Geojustice A Preferential Option For The Earth:

Introducing Ecofeminist Theologies Heather Eaton, 2005-02-07 This book is about ecofeminism and its encounter with theology predominantly that of Christian theology in Euro western contexts It introduces and explores ecofeminism and the encounter The goal is to understand the significance and implications of ecofeminism and its contribution and challenge to theology A further goal is to assist ecofeminist theology or theologies to be more effective in preventing ecological ruin assisting women s struggles for freedom and supporting the flourishing of all life on earth Ecofeminism represents ways of discerning associations of many kinds between the feminist and ecological movements and between the oppression and domination of both women and the earth Ecofeminism is an insight referring to critical analyses political actions historical research intuitions and ideals The ecological crisis is creating a pivotal moral and religious challenge and new contexts for theology There is a renewed spiritual sensitivity towards the natural world We are in a time of a spiritual awakening wherein the earth and all life are experienced as sacred where it is possible to experience awe and wonder and encounter the ineffable Ecofeminist theologies are at the intersection of these ideas and experiences They are the efforts of particular people who see and experience possibilities for greater life more justice and freedom They do not accept that injustice and ecological ruin are inevitable Ecofeminist efforts are directed towards reducing further ecological and social devastation and awakening consciousness to the immense beauty and elegance of all life on this fragile yet awesome blue green planet

Religion and Globalization Peter F Beyer, 1994-01-17 In his exploration of the interaction between religion and worldwide social and cultural change the author examines the major theories of global change and discusses the ways in which such change impinges on contemporary religious practice meaning and influence Beyer explores some of the key issues in understanding the shape of religion today including religion as culture and as social system pure and applied religion privatized and publicly influential religion and liberal versus conservative religions He goes on to apply these issues to five contemporary illustrative cases the American Christian Right Liberation Theology movements in Latin America the Islamic Revolution in Iran Zionists in Israel and religious environmentalism Geo-justice James Conlon, 1990 Cistercian Studies Quarterly , 1997 **The Subversive Gospel** Tom Hanks, 2009-01-19 What do the New Testament writers actually teach about 1 the poor 2 women and 3 sexual minorities Why do traditional commentaries and introductions so often ignore or treat superficially such burning questions churches grapple with today Must we seek out specialized monographs to get adequate information and satisfactory answers in each area At last in a single volume Tom Hanks brings together the fruit of decades of study examining each New Testament book in each of these three crucial areas which often overlap in human experience Latin American male liberation theologians often forget that the option for the poor may involve solidarity with a lesbian of color who wants to be ordained Building on his pioneering study on oppression and poverty in Biblical theology Orbis 1984 Wipf 2000 and his Anchor Bible Dictionary article on Poverty in the New Testament which the New York Times

review commended for its balance Hanks analyzes the teaching of each New Testament book regarding the main cause of poverty oppression and the variety of liberating Christian responses Feminist and womanist studies are mined to highlight the presence absence and role leadership of women in each New Testament book The remarkable absence of modern notions of family and family values in the New Testament books is emphasized along with the prominence of sexual minorities as authors and subjects of the New Testament books L William Countryman comments regarding the poor women and sexual minorities Tom Hanks has brought these issues to the exegesis of the New Testament in a sustained and orderly fashion He demonstrates beyond question that most of the New Testament authors were not interested in maintaining the household structures of the ancient Mediterranean and that indeed most of the individuals presented in the New Testament documents would not have seemed to be models of family values either in their time or today The works of Hanks and Theodore W Jennings with their detailed and careful argumentation show that excellent work is being done in this vein However surprising their conclusions may be to casual readers or offensive to readers protecting what they conceive as orthodoxy they are in fact deeply grounded in attentive scholarly work *Dirt Greed Sex* Minneapolis Fortress 2007 p 251 252

Christianity and Ecological Theology E. M. Conradie, 2006-10-01 There has been a proliferation of publications in the field of Christian ecological theology over the last three decades or so These include a number of recent edited volumes each covering a range of topics and consolidating many of the emerging insights in ecological theology The call for Christian churches to respond to the environmental crisis has been reiterated numerous times in this vast corpus of literature also in South Africa *Faithquakes* Leonard Sweet, 1995-03 Showing how future trends will have both a positive and a negative impact on the church and its ministry Leonard Sweet provides unconventional disturbing glimpses into the future that must be grasped by church leaders Sweet tells us why the church is the last hope for saving our families our cities our businesses and the earth Issues addressed include how to pursue a more effective go and tell evangelism that reaches the cocooning culture how to rekindle Christian imagination through sensuality virtual reality and energized prayer music or spiritual experience what the church should do to enhance families and develop spiritual leadership among women and elders in the congregation and how the church can celebrate open house for all of God's people *Earth Story, Sacred Story* James Conlon, 1994 The author views life as a cosmological whole and urges readers to explore the Earth human relationship in a new light *The Sacred Impulse* James Conlon, 2000 Conlon is an up and coming member of a group of spiritual writers calling for a more earth centered ecologically balanced approach to religion and everyday life Conlon presents life as a three dimensional journey personal communal and cosmic universal He develops the notion that spirituality must be grounded in origins both local and global and that any damage people do to the earth damages not only themselves the community and spirituality but also those of future generations **Reclaiming Spirituality** Diarmuid Ó Murchú, 1998 In this thought provoking and rambunctious follow up to *Quantum Theology* English priest and social psychologist Diarmuid O Murchu

celebrates the spiritual renaissance of our time as an alternative to religious fanaticism and religious indifference He sees this phenomenon as part of the evolving spiritual story of humankind stretching back 70 000 years The spirituality that is appealing to seekers today embodies global inclusive co operative egalitarian and feminine values O Murchu outlines its linkage of the new cosmology with a respect for the natural world through the spirituality of native peoples He points out its embrace of pre patriarchal values of relatedness passion feeling imagination and justice Two other accents of this new paradigm are its emphasis upon the erotic power of spirituality and its reappropriation of the shadow in all its diverse dimensions Only time will tell what new permutations this global spirituality will take O Murchu has done a fine job mapping out its contemporary lineaments Religion in Exile Diarmuid Ó Murchú,2000 **One Hundred Cranes** William J. Fitzgerald,1996 Each page of this book offers an opportunity to nourish our souls and to approach all of life with awe and reverence Enter into these stories and prayers and find wisdom for your lives **The Catholic Periodical and Literature Index** ,1992 Symposium ,2008 American Book Publishing Record ,1990 Whitaker's Book List ,1991 *Canadian Book Review Annual* ,1990 *Canadiana* ,1991 **Quill & Quire** ,1990 The Cumulative Book Index ,1991 A world list of books in the English language
