Food Drink And Identity Cooking Eating And Drinking In Europe Since The Middle Ages:

Food, Drink and Identity Peter Scholliers, 2001 Food and drink have provided fascinating insights into cultural patterns in consumer societies There is an intimate relationship between food and identity but processes of identity formation through food are far from clear This book adds a new perspective to the existing body of scholarship by addressing pivotal questions is food central or marginal to identity construction Does food equally matter for all group ing s Why would in peoples experience food become especially important at one moment or on the contrary lose its significance The origin of food habits is also interrogated Contributors investigate how when why and by whom cooking eating and drinking were used as a means of distinction Leading historians and sociologists look at concepts of authenticity adjustment invention and import as well as food signs and codes and why they have been accepted or rejected They examine a wide range of periods and topics the elderly alcohol and identity in Early Modern Europe food riots and national identity noble families eating and drinking in eighteenth century Spain consumption and the working class in the nineteenth century commensality the meaning of Champagne in Belle Epoque France the narrative of food in Norway wine and bread in French Algeria food and identity in post war Germany This intriguing book brings together new comparative insights and research that allow a better understanding of processes of integration and segregation the role of food in the construction of identity and the relationship between old and new food habits Bloomsbury Publishing

Eating Architecture Jamie Horwitz, Paulette Singley, 2004 A highly original collection of essays that explore the relationship between food and architecture the preparation of meals and the production of space

Food, Drink and Identity in Europe , 2016-08-01 Scholars across the humanities and social sciences are increasingly examining the importance of consumption to changing notions of local regional national and supranational identity in Europe As part of this interest anthropologists historians sociologists and others have paid particular attention to the roles which food and drink have played in the construction of local regional and national identity in Europe This volume provides the first multidisciplinary look at the contributions which food and alcohol make to contemporary European identities including the part they play in processes of European integration and Europeanization It provides theoretically informed ethnographic and historical case studies of transformations and continuity in social and cultural patterns in the production and consumption of European foods and drinks in order to explore how eating and drinking have helped to construct various local regional and national identities in Europe Of particular note in this volume is its attention to how food and drink intersect with recent attempts to foster greater European integration in part through the recognition and support of common and diverse European cultures and identities

[Jewish Eating and Identity Through the Ages](#) David C. Kraemer, 2020-07-24 This book explores the history of Jewish eating and Jewish identity from the Bible to the present The lessons of this book rest squarely on the much quoted insight you are what you eat But this book goes beyond that simple truism to recognise that you are not only what you eat but also how when where and with whom you eat This

book begins at the beginning with the Torah and then follows the history of Jewish eating until the modern age and even into our own day Along the way it travels from Jewish homes in the Holy Land and Babylonia Iraq to France and Spain and Italy then to Germany and Poland and finally to the United States of America It looks at significant developments in Jewish eating in all ages in the ancient Near East and Persia in the Classical age throughout the Middle Ages and into Modernity It pays careful attention to Jewish eating laws halakha in each time and place but it does not stop there it also looks for Jews who bend and break the law who eat like Romans or Christians regardless of the law and who develop their own hybrid customs according to their own laws whatever Jewish tradition might tell them In this colourful history of Jewish eating we get more than a taste of how expressive and crucial eating choices have always been Children, Food and Identity in Everyday Life A. James, A. Kjørholt, V. Tingstad, 2009-11-27 This book explores the significance of food practices for childhood identities from early babyhood to middle childhood and teenage years It examines how children and families negotiate food and eating practices what influence the media has on these the role institutions play and how far class and ethnicity shape the food that children eat *The Food Industries of Europe in the Nineteenth and Twentieth Centuries* Alain Drouard, 2016-03-16 The industrialization of food preservation and processing has been a dramatic development across Europe during modern times This book sets out its story from the beginning of the nineteenth century when preservation of food from one harvest to another was essential to prevent hunger and even famine Population growth and urbanization depended upon a break out from the biological ancien regime in which hunger was an ever present threat The application of mass production techniques by the food industries was essential to the modernization of Europe From the mid nineteenth century the development of food industries followed a marked regional pattern After an initial growth in north west Europe the spread towards south east Europe was slowed by social cultural and political constraints This was notable in the post Second World War era The picture of change in this volume is presented by case studies of countries ranging from the United Kingdom in the west to Romania in the east All illustrate the role of food industries in creating new products that expanded the traditional cereal based diet of pre industrial Europe Industrially preserved and processed foods provided new flavours and appetizing novelties which led to brand names recognized by consumers everywhere Product marketing and advertising became fundamental to modern food retailing so that Europe's largest food producers Danone Nestl and Unilever are numbered amongst the world's biggest companies **A History of Food** Maguelonne Toussaint-Samat, 2009-03-25 The story of cuisine and the social history of eating is a fascinating one and Maguelonne Toussaint Samat covers all its aspects in this classic history New expanded edition of a classic book originally published to great critical acclaim from Raymond Blanc The New York Times The Sunday Telegraph The Independent and more Tells the story of man's relationship with food from earliest times to the present day Includes a new foreword by acclaimed food writer Betty Fussell a preface by the author updated bibliography and a new chapter bringing the story up to date New edition in jacketed hardback with c 70 illustrations and

anew glossy color plate section Indispensable and an endlessly fascinating book The view is staggering Not a book to digest at one or several sittings Savor it instead one small slice at a time accompanied by a very fine wine New York Times This book is not only impressive for the knowledge it provides it is unique in its integration of historical anecdotes and factual data It is a marvellous reference to a great many topics Raymond Blanc Quirky encyclopaedic and hugely entertaining Adelight Sunday Telegraph It is the best book when you are looking for very clear but interesting stories Everything is cross referenced to an extraordinary degree which is great because the information given is so complex and interweaving The Independent A History of Food is a monumental work a prodigious feat of careful scholarship patient research and attention to detail Full of astonishing but insufficiently known facts Times Higher Education Supplement

A Cultural History of Food in the Age of Empire Martin Bruegel, 2014-05-22 The nineteenth century West saw extraordinary economic growth and cultural change This volume explores and explains the birth of the modern world through the food it produced and consumed Food security vastly improved though malnutrition and famines persisted Scientific research radically altered the ways in which food and its relation to the body were conceived efficiency became the watchword norms the measure and standardized goods the rule At the same time the art of food became a luxury pursuit as interest in gastronomy soared A Cultural History of Food in the Age of Empire presents an overview of the period with essays on food production food systems food security safety and crises food and politics eating out professional cooking kitchens and service work family and domesticity body and soul representations of food and developments in food production and consumption globally

Food Values in Europe Valeria Siniscalchi, Krista Harper, 2019-09-05 What can a focus on food projects in Europe tell us about contemporary social processes and cultural debates Valeria Siniscalchi and Krista Harper show how food becomes a marker of identity and resistance to social exclusion and how food values become

tools for transforming power dynamics at the local level and beyond Through the comparison of food centered movements across Europe the book explains how these forms of mobilization express ideologies as well as economic and political objectives The chapters use an ethnographic approach to focus on the transformation of values carried by individuals and groups in relation to food in Portugal Greece Latvia Moldova Denmark the UK Italy and France Contributors analyze food values as expressed in daily life and livelihoods through specific practices of production exchange and consumption Topics covered include Prague s urban agricultural scene the perception of poverty in Moldova shepherds protests in Sardinia and organic food cooperatives in Catalonia

The Myth of the Andalusian Paradise Dario Fernandez-Morera,2023-07-11 A finalist for World Magazine s Book of the Year Scholars journalists and even politicians uphold Muslim ruled medieval Spain al Andalus as a multicultural paradise a place where Muslims Christians and Jews lived in harmony There is only one problem with this widely accepted account it is a myth In this groundbreaking book Northwestern University scholar Dar o Fern ndez Morera tells the full story of Islamic Spain The Myth of the Andalusian Paradise shines light on hidden history by drawing on an abundance of primary sources that scholars have ignored as well as archaeological evidence only recently unearthed This supposed beacon of peaceful coexistence began of course with the Islamic Caliphate s conquest of Spain Far from a land of religious tolerance Islamic Spain was marked by religious and therefore cultural repression in all areas of life and the marginalization of Christians and other groups all this in the service of social control by autocratic rulers and a class of religious authorities The Myth of the Andalusian Paradise provides a desperately needed reassessment of medieval Spain As professors politicians and pundits continue to celebrate Islamic Spain for its multiculturalism and diversity Fern ndez Morera sets the historical record straight showing that a politically useful myth is a myth nonetheless

Health Travels: Cuban Health(care) On and Off the Island Nancy Burke,2013 This collection of essays challenges static and binary discourses regarding the Cuban healthcare system bringing together papers that paint a nuanced and dynamic picture of the intricacies of Cuban health care as it is represented and experienced both on the island and around the world

Alcohol and its Role in the Evolution of Human Society Ian S Hornsey,2016-01-13 Archaeologists and anthropologists especially ethnologists have for many years realised that man s ingestion of alcoholic beverages may well have played a significant part in his transition from hunter gatherer to agriculturalist This unique book provides a scientific text on the subject of ethanol that also aims to include material designed to show non scientists what fermentation is all about Conversely scientists may well be surprised to find the extent to which ethanol has played a part in evolution and civilisation of our species

Food Science, Production, and Engineering in Contemporary Economies Jean-Vasile, Andrei,2016-05-12 As the population of the world continues to surge upwards it is apparent that the global economy is unable to meet the nutritional needs of such a large populace In an effort to circumvent a deepening food crisis it is pertinent to develop new sustainability strategies and practices Food Science Production and Engineering in Contemporary Economies features timely and relevant information on

food system sustainability and production on a global scale Highlighting best practices theoretical concepts and emergent research in the field this book is a critical resource for professionals researchers practitioners and academics interested in food science food economics and sustainability practices *Food Pedagogies* Rick Flowers, Elaine Swan, 2016-04-22 In recent years everyone from politicians to celebrity chefs has been proselytizing about how we should grow buy prepare present cook taste eat and dispose of food In light of this contributors to this book argue that food has become the target of intensified pedagogical activity across a range of domains including schools supermarkets families advertising and TV media Illustrated with a range of empirical studies this edited and interdisciplinary volume the first book on food pedagogies develops innovative and theoretical perspectives to problematize the practices of teaching and learning about food While many different pedagogues policy makers churches activists health educators schools tourist agencies chefs think we do not know enough about food and what to do with it the aims effects and politics of these pedagogies has been much less studied Drawing on a range of international studies diverse contexts genres and different methods this book provides new sites of investigation and lines of inquiry As a result of its broad ranging critical evaluation of food as classroom and food as teacher it provides theoretical resources for opening up the concept of pedagogy and assessing the moralities and politics of teaching and learning about food in the classroom and beyond *Culinary Linguistics* Cornelia Gerhardt, Maximiliane Frobenius, Susanne Ley, 2013-07-04 Language and food are universal to humankind Language accomplishes more than a pure exchange of information and food caters for more than mere subsistence Both represent crucial sites for socialization identity construction and the everyday fabrication and perception of the world as a meaningful orderly place This volume on Culinary Linguistics contains an introduction to the study of food and an extensive overview of the literature focusing on its role in interplay with language It is the only publication fathoming the field of food and food related studies from a linguistic perspective The research articles assembled here encompass a number of linguistic fields ranging from historical and ethnographic approaches to literary studies the teaching of English as a foreign language psycholinguistics and the study of computer mediated communication making this volume compulsory reading for anyone interested in genres of food discourse and the linguistic connection between food and culture Now Open Access as part of the Knowledge Unlatched 2017 Backlist Collection **Dining at the End of Antiquity** Nicholas Hudson, 2024 The history of dining is a story that cannot be told without archaeology Surviving texts tell of the opulent banquets of the wealthy elite but little attention is given to the simpler more intimate social gatherings of domestic invitation dinners This is especially true of the lower classes who are largely ignored by our sources We can however provide a voice for the underprivileged by turning to the material detritus of ancient cultures that reflects their social history Dining at the End of Antiquity brings together the material culture and literary traditions of Romans at the table to reimagine dining culture as an integral part of Roman social order Through a careful analysis of the tools and equipment of dining Nicholas Hudson uncovers significant changes to the way different classes came

together to share food and wine between the fourth and sixth centuries Reconstructing the practices of Roman dining culture Hudson explores the depths of new social distances between the powerful and the dependent at the end of antiquity

Rebellious Cooks and Recipe Writing in Communist Bulgaria Albena Shkodrova, 2021-01-28 How did people exist and resist in their daily lives under Soviet control in the Cold War period Shkodrova's monograph shows how in communist Bulgaria many women passionately exchanged recipes with friends and strangers to build substantial and impressive private collections of recipes This activity was borderline contraband in going against the general disapproval of home cooking that formed part of the ideology of communism in which home cooking was considered household slavery and an agent of patriarchalism Private recipe collections were by far the preferred written source of culinary information more popular than the state approved commercial cookbooks Shkodrova shows how these recipe collections held many different meanings for the women who collected them from helping to navigate the communist economy to enabling new friendships to be developed while engaging safely in power relations and cultivating a sense of individual identity in a society where collective existence was prioritised and exalted Drawing on primary sources including scrapbook cookbooks and working from the establishment of cookery classes before communism and their obliteration thereafter Shkodrova presents a structured outline of the meanings of recipes exchange and home cooking for Bulgarian women under communism
