characterized as the separation between blue progressives and red conservatives is shown to be a sellout to a political model and a false witness about the facts and faith on the ground. Believers do see things differently but not in simplistic binary parties rather in an overlapping set of five understandings of Jesus heart and passion for God's mission in the world. Each is faithful each is true and yet when huddling in their enclaves of agreement likeminded folks become stupid duped by their shared blind spots. All five living together become iron sharpening iron. And while we still may diverge on hot button controversies we do converge and indeed take flight through the Holy Spirit's filling empowering gifting calling and commissioning of every believer in a culture a movement a full spectrum revolution of mutual giftedness in mission. Practical implications get spelled out e.g. less pastor driven more member driven and then conclude with blunt explications. Not all church consultants need to be ignored but many do. And while we still may diverge on hot button controversies we do converge and indeed take flight through the Holy Spirit's filling empowering gifting calling and commissioning of every believer in a culture a movement a full spectrum revolution of mutual giftedness in mission.
