,2016 La publication des actes du colloque qui s'est tenu Lyon en juin 2015 met en lumière la montée en puissance de mouvements indépendantistes et de revendications identitaires dans différentes régions du monde globalisé contemporain. En prenant comme point de départ le référendum cossais de 2014, les discussions ont abordé plusieurs versants du séparatisme catalan, le référendum pour l'autodétermination en Crimée, les revendications identitaires en Nouvelle Zélande, ainsi que les efforts pour arriver aux accords de paix en Irlande du Nord. D'autre part, il est intéressant de constater la perte de vitesse des certaines minorités linguistiques en France ou le cas de minorités russophones dans les pays baltes. Finalement, cet ouvrage pose les questions de l'identité nationale, des fondements culturels, linguistiques, historiques ou économiques des nationalismes du XXI^e siècle.
