Gastronomic Judaism as Culinary Midrash Jonathan D. Brumberg-Kraus, 2018-10-29 This book is about what makes food Jewish or better who and how one makes food Jewish Making food Jewish is to negotiate between the local regional and now global foods available to eat and the portable Jewish taste preferences Jews have inherited from their sacred texts and calendars What makes Jewish food Jewish and what makes Jewish eating practices continually viable and meaningful are not fixed dietary rules and norms but rather culinary interpretations and adaptations of them to new times and places culinary midrash Jewish cuisine is a fusion of interactions a reflection of displacement and intentional positioning and re positioning vis a vis sacred texts old and new lands Jewish and non Jewish neighbors old and new family combinations re imaginings of our personal ethnic gender and other identities Jonathan Brumberg Kraus questions Jewish identity in particular and identity generally as something fixed stable and singular and unintentional Jewish food choices are situational often temporary expressions of Jewish identity It addresses the tension between what Jewish authoritative textual sources and their proponents say is Jewish food and Jewish eating and what Jews actually eat So while discussing connections between ancient religious texts and modern Jewish food preferences this book does not stop there Using examples from his experience Brumberg Kraus describes the improvisational characteristics of gastronomic Judaism as the interplay of texts tastes artifacts and everyday practices not only in the classic sacred texts but also in Jewish cookbooks and internet blogs on Jewish home cooking seasonal intensification of Jewish food choices e g latkes at Chanukah or keeping kosher for Passover safe treif the fusion cultural appropriation of diasporic Biblical and Palestinian foods in new Israeli cuisine and the impact of the environmentalist New Jewish Food movement on contemporary Jewish food choices and identity The Oxford Handbook of Food History Jeffrey M. Pilcher, 2012-11-08 The final chapter in this section explores the uses of food in the classroom **A**

Portable God Risa Levitt Kohn, Rebecca Moore, 2007 Many Christians and Jews believe that their faiths developed independently from each other and that their religions are distinct even antagonistic towards each other A Portable God dramatically departs from the idea that the birth of Judaism and Christianity are two separate unrelated events Judaism and Christianity's origins are not seen as following a linear chronological process that places the Israelites in the beginning followed by the Jews and finally the Christians On the contrary A Portable God shows that both Judaism and Christianity emerge from the same religious tradition_ that of ancient Israel_ at the same time By telling the common story of Jewish and Christian origins A Portable God shows Jews and Christians as siblings rather than as parent and child showing that the similarities between Judaism and Christianity far outweigh their differences ultimately fostering appreciation for the shared heritage of Judaism and Christianity **Food and Identity in Early Rabbinic Judaism** Jordan Rosenblum, 2010-05-17 Food often defines societies and even civilizations Through particular commensality restrictions groups form distinct identities This identity is enacted daily turning the biological need to eat into a culturally significant activity In this book

Jordan D Rosenblum explores how food regulations and practices helped to construct the identity of early rabbinic Judaism Bringing together the scholarship of rabbinics with that of food studies this volume first examines the historical reality of food production and consumption in Roman era Palestine It then explores how early rabbinic food regulations created a distinct Jewish male and rabbinic identity **The Jewish Dietary Laws in the Ancient World** Jordan D.

Rosenblum,2016-12-15 In *The Jewish Dietary Laws in the Ancient World* Jordan D Rosenblum explores how cultures critique and defend their religious food practices In particular he focuses on how ancient Jews defended the kosher laws or kashrut and how ancient Greeks Romans and early Christians critiqued these practices As the kosher laws are first encountered in the Hebrew Bible this study is rooted in ancient biblical interpretation It explores how commentators in antiquity understood applied altered innovated upon and contemporized biblical dietary regulations He shows that these differing interpretations do not exist within a vacuum rather they are informed by a variety of motives including theological moral political social and financial considerations In analyzing these ancient conversations about culture and cuisine he dissects three rhetorical strategies deployed when justifying various interpretations of ancient Jewish dietary regulations reason revelation and allegory Finally Rosenblum reflects upon wider contemporary debates about food ethics **Holiness and Law** Benjamin

Brown,2024-06-04 Hasidic groups have myriad customs While ordinary Jewish law halakhah denotes the bar of holiness mandated for the ordinary Jew these customs represent the higher threshold expected of Hasidim intended to justify their title as hasidim pious How did the hasidic masters perceive the enactment of these new norms at a time in which the halakhah had already been solidified How did they explain the normative power of these customs over communities and individuals and how did they justify customs that diverged from the positive halakhah This book analyzes the answers given by nineteenth century hasidic authors It then examines a test case kedushah holiness or sexual abstinence among married men a particularly restrictive norm enacted by several twentieth century hasidic groups Through the use of theoretical tools and historical contextualization the book elucidates the normative circles of hasidic life their religious and social sources and their interrelations **Talmudic Transgressions** Charlotte Fonrobert,Ishay Rosen-Zvi,Aharon Shemesh,Moulie

Vidas,2017-05-15 *Talmudic Transgressions* is a collection of essays on rabbinic literature and related fields in response to the boundary pushing scholarship of Daniel Boyarin This work is an attempt to transgress boundaries in various ways since boundaries differentiate social identities literary genres legal practices or diasporas and homelands These essays locate the transgressive not outside the classical traditions but in these traditions themselves having learned from Boyarin that it is often within the tradition and in its terms that we can find challenges to accepted notions of knowledge text and ethnic or gender identity The sections of this volume attempt to mirror this diverse set of topics Contributors include Julia Watts Belser Jonathan Boyarin Shamma Boyarin Virginia Burrus Sergey Dolgopolski Charlotte E Fonrobert Simon Goldhill Erich S Gruen Galit Hasan Rokem Christine Hayes Adi Ophir James Redfield Elchanan Reiner Ishay Rosen Zvi Lena Salaymeh Zvi Septimus

Jewish Eating and Identity Through the Ages David C. Kraemer, 2020-07-24 This book explores the history of Jewish eating and Jewish identity from the Bible to the present The lessons of this book rest squarely on the much quoted insight you are what you eat But this book goes beyond that simple truism to recognise that you are not only what you eat but also how when where and with whom you eat This book begins at the beginning with the Torah and then follows the history of Jewish eating until the modern age and even into our own day Along the way it travels from Jewish homes in the Holy Land and Babylonia Iraq to France and Spain and Italy then to Germany and Poland and finally to the United States of America It looks at significant developments in Jewish eating in all ages in the ancient Near East and Persia in the Classical age throughout the Middle Ages and into Modernity It pays careful attention to Jewish eating laws halakha in each time and place but it does not stop there it also looks for Jews who bend and break the law who eat like Romans or Christians regardless of the law and who develop their own hybrid customs according to their own laws whatever Jewish tradition might tell them In this colourful history of Jewish eating we get more than a taste of how expressive and crucial eating choices have always been
