructionist views of identity formation to explore how what comes to be seen as Christian literature creates a sense of what to be a Christian means and traces both continuities and discontinuities with the ways in which Jewish and Graeco Roman identity were also being constructed through their texts It seeks to acknowledge the centrality of texts in shaping early Christianity historically as well as in our perception of it while also exploring how we might move from those texts to the individuals and communities who preserved them Such an approach challenges more traditional emphases on the development of institutions whether structures or credal and ethical formulations which often fail to recognize the rhetorical function of the texts on which they draw and the uncertainties of how well these reflect the actual practice and experience of individuals and communities While building on recent recognition of the diversity of early Christianity the book goes on to explore the question whether it is possible to speak of a distinctive Christian identity across both the range of early texts and as a pressing historical and theological question in the contemporary world

**Jews, Christians, and the Roman Empire** Natalie B. Dohrmann, Annette Yoshiko Reed, 2013-10-09 In histories of ancient Jews and Judaism the Roman Empire looms large For all the attention to the Jewish Revolt and other conflicts however there has been less concern for situating Jews within Roman imperial contexts just as Jews are frequently dismissed as atypical by scholars of Roman history so Rome remains invisible in many studies of rabbinic and other Jewish sources written under Roman rule Jews Christians and the Roman Empire brings Jewish perspectives to bear on long standing debates concerning Romanization Christianization and late antiquity Focusing on the third to sixth centuries it draws together specialists in Jewish and Christian history law literature poetry and art Perspectives from rabbinic and patristic sources are juxtaposed with evidence from papyri documentary papyri and synagogue and church mosaics Through these case studies contributors highlight paradoxes subtleties and ironies of Romaness and imperial power Contributors William Adler Beth A Berkowitz Raanan Bousthan Hannah M Cotton Natalie B Dohrmann Paula Fredriksen Oded Irshai Hayim Lapin Joshua Levinson Ophir M n z Manor Annette Yoshiko Reed Hagith Sivan Michael D Swartz Rina Talgam

**Violence, Scripture, and Textual Practices in Early Judaism and Christianity** Raanan Shaul Bousthan, Alex P. Janssen, Calvin J. Roetzel, 2010 This volume analyzes the emergence of Jewish and Christian discourses of religious violence within their Roman imperial context with an emphasis on the shared textual practices through which authoritative scriptural traditions were redeployed to represent legitimate and indeed sacralize violence

*Luke's Jewish Eschatology* Isaac W. Oliver, 2021 This book revisits the Jewish roots of Christianity More specifically this work investigates what Luke thought about the Jewish people and the end of time in light of ancient Jewish sources It is likely that Luke's views

on these questions were not too different from the Judaism of Luke's time. Luke believed that Israel would experience political and national restoration when Jesus would return as the victorious messiah.

**The Church as Paradise and the Way Therein: Early Christian Appropriation of Genesis 3:22-24** Christopher A. Graham, 2017-04-24. In *The Church as Paradise and the Way Therein: Early Christian Appropriation of Genesis 3:22-24*. Christopher A. Graham demonstrates that early Christian authors employed the words *paradise* and *way* as allusions to the expulsion narrative in Genesis 3:22-24 to signify that the benefits available in protological Paradise were once again accessible in and through Jesus and the Church. The centrality of the expulsion narrative in their literary milieus gave these authors confidence that readers would discern these allusions. After considering the reception of the expulsion in texts circulating within the early Christian milieu, Graham turns to the texts of Luke and Irenaeus of Lyons. Both authors drew from an interpretive tradition in which a return to Paradise was desirable. Both celebrated Jesus's reversal of Adam's expulsion and the constitution of Jesus's followers as the location and means by which humanity could continue to access divine truth and life. For both authors, the Church is Paradise and the way therein.

**The Eerdmans Dictionary of Early Judaism** John J. Collins, Daniel C. Harlow, 2010-11-11. The *Dictionary of Early Judaism* is the first reference work devoted exclusively to Second Temple Judaism, fourth century BCE through second century CE. The first section of this substantive and incredible work contains thirteen major essays that attempt to synthesize major aspects of Judaism in the period between Alexander and Hadrian. The second and significantly longer section offers 520 entries arranged alphabetically. Many of these entries have cross references and all have select bibliographies. Equal attention is given to literary and nonliterary, i.e., archaeological and epigraphic evidence, and New Testament writings are included as evidence for Judaism in the first century CE. Several entries also give pertinent information on the Hebrew Bible. The *Dictionary of Early Judaism* is intended to not only meet the needs of scholars and students at which it succeeds admirably but also to provide accessible information for the general reader. It is ecumenical and international in character, bringing together nearly 270 authors from as many as twenty countries and including Jews, Christians, and scholars of no religious affiliation.

**Christian Origins and Greco-Roman Culture** Stanley E. Porter, Andrew W. Pitts, 2013. In *Christian Origins and Greco-Roman Culture*. Stanley Porter and Andrew Pitts assemble an international team of scholars whose work has focused on reconstructing the social matrix for earliest Christianity through the use of Greco-Roman materials and literary forms. Each essay moves forward the current understanding of how primitive Christianity situated itself in relation to evolving Hellenistic culture. Some essays focus on configuring the social context for the origins of the Jesus movement and beyond, while others assess the literary relation between early Christian and Greco-Roman texts.

**Ezra, Nehemiah, and the Construction of Early Jewish Identity** Bob Becking, 2011. The post-exilic Persian period showed a transition in the religion in ancient Israel from Yahwism to Judaism. The events of exile and return made it impossible to completely fall back on the traditional religious identity. The essays in this volume try to

reconstruct the path taken in that transition The characters of Ezra and Nehemiah are generally seen as playing a formative role in this process By reading texts from the biblical books supposedly written by Ezra and Nehemiah in a religio historical context new light falls on the process of change

**Marcion and the Making of a Heretic** Judith Lieu, 2015-03-26 This study explores Marcion's ideas through his writings and the writings of early Christian polemicists who shaped the idea of heresy

*A Guide to Early Jewish Texts and Traditions in Christian Transmission* Alexander Kulik, Lorenzo DiTommaso, 2019 The Jewish culture of the Hellenistic and early Roman periods established a basis for all monotheistic religions but its main sources have been preserved to a great degree through Christian transmission This Guide is devoted to problems of preservation reception and transformation of Jewish texts and traditions of the Second Temple period in the many Christian milieus from the ancient world to the late medieval era It approaches this corpus not as an artificial collection of reconstructed texts a body of hypothetical originals but rather from the perspective of the preserved materials examined in their religious social and political contexts It also considers the other non Christian channels of the survival of early Jewish materials including Rabbinic Gnostic Manichaean and Islamic This unique project brings together scholars from many different fields in order to map the trajectories of early Jewish texts and traditions among diverse later cultures It also provides a comprehensive and comparative introduction to this new field of study while bridging the gap between scholars of early Judaism and of medieval Christianity

**Jews and Christians in the First and Second Centuries: Mapping the Second Century**, 2024-09-16 The second century is a crucial period for the formation of both Judaism and Christianity but remains in important ways terra incognita This volume brings together specialists in Jewish studies and Christian studies two closely related disciplines that nonetheless continue to operate in relative isolation Taking into consideration the full panoply of Jewish and Christian identities the volume proposes fresh ways to map the interrelated histories of Jews and Christians Contributions by leading scholars offer new insights into this period informed by a rich variety of perspectives including theoretical literary thematic and material approaches

**Gathered Around Jesus** Eric C Stewart, 2010-05-27 This innovative study makes a major contribution to the long scholarly discussion of the problematic geography of Mark's Gospel Using both modern spatial theory and an exhaustive review of ancient evidence Stewart demonstrates how Mark's spatial perceptions reflect Greek Roman and Jewish understandings of human geography He addresses Mark's editorial and compositional control over the geographic presentation of Jesus's ministry ultimately arguing that in Mark Jesus offers a unique spatial practice

**Hidden Criticism of the Angry Tyrant in Early Judaism and the Acts of the Apostles**, Drew J. Strait, 2019-07-31 Hidden Criticism of the Angry Tyrant in Early Judaism and the Acts of the Apostles adds to the current literature of imperial critical New Testament readings with an examination of Luke's hidden criticism of imperial Rome in the Acts of the Apostles and in Paul's speech on the Areopagus in Acts 17 Focusing on discursive resistance in the Hellenistic world Drew J Strait examines the relationship between hidden criticism and persuasion and between subordinates and the

powerful and he explores the challenge to the dissident voice to communicate criticism while under surveillance Strait argues that Luke confronts the idolatrous power and iconic spectacle of gods and kings with the Gospel of the Lord of all a worldview that is incompatible with the religions of Rome including emperor worship Heaven and Earth in Luke-Acts Ming Gao,2017-10-31 Dr Ming Gao delves into the much overlooked heaven motif in Luke Acts in this critical study of a central element in Christian belief Focusing on several key passages from the biblical canon Gao analyzes them in their Jewish Greco Roman and broader literary contexts to enhance our comprehension of the meaning of heaven and its significance for our worldview Heaven is not simply a static place where God dwells or a symbol of his power but is a dynamic arena that impacts the earthly realm Dr Gao also elucidates how heaven as well as being part of reality acts as a concept that points to the arrival of God's eschatological kingdom on earth This book will enhance efforts to understand heaven which is often viewed as an unfathomable mystery by so many Christians Theologies of Creation in Early Judaism and Ancient Christianity Tobias Nicklas,Korinna Zamfir,2010-07-30 As environmental destruction begins to seriously affect humans it has become increasingly relevant to reflect on the essential elements of the Jewish and Christian theologies of creation The essays in this volume explore key aspects of creation theology which poses the question of the origin of the world and of man Creation theology is rooted in the concept of man who owes his existence to God and who is placed in a cosmos which God created as good At the same time the essays show that even back in antiquity the creation discussion held high potential for ideological criticism *Sacrifice, Cult, and Atonement in Early Judaism and Christianity* Henrietta L. Wiley,Christian A. Eberhart,2017-09-28 Critical and creative studies that offer fresh perspectives on ancient ideas and practices The contributions to this volume deal in various ways with the cult at the Jerusalem Temple that epitomized the religious cultural and socio political identity of Judaism for many centuries Some essays examine ancient constitutive practices and concepts such as purification rituals sacrifices atonement or sacred authorities at the temple with the goal of interpreting their meanings for modern readers Other essays explore alternatives to ancient cultic meaning and practice Essays critique established traditions attempt to renegotiate them or use metaphor and spiritualization to expand the potential of these phenomena to serve as terminological and ideological resources Thus they examine and affirm the continuing relevance of ancient Jewish cultic notions long after the destruction of the Second Temple in 70 CE An international group of scholars representing different fields and diverse religious backgrounds A thorough examination of traditions as through the lens of contemporaneous interpretive traditions such as Jewish prophecy the Dead Sea Scrolls and Early Christian literature Examination of topics such as purification sacrifice and atonement and the depiction and development of sacred authority throughout the Bible
