A Vast Conspiracy Jeffrey Toobin, 2012-11-14 NEW YORK TIMES BESTSELLER The inspiration for Impeachment American Crime Story on FX The definitive account of the Clinton Lewinsky sex scandals the extraordinary ordeal that nearly brought down a president with a new preface by the author that reframes the events in light of the Me Too movement A story as taut and surprising as any thriller an unimpeachable page turner People First published a year after the infamous impeachment trial this propulsive narrative captures the full arc of the Clinton sex scandals from their beginnings in a Little Rock hotel to their culmination on the floor of the United States Senate with only the second vote on presidential removal in American history Rich in character and fueled with the high octane of a sensational legal thriller A Vast Conspiracy has indelibly shaped our understanding of this disastrous moment in American political history

The Hillary Effect Taylor Marsh, 2014-07-01 Spanning nearly two decades of American politics The Hillary Effect is the provocative and insightful story of the first viable female presidential candidate in history to win a primary and do so in spite of her campaign team's mistakes It addresses the galvanizing impact that her loss represented for both women and men in and out of Washington And it revolves around media coverage that treated her differently as first lady senator and then presidential candidate not only because she was a woman but because she was Hillary Clinton Candidly written by veteran political analyst Taylor Marsh this is the view from a recovering partisan someone whom the Washington Post called a die hard Clintonite in its profile of Hillary in 2008 The Hillary Effect began when Hillary as first lady dared to challenge China's treatment of women A countless number of women have benefited and will benefit from her presidential loss the most famous of these being Sarah Palin the Tea Party queen of 2010 and first female on a national Republican presidential ticket who weaves throughout this story as the anti Hillary The Hillary Effect also sees Michele Bachmann as a player as the first Republican female to win a straw poll primary or caucus The male leads in this stunning tale are Bill Clinton and President Barack Obama someone who turned out to be very different from candidate Obama with David Plouffe and Mark Penn making appearances The story includes a host of media personalities and their outlets but also new media and progressive voices and famous names like Chris Matthews Keith Olbermann Sally Quinn the late Tim Russert Richard Wolffe Laura

Ingraham Liz Cheney Peggy Noonan Maureen Dowd Tucker Carlson Sean Hannity Rush Limbaugh and even Bill O Reilly who offered Hillary the best interview she would do during the 2008 season All of this is seen through the economic and political crises of today health care women s individual freedoms Afghanistan women s rise around the world the debt ceiling debate tax cuts for the wealthy Occupy Wall Street and an American public disenchanted with both Republicans and Democrats

Watergate's Legacy and the Press Jon Marshall, 2011-01-30 The result of painstaking research and scholarship Watergate s Legacy and the Press is ultimately a tribute to the irrepressible investigative impulse in American journalism and the crucial public service provided by investigative reporters Book Jacket The Argument Culture Deborah Tannen, 2012-10-24 In her number one bestseller You Just Don t Understand Deborah Tannen showed why talking to someone of the other sex can be like talking to someone from another world Her bestseller Talking from 9 to 5 did for workplace communication what You Just Don t Understand did for personal relationships Now Tannen is back with another groundbreaking book this time widening her lens to examine the way we communicate in public in the media in politics in our courtrooms and classrooms once again letting us see in a new way forces that have been powerfully shaping our lives The Argument Culture is about a pervasive warlike atmosphere that makes us approach anything we need to accomplish as a fight between two opposing sides The argument culture urges us to regard the world and the people in it in an adversarial frame of mind It rests on the assumption that opposition is the best way to get anything done The best way to explore an idea is to set up a debate the best way to cover the news is to find spokespeople who express the most extreme polarized views and present them as both sides the best way to settle disputes is litigation that pits one party against the other the best way to begin an essay is to oppose someone and the best way to show you re really thinking is to criticize and attack Sometimes these approaches work well but often they create more problems than they solve Our public encounters have become more and more like having an argument with a spouse You re not trying to understand what the other person is saying you re just trying to win the argument But just as spouses have to learn ways of settling differences without inflicting real damage on each other so we as a society have to find constructive and creative ways of resolving disputes and differences Public discussions require making an argument for a point of view not having an argument as in having a fight The war on drugs the war on cancer the battle of the sexes politicians turf battles in the argument culture war metaphors pervade our talk and shape our thinking Tannen shows how deeply entrenched this cultural tendency is the forms it takes and how it affects us every day sometimes in useful ways but often causing rather than avoiding damage In the argument culture the quality of information we receive is compromised and our spirits are corroded by living in an atmosphere of unrelenting contention Tannen explores the roots of the argument culture the role played by gender and how other cultures suggest alternative ways to negotiate disagreement and mediate conflicts and make things better in public and in private wherever people are trying to resolve differences and get things done The Argument Culture is a remarkable book that will change forever the way you

perceive the world You will listen to our public voices in a whole new way **Media and American Courts** S. L. Alexander, 2004-06-08 A unique reference work exploring the interaction of ever more pervasive media and the U S judicial system in the 20th century At a time when two thirds of local news is crime or court related when Court TV broadcasts daily and when one lurid case can push all other news aside Media and American Courts A Reference Handbook offers a much needed examination of how the press and the judicial system interact Despite the benefits a better informed public judicial accountability has expanded coverage of the courts in fact weakened our democracy Media and American Courts approaches this question by exploring the cases the personalities and the controversies that have redefined the court press relationship in the past century as the media expanded from print and radio to courtroom cameras cable and the World Wide Web It also includes suggestions from legal and media experts for making court news more accurate informative and useful

Defending the American Presidency R. Busby, 2001-07-11 The Lewinsky scandal provided President Clinton with a stern challenge to his political credibility in 1998 99 Having endured an investigation by an Independent Counsel the President was impeached and only just retained the presidential office following a trial in the Senate Robert Busby identifies and analyzes the damage limitation strategies adopted by the Clinton administration to contend with the Lewinsky scandal and explains how and why Clinton survived the most serious Constitutional crisis since Watergate Southern Politics in the 1990s Alexander P. Lamis, Associate Professor of Political Science Alexander P Lamis, 1999-08 During the 1990s the Republican party surged to majority status in the South after two decades of struggling unevenly to become established in the formerly one party Democratic section of the country In this comprehensive up to date study seasoned observers tell the fascinating story of the GOP s remarkable advance at the regional level and in each of the eleven states of the former Confederacy effectively capturing the current partisan dynamics at work throughout Dixie In Southern Politics in the 1990s eleven teams of political scientists and journalists all of them long time observers of the political scene in their own states offer individual chapters that closely examine partisan and electoral developments in each southern state Alexander P Lamis frames the state discussions with introductory and concluding chapters that highlight the evolution of the two party South and the political transformation the region as a whole underwent during the decade of the 1990s Together the authors show that the amazing Republican spurt was fueled by many factors including the ongoing entrenchment of the partisan competition begun three decades earlier the national Republican sweep of 1994 that affected all regions of the country equally and the successful efforts of Republicans to paint the Democrats as hopelessly mired in a corrupt political system and themselves as untainted reformers who represent the future However as the separate state chapters illustrate the pace of change differed from state to state For example South Carolina was an early Dixie leader in the GOP s growth in the 1990s but Arkansas caught the wave only in the middle of the decade Offering in depth political analysis on both the state and the regional level Southern Politics in the 1990s reveals that the 1990s revolution in southern politics gave the country for the

first time since the 1850s a truly national party system The book will prove essential to anyone interested in southern politics at the dawn of the twenty first century **The Death of American Virtue** Ken Gormley,2011-02-01 Ten years after one of the most polarizing political scandals in American history author Ken Gormley offers an insightful balanced and revealing analysis of the events leading up to the impeachment trial of President William Jefferson Clinton From Ken Starr s initial Whitewater investigation through the Paula Jones sexual harassment suit to the Monica Lewinsky affair and Brett Kavanaugh s role in the subsequent inquiry The Death of American Virtue is a gripping chronicle of an ever escalating political feeding frenzy In exclusive interviews Bill Clinton Ken Starr Monica Lewinsky Paula Jones Susan McDougal and many more key players offer candid reflections on that period Drawing on never before released records and documents including the Justice Department s internal investigation into Starr new details concerning the death of Vince Foster and evidence from lawyers on both sides Gormley sheds new light on a dark and divisive chapter the aftereffects of which are still being felt in today s political climate **The Clinton Years** Shirley Anne Warshaw,2014-05-14 Comprehensive and easy to navigate The Clinton Years gives readers a full perspective of Bill Clinton s presidency from his successful economic policies to his relations with Monica Lewinsky This comprehensive A to Z reference contains more than 250 biographical entries examining the main politicians and foreign leaders during the administration and includes a number of primary source documents such as presidential speeches and executive decisions **Bill Clinton** Allan Metz,2002-03-30 Bill Clinton s administration was filled with new policies and achievements for the nation s future but those achievements were easily overshadowed by personal flaws and scandal Despite his personal problems Clinton captured the American public and served two terms as one of our more memorable presidents This comprehensive bibliography on Clinton will provide students with information from his childhood his pre presidential career presidency including assessments of it and the beginning of his post presidential life Key access points to this information are provided in the Table of Contents and detailed author and subject indexes Also included is an invited essay providing an overview of the Clinton presidency and an extensive chronology of significant events

And The Horse He Rode In On James Carville,1999-02-26 EXCLUSIVE CARVILLE RESPONDS TO THE STARR REPORT And the Horse He Rode In On gives the first full accounting of what s really behind the longest running most expensive dirty trick in politics Ken Starr s investigation Enforcing the Rule of Law Enrique Peruzzotti,Catalina Smulovitz,2006-04-07 Reports of scandal and corruption have led to the downfall of numerous political leaders in Latin America in recent years What conditions have developed that allow for the exposure of wrongdoing and the accountability of leaders Enforcing the Rule of Law examines how elected officials in Latin American democracies have come under scrutiny from new forms of political control and how these social accountability mechanisms have been successful in counteracting corruption and the limitations of established institutions This volume reveals how legal claims media interventions civic organizations citizen committees electoral observation panels and other watchdog groups have become effective tools for

Right-Wing Populism in America Chip Berlet, Matthew N. Lyons, 2016-05-06 Right wing militias and other antigovernment organizations have received heightened public attention since the Oklahoma City bombing While such groups are often portrayed as marginal extremists the values they espouse have influenced mainstream politics and culture far more than most Americans realize This important volume offers an in depth look at the historical roots and current landscape of right wing populism in the United States Illuminated is the potent combination of anti elitist rhetoric conspiracy theories and ethnic scapegoating that has fueled many political movements from the colonial period to the present day The book examines the Jacksonians the Ku Klux Klan and a host of Cold War nationalist cliques and relates them to the evolution of contemporary electoral campaigns of Patrick Buchanan the militancy of the Posse Comitatus and the Christian Identity movement and an array of millennial sects Combining vivid description and incisive analysis Berlet and Lyons show how large numbers of disaffected Americans have embraced right wing populism in a misguided attempt to challenge power relationships in U S society Highlighted are the dangers these groups pose for the future of our political system and the hope of progressive social change Winner Outstanding Book Award Gustavus Myers Center for the Study of Bigotry and Human Rights in North America

The Hunting of the President Joe Conason, Gene Lyons, 2001-02-03 When Hillary Clinton spoke of a vast right wing conspiracy determined to bring down the president many people dismissed the idea Yet if the first lady s accusation was exaggerated the facts that have since emerged point toward a covert and often concerted effort by Bill Clinton s enemies abetted by his own reckless behavior which led inexorably to impeachment Clinton s foes launched a cascade of well financed attacks that undermined American democracy and nearly destroyed the Clinton presidency In vivid prose Joe Conason and Gene Lyons two award winning veteran journalists identify the antagonists reveal their tactics trace the millions of dollars that subsidized them and examine how and why mainstream news organizations aided those who were determined to bring down Bill Clinton The Hunting of the President may very well be the All the President s Men of this political regime

The Rhetoric of First Lady Hillary Rodham Clinton Colleen Kelley, 2001-01-30 Kelley provides an examination of Hillary Rodham Clinton s rhetorical responses to mediated versions of crises in the Clinton Administration She begins by examining the historical First Lady and then looks at mediated political realities in general as well as those of the Clinton presidency Kelley also examines the rhetorical management of political crises and the crises management style of First Ladies including Florence Harding and Eleanor Roosevelt The book focuses on the analysis of Hillary Rodham Clinton s rhetorical management of crises in her husband s Administration including health care Travelgate Whitewater and allegations of sexual misconduct Kelley s approach is grounded in Kenneth Burke s

framework of language as a symbolic means of inducing cooperation through rhetorical identification She concludes with speculation regarding both the degree of success of Hillary Clinton's efforts as well as the implications of those efforts to rhetorical and political communication and feminist theory This book will be of particular interest to scholars and researchers of the presidency and the role of the First Lady political communication and feminist studies
