Economic Development of Burma Khan' Mon' Kraññ' (Ü"),2000 Bringing together their own intimate knowledge of the country's problems and the possibilities that lie ahead scholars attempt to analyze the main factors that have stood in the way of Burma's participation in the worldwide surge of economic growth in the second half of the twentieth century and to devise ways in which the country can overcome these obstacles in the future *Economic Development of Burma*,1997

Economic Development of Burma Khin Maung Kyi,Ronald Findlay,R. M. Sundrum,2000-05 [Economic Development of Myanmar](#) Myat Thein,2004 There are a number of excellent studies by eminent Myanmar economists as well as scholars from abroad covering different post war periods and or various aspects of development in Myanmar What this book does is to bring them altogether as it were under one roof by recasting bits and pieces of their work according to the author's own understanding In doing so a holistic approach was adopted in order to have a well rounded account of developments over the past fifty years or more In addition an attempt has also been made to present the major developments at different periods of time between 1948 and 2000 in a simple but not over simplified reader friendly format so as to reach as wide an audience as possible It is the author's ardent wish that not only students and policy makers but Myanmar people in all walks of life will read the book discuss it and work together for a better future **Burma's Economy in the Twentieth Century** Ian
