Woman's Will Viki Holton, 2023-07-15 Unearths the lives of British women over 1 000 years using the rich historical record of their wills and legacies Historical Dictionary of Late Medieval England, 1272-1485 Ronald H. Fritze, William B. Robison, 2002-03-30 Providing the chronological setting for many of Shakespeare's plays various swashbuckling novels from Sir Walter Scott's to Robert Louis Stevenson's and such Hollywood films as Braveheart late Medieval England is superficially well known Yet its true complexity remains elusive locked in the covers of specialized monographs and journal articles In over 300 entries written by 80 scholars this book makes the factual information and historical interpretations of the era readily available Covering political military religious and constitutional subjects as well as social and economic topics the volume is easy to use comprehensive and authoritative It provides a useful resource for undergraduate and graduate students scholars and educated laymen Rightly characterized as an age of crisis the 14th century saw the Hundred Years War the Black Death the Peasants Revolt of 1381 the Avignon Papacy and the Great Schism of the Western Church All placed great stresses on English society aggravating old problems and creating new ones In the late Middle Ages parliament became an important element in English government Cambridge and Oxford universities attained European wide reputations and general literacy increased The Church remained a paramount religious political and social institution but its independence and intellectual monopoly slipped The entries in this book synthesize recent scholarship on these and other historical events While emphasizing political religious constitutional and military topics the book also provides brief introductions to social economic cultural and intellectual topics It is a valuable guide for those wishing to understand this complex tumultuous and until recently poorly understood era Edward II's Nieces, The Clare Sisters Kathryn Warner, 2020-03-20 A great book to introduce you to three fascinating sisters whose marriages during the reign of the infamous Edward II transformed England Adventures of a Tudor Nerd The de Clare sisters Eleanor Margaret and Elizabeth were born in the 1290s as the eldest granddaughters of King Edward I of England and his Spanish queen Eleanor of Castile and were the daughters of the greatest nobleman in England Gilbert the Red de Clare Earl of Gloucester They grew to adulthood during the turbulent reign of their uncle Edward II and all three of them were married to men involved in intense probably romantic or sexual relationships with their uncle When their elder brother Gilbert de Clare Earl of Gloucester was killed during their uncle's catastrophic defeat at the battle of Bannockburn in June 1314 the three sisters inherited and shared his vast wealth and lands in three countries but their inheritance proved a poisoned chalice Eleanor and Elizabeth and Margaret's daughter and heir were all abducted and forcibly married by men desperate for a share of their riches and all three sisters were imprisoned at some point either by their uncle Edward II or his queen Isabella of France during the

tumultuous decade of the 1320s Elizabeth was widowed for the third time at twenty six lived as a widow for just under forty years and founded Clare College at the University of Cambridge Another enjoyable read on women in history that don't always get the limelight that they deserve Kathryn Warner has done it once again by providing a well written well researched informative and engaging read **Where There's Ink There's Paper** Long Live the King Kathryn Warner, 2017-06-07 Edward II's murder at Berkeley Castle in 1327 is one of the most famous and lurid tales in all of English history But is it true For over five centuries few people questioned it but with the discovery in a Montpellier archive of a remarkable document an alternative narrative has presented itself that Edward escaped from Berkeley Castle and made his way to an Italian hermitage In Long Live the King medieval historian Kathryn Warner explores in detail Edward's downfall and forced abdication in 1326-27 the role possibly played by his wife Isabella of France the wide variation in chronicle accounts of his murder at Berkeley Castle and the fascinating possibility that Edward lived on in Italy for many years after his official funeral was held in Gloucester in December 1327 **Stolen Women in Medieval England** Caroline Dunn, 2013 The first comprehensive exploration of women's multifaceted experiences of forced and consensual ravishment in medieval England *Temporal Circumstances* L. Patterson, 2016-09-23 Temporal Circumstances provides powerful and detailed interpretations of the most important and challenging of the Canterbury Tales Well informed and clearly written this book will interest both those familiar with Chaucer's masterpiece and readers new to it Power, Piety, and Patronage in Late Medieval Queenship N. Silleras-Fernandez, 2016-05-24 Based on an exhaustive and varied study of predominantly unpublished archival material as well as a variety of literary and non literary sources this book investigates the relation between patronage piety and politics in the life and career of one Late Medieval Spain's most intriguing female personalities Maria De Luna **Hybridity, Identity, and Monstrosity in Medieval Britain** J. Cohen, 2016-04-30 This study examines the monsters that haunt twelfth century British texts arguing that in these strange bodies are expressed fears and fantasies about community identity and race during the period Cohen finds the origins of these monsters in a contemporary obsession with blood both the literal and metaphorical kind **Byzantine Dress** J. Ball, 2016-09-23 In Byzantium there were two overlapping systems of dress a semiotic one whereby dress was a code for rank and wealth and a fashion system where dress was based on the desire to look a certain way This book explains secular dress from the eighth to the twelfth centuries through an examination of painted representations **Medieval Theology of Work** P. Ranft, 2016-04-30 This study addresses the need to learn what medieval thinkers had to say about the concept of work by examining the thought of Peter Damian and numerous other religious leaders and groups of the High Middle Ages for evidence of their contributions deepening our understanding of this concept **The Post-Historical Middle Ages** E. Scala, 2009-05-25 This collection of original essays repositions medieval literary studies after an era of historicism Analyzing the legacy of Marxist and materialist theory on medieval literary criticism the collection offers new ways of reading texts historically Drawing upon

aesthetic ethical and cultural vantage points and methods these essays demonstrate that a variety of approaches and theories are historical and can change what it means to historicize medieval literature By defining our post historical moment in medieval English literary studies in terms of new possibilities this collection will have broad appeal to those interested in the English Middle Ages history culture and reading itself

Ecstatic Transformation M. Uebel, 2016-04-30 This book studies the way in which medieval ways of knowing the Oriental other were constructed around the idea of a utopic East as located in the legend and Letter of Prester John c 1160 The birth of utopic thinking it argues is tied to an understanding of alterity having as much to do with the ways the medieval West understood itself as the manner in which the foreign was mapped Drawing upon the insights of cultural studies film studies and psychoanalysis this book rethinks the contours of the known and the unknown in the medieval period It demonstrates how the idea of otherness intersected in intricate ways with other categories of difference spatial gender and religious Scholars in the fields of history as well as literary and religious studies will be interested in the manner in which the book considers the formal dimensions of how histories of the Oriental other were written and lived

Strange Beauty A. Siewers, 2009-09-14 Strange Beauty provides a new perspective on early Celtic stories of the Otherworld and their relevance to today's ecological concerns arguing for a contemporary re-reading of the Otherworld trope in relation to physical experience

Julian of Norwich's Legacy S. Salih, D. Baker, 2009-11-09 Julian of Norwich the best known of the medieval mystics today The text of her Revelation has circulated continually since the fifteenth century but the twentieth century saw a massive expansion of her popularity Theological or literary historical studies of Julian may remark in passing on her popularity but none have attempted a detailed study of her reception This collection fills that gap it outlines the full reception history from the extant manuscripts to the present day looking at Julian in devotional cultures in modernist poetry and present day popular literature and in her iconography in Norwich both as a pilgrimage site and a tourist attraction

Visual Power and Fame in René d'Anjou, Geoffrey Chaucer, and the Black Prince S. Gertz, 2010-04-26 Reading semiotically against the backdrop of medieval mirrors of princes Arthurian narratives and chronicles this study examines how René d'Anjou 1409-1480 Geoffrey Chaucer's House of Fame ca 1375-1380 and Edward the Black Prince 1330-1376 explore fame's visual power While very different in approach all three individuals reject the classical suggestion that fame is bestowed and understand that particularly in positions of leadership it is necessary to communicate effectively with audiences in order to secure fame This sweeping study sheds light on fame's intoxicating but deceptively simple promise of elite glory

False Fables and Exemplary Truth E. Allen, 2016-04-30 This study charts relationships between moral claims and audience response in medieval exemplary works by such poets as Chaucer Gower Robert Henryson and several anonymous scribes In late medieval England exemplary works make one of the strongest possible claims for the social value of poetic fiction Studying this debate reveals a set of local literary histories based on both canonical and non-canonical texts that complicate received notions of the didactic Middle Ages the sophisticated Renaissance

and the fallow fifteenth century in between
