Knutson, 2006-09-01 Are you among the millions of people whose only opportunity to observe wildlife comes after it has been run over and pressed into a patty by big rigs then desiccated by the elements until even flies don't recognize it This is the field guide for you FLATTENED FAUNA fills an important gap in our natural history knowledge and fosters a heightened respect for the ecology of the paved environment Reviews Knutson might just be to roadkill what Brett Favre is to football flinging Milwaukee Journal Sentinel **Food and Drink in American History** Andrew F. Smith, 2013-10-28 This three volume encyclopedia on the history of American food and beverages serves as an ideal companion resource for social studies and American history courses covering topics ranging from early American Indian foods to mandatory nutrition information at fast food restaurants The expression you are what you eat certainly applies to Americans not just in terms of our physical health but also in the myriad ways that our taste preferences eating habits and food culture are intrinsically tied to our society and history This standout reference work comprises two volumes containing more than 600 alphabetically arranged historical entries on American foods and beverages as well as dozens of historical recipes for traditional American foods and a third volume of more than 120 primary source documents Never before has there been a reference work that coalesces this diverse range of information into a single set The entries in this set provide information that will transform any American history research project into an engaging learning experience Examples include explanations of how tuna fish became a staple food product for Americans how the canning industry emerged from the Civil War the difference between Americans and people of other countries in terms of what percentage of their income is spent on food and beverages and how taxation on beverages like tea rum and whisky set off important political rebellions in U S history *Journeys with Jesus* Lois Keffer, 2004 13 week multiage summer program allows kids to journey to the Holy Land meeting the people Jesus met and seeing the difference Jesus made in their lives **Foreign Assistance and Related Programs Appropriations for 1982: Agency for International Development ... available as plantains Yet this same culinary diversity is accompanied by high prices and a scarcity of locally made food that is bewildering to residents and visitors alike A staggering two thirds of the country s food is imported from outside Gabon making Libreville s cost of living comparable to that of Tokyo and Paris In this compelling study of food culture and colonialism Jeremy Rich explores how colonial rule intimately shaped African life and how African townspeople developed creative ways of coping with colonialism as European expansion threatened African self sufficiency From colonization in the 1840s through independence Libreville struggled with problems of food scarcity resulting from the legacy of Atlantic slavery the violence of colonial conquest and the rise of the timber export industry Marriage disputes racial tensions and worker unrest often centered on food and townspeople employed varied tactics to combat its scarcity Ultimately imports emerged as the solution and have had a lasting impact on Gabon s culinary culture and economy Fascinating and informative *A Workman Is Worthy of His Meat* engages a new avenue of historical inquiry in examining the culture of food as part of the colonial experience and resonates with the questions of globalization dominating culinary economics today
