to photographic images of New York and invite those with a general knowledge of the history of American art to think more  
deeply about art and culture Employing many interpretive methodologies including iconology social history structuralism  
psychobiography and feminist theory the contributors to this volume combine close analysis of specific art objects or groups  
of objects with discussion of how these works of art operated within their cultural contexts The authors consider the works of  
such artists as John Singleton Copley Charles Willson Peale Winslow Homer Thomas Eakins Georgia O Keeffe and Jackson  
Pollock as they assess how paintings sculpture prints drawings and photographs have carried meaning within American
