For God Country The American Legion 19191941

Peter Karsten

For God Country The American Legion 19191941:

For God & Country William Pencak,1989 A history of the years between the two world wars discusses the founding of the American Legion in 1919 and its contributions to patriotism veterans and communities throughout the nation **The G.I. Bill** Kathleen Frydl,2009-03-23 Kathleen J Frydl examines how the GI Bill serves as an instructive example of successful federal power in modern America **Warhogs** Stuart D. Brandes,2021-12-14 The Puritans condemned war profiteering as a Provoking Evil George Washington feared that it would ruin the Revolution and Franklin D Roosevelt promised many times that he would never permit the rise of another crop of war millionaires Yet on every occasion that American soldiers and sailors served and sacrificed in the field and on the sea other Americans cheerfully enhanced their personal wealth by exploiting every opportunity that wartime circumstances presented In Warhogs Stuart D Brandes masterfully blends intellectual economic and military history into a fascinating discussion of a great moral question for generations of Americans Can some individuals rightly profit during wartime while others sacrifice their lives to protect the nation Drawing upon a wealth of manuscript sources newspapers contemporary periodicals government reports and other relevant literature Brandes traces how each generation in financing its wars has endeavored to assemble resources equitably to define the ethical questions of economic mobilization and to manage economic sacrifice responsibly He defines profiteering to include such topics as price gouging quality degradation trading with the enemy plunder and fraud in order to examine the different guises of war profits and the degree to which they have existed from one era to the next This far reaching discussion moves beyond a linear narrative of the financial schemes that have shaped this nation s capacity to make war to an in depth analysis of American thought and culture Those scholars students and general readers interested in the interaction of legislative economic social and technological events with the military establishment will find no other study that so thoroughly surveys the story of war profits in America **First Americans** Thomas Grillo,2018-05-22 The little known story of how army veterans returning to reservation life after World War I transformed Native American identity Drawing from archival sources and oral histories Thomas Grillo demonstrates how the relationship between Native American tribes and the United States was reinvented in the years following World War I During that conflict twelve thousand Native American soldiers served in the U S Army They returned home to their reservations with newfound patriotism leveraging their veteran cachet for political power and claiming all the benefits of citizenship even supporting the termination policy that ended the U S government s recognition of tribal sovereignty **Teaching Anticommunism** Hubert Villeneuve,2020-04-16 Fred C Schwarz 1913 2009 was an Australian born medical doctor and evangelical preacher who settled in the United States in the early 1950s where he founded the Christian Anti Communism Crusade His work as an anticommunist educator spanned five decades his campaigns attracted large crowds strengthened grassroots conservatism and influenced political leaders By the late 1950s the Crusade had become one of the most important conservative organizations in America turning numerous citizens into lifelong right

wing militants In *Teaching Anticommunism* Hubert Villeneuve sheds light on Schwarz's fascinating career and organization which left a distinct mark on the United States and was also active internationally Cold War anticommunism in the US consisted of more than the House Un American Activities Committee and the campaign led by Senator Joseph McCarthy Villeneuve shows that by the early 1960s Schwarz's Crusade was an integral part of a burgeoning American anticommunist subculture that united grassroots conservatives of all stripes Its influence continued paving the way for the development of the New Right that began in the 1970s In addition to exploring the life and work of Schwarz the book highlights the transnational dimension of US conservatism by outlining the Crusade's role in worldwide anticommunist networks that operated throughout the Cold War Packed with unnerving evidence but leavened with humorous anecdotes and insights into a mercurial figure *Teaching Anticommunism* provides a unique perspective on the evolution of the contemporary American right wing and its global connections

Communication and the First World War John Griffiths, 2020-04-06 Despite the voluminous historical literature on the First World War a volume devoted to the theme of communication has yet to appear From the communication of war aims and objectives to the communication of war call up and war experience and knowledge this volume fills the gap in the market including the work of both established and newly emerging scholars working on the First World War across the globe The volume includes chapters that focus on the experience of belligerent and also neutral powers thus providing a genuinely representative dimension to the subject

Doughboys, the Great War, and the Remaking of America Jennifer D. Keene, 2001 How does a democratic government conscript citizens turn them into soldiers who can fight effectively against a highly trained enemy and then somehow reward these troops for their service In *Doughboys the Great War and the Remaking of America* Jennifer D Keene argues that the doughboy experience in 1917-18 forged the U S Army of the twentieth century and ultimately led to the most sweeping piece of social welfare legislation in the nation's history the G I Bill Keene shows how citizen soldiers established standards of discipline that the army in a sense had to adopt Even after these troops had returned to civilian life lessons learned by the army during its first experience with a mass conscripted force continued to influence the military as an institution The experience of going into uniform and fighting abroad politicized citizen soldiers Keene finally argues in ways she asks us to ponder She finds that the country and the conscripts in their view entered into a certain social compact one that assured veterans that the federal government owed conscripted soldiers of the twentieth century debts far in excess of the pensions the Grand Army of the Republic had claimed in the late nineteenth century

Congressional Serial Set, 1993

Bodies of War Lisa M. Budreau, 2011-11 World War I marked the first war in which the United States government and military took full responsibility for the identification burial and memorialization of those killed in battle and as a result the process of burying and remembering the dead became intensely political The government and military attempted to create a patriotic consensus on the historical memory of World War I in which war dead were not only honored but used as a symbol to legitimize America's participation

in a war not fully supported by all citizens In this book the author unpacks the politics and processes of the competing interest groups involved in the three core components of commemoration repatriation remembrance and return This book emphasizes the inherent tensions in the politics of memorialization and explores how those interests often conflicted with the needs of veterans and relatives

Sculpting Doughboys Jennifer Wingate, 2017-07-05 Redressing the neglect of World War I memorials in art history scholarship and memory studies Sculpting Doughboys considers the hundreds of sculptures of American soldiers that dominated the nation's sculptural commemorative landscape after World War I To better understand these doughboys the name given to both members of the American Expeditionary Forces and the memorials erected in their image this volume also considers their sculptural alternatives including depictions of motherhood nude male allegories and expressions of anti militarism It addresses why doughboy sculptures came to occupy such a significant presence in interwar commemoration even though art critics objected to their unrefined realism by considering the social upheavals of the Red Scare America's burgeoning consumer and popular culture and the ambitions and idiosyncrasies of artists and communities across the country In doing so this study also highlights the social and cultural tensions of the period as debates grew over art's changing role in society and as more women and immigrant sculptors vied for a place and a voice in America's public sphere Finally Sculpting Doughboys addresses the fate of these memorials nearly a century after they were dedicated and poses questions for reframing our relationship with war memorials today

Encyclopedia of War and American Society Peter Karsten, 2006 Publisher description

Paying with Their Bodies John M. Kinder, 2015-03-23 This valuable history examines America's complex and often conflicting relationship to wounded veterans and the lasting legacies of warfare The Intercept America has grappled with the questions posed by injured veterans since its founding and with particular force since the early twentieth century What are the nation's obligations to those who fight in its name And when does war's legacy of disability outweigh the nation's interests at home and abroad Focusing in particular on the decades surrounding World War I John M Kinder argues that disabled veterans have long been at the center of two competing visions of American war one that highlights the relative safety of US military intervention overseas the other indelibly associating American war with injury mutilation and suffering Kinder shows that when we bring disabled veterans into the foreground of history the narrative of American war over the last century takes a very different shape War can no longer be seen as a discrete experience easily left behind rather its human legacies are felt for decades

Negative Intelligence Roy Talbert Jr., 2010-12-01 During World War I in the period of the Red Scare and throughout the Great Depression the army's domestic spy agency mounted an extensive surveillance campaign focused on civilians and groups deemed subversive Negative Intelligence traces the fascinating and astonishing story of military espionage on the home front Created by Major General Ralph H Van Deman in 1917 the Negative Branch of Military or MI spied on American reformers in a program of civilian surveillance that surpassed even that of the Department of Justice's Bureau of Investigation Among the targets were the

Industrial Workers of the World the American Civil Liberties Union and Negro Subversion Documentation of MI's program of domestic espionage is from recently opened Military Intelligence archives Closely allied with private vigilante groups the Army conducted illegal raids made illegal arrests subjected many citizens to interrogation and developed an elaborate filing system for its dossiers After World War I the hysteria continued with MI's direct focus beamed upon a new enemy the Bolsheviks Although MI's abuses have been overshadowed by those of the Department of Justice army espionage was in many ways more aggressive than its civilian counterpart Negative Intelligence documents these abuses and shows how until 1921 the attempts to restrain MI's work failed After this time with limited staff and funding MI could do no more than maintain close liaison with private super patriotic groups However the coming of the Great Depression fired up the rebirth of the army's civilian espionage programs Then as World War II approached internal security once again became a national policy and J Edgar Hoover of the Federal Bureau of Investigation moved his powerful network into the supreme position of domestic spying

The American Military Brad D. Lookingbill, 2013-11-08 The American Military A Narrative History presents a comprehensive introduction to more than four centuries of American military history Presents a chronological account of American military history from clashes between militias and Native Americans to 21st century operations in Afghanistan and Iraq Features personal vignettes to put a human face on armed conflict Addresses patterns of national service the evolution of civil military relations and the advent of all volunteer forces Puts events in historical context and considers cultural social political economic and technological developments

American Isolationism Between the World Wars Kenneth D. Rose, 2021-04-25 American Isolationism Between the World Wars The Search for a Nation's Identity examines the theory of isolationism in America between the world wars arguing that it is an ideal that has dominated the Republic since its founding During the interwar period isolationists could be found among Republicans and Democrats Catholics and Protestants pacifists and militarists rich and poor While the dominant historical assessment of isolationism that it was provincial and short sighted will be examined this book argues that American isolationism between 1919 and the mid 1930s was a rational foreign policy simply because the European reversion back to politics as usual insured that the continent would remain unstable Drawing on a wide range of newspaper and journal articles biographies congressional hearings personal papers and numerous secondary sources Kenneth D Rose suggests the time has come for a paradigm shift in how American isolationism is viewed The text also offers a reflection on isolationism since the end of World War II particularly the nature of isolationism during the Trump era This book will be of interest to students and scholars of U S Foreign Relations and twentieth century American history

Politics, Society, and the Klan in Alabama, 1915-1949 Glenn Feldman, 1999-09-24 This first book length examination of the Klan in Alabama represents exhaustive research that challenges traditional interpretations The Ku Klux Klan has wielded considerable power both as a terrorist group and as a political force Usually viewed as appearing in distinct incarnations the Klans of the 20th century are now shown by Glenn Feldman to have a greater degree of continuity

than has been previously suspected Victims of Klan terrorism continued to be aliens foreigners or outsiders in Alabama the freed slave during Reconstruction the 1920s Catholic or Jew the 1930s labor organizer or Communist and the returning black veteran of World War II were all considered a threat to the dominant white culture Feldman offers new insights into this qualified continuity among Klans of different eras showing that the group remained active during the 1930s and 1940s when it was presumed dormant with elements of the Reconstruction syndrome carrying over to the smaller Klan of the civil rights era In addition Feldman takes a critical look at opposition to Klan activities by southern elites He particularly shows how opponents during the Great Depression and war years saw the Klan as an impediment to attracting outside capital and federal relief or as a magnet for federal action that would jeopardize traditional forms of racial and social control Other critics voiced concerns about negative national publicity and others deplored the violence and terrorism This in depth examination of the Klan in a single state which features rare photographs provides a means of understanding the order s development throughout the South Feldman s book represents definitive research into the history of the Klan and makes a major contribution to our understanding of both that organization and the history of Alabama

Political Groups, Parties, and Organizations That Shaped America Scott H. Ainsworth Ph.D., Brian M. Harward, 2019-07-19 This three volume set explores the multiple roles that parties and interest groups have played in American politics from the nation s beginnings to the present This set serves as an essential resource for analyzing the emergence and impact of parties and interest groups in the American political system and for understanding the systematic and structural bases for interest group and party behavior Volume One opens with an introduction by the editors that provides a general overview of the eras and identifies important themes and events laying a foundation on which the subsequent essays and primary documents for each interest group or political party builds Narrative essays focus on how specific parties or interest groups have shaped or reflect a particular set of events or general themes in each of the eras in American political history Topical entries reflect key themes developed throughout the volumes Entries range from important founding groups and parties to contemporary political action committees and policy advocacy groups The set also includes primary source documents e g letters platform documents court decisions flyers etc that reveal important dimensions of the corresponding group s political influence

A Postcard View of Hell: One Doughboy's Souvenir Album of the First World War Frank Jacob, Mark D. Van Ells, 2019-03-31 For many the postcard may seem trivial little more than a mundane souvenir or a way to keep in touch with friends and relatives while on vacation But if we look carefully postcards offer valuable insights into the time periods in which they were created and the mentalities of those who bought or sent them Frank Marhefka while serving in the U S Army Motor Transportation Corps during the First World War amassed a collection of more than 150 postcards and photographs while in France and bound them into a souvenir album Marhefka s collection provides a diverse and vivid look into a period of history that in many soldiers accounts is not usually visualized with all its cruelties Emphasizing the pictorial turn of the Great War this

album offers personal insight into a conflict that caused so much death and destruction The book begins with an introduction providing a history of postcards and their extensive use by soldiers during the Great War Then after a biography of Marhefka his postcard collection is presented in its entirety Accompanying the images are brief texts that place them into historical context as well as suggestions for further reading As a visual artifact of the First World War and the perspective of one U S soldier this book is aimed at students scholars postcard collectors and general readers alike who have an interest in military history and popular culture

Encyclopedia of Military Science G. Kurt Piehler, 2013-07-24 The Encyclopedia of Military Science provides a comprehensive ready reference on the organization traditions training purpose and functions of today s military Entries in this four volume work include coverage of the duties responsibilities and authority of military personnel and an understanding of strategies and tactics of the modern military and how they interface with political social legal economic and technological factors A large component is devoted to issues of leadership group dynamics motivation problem solving and decision making in the military context Finally this work also covers recent American military history since the end of the Cold War with a special emphasis on peacekeeping and peacemaking operations the First Persian Gulf War the events surrounding 9 11 and the wars in Afghanistan and Iraq and how the military has been changing in relation to these events Click here to read an article on The Daily Beast by Encyclopedia editor G Kurt Piehler Why Don t We Build Statues For Our War Heroes Anymore

[The American Flag](#) John R. Vile, 2018-10-05 At a time when the U S flag is both a source of both pride and controversy this volume provides the first encyclopedic A to Z treatment of the U S flag in American history culture and law This title is a comprehensive resource for understanding all aspects of the American flag and its relationship to the American people The encyclopedia provides a thorough historical examination of key developments in the flag s design as well as laws and court decisions related to the flag and the First Amendment In relation to the flag s history it also discusses evolving public attitudes about its importance as a national symbol The encyclopedia contains illuminating scholarly essays on presentations of the flag in American politics the military and popular culture including art music and journalism Additionally these essays address important rules of flag etiquette and modern controversies related to them from flag burning to refusing to stand during the playing of the U S National Anthem

For God Country The American Legion 19191941 Introduction

In today's digital age, the availability of For God Country The American Legion 19191941 books and manuals for download has revolutionized the way we access information. Gone are the days of physically flipping through pages and carrying heavy textbooks or manuals. With just a few clicks, we can now access a wealth of knowledge from the comfort of our own homes or on the go. This article will explore the advantages of For God Country The American Legion 19191941 books and manuals for download, along with some popular platforms that offer these resources. One of the significant advantages of For God Country The American Legion 19191941 books and manuals for download is the cost-saving aspect. Traditional books and manuals can be costly, especially if you need to purchase several of them for educational or professional purposes. By accessing For God Country The American Legion 19191941 versions, you eliminate the need to spend money on physical copies. This not only saves you money but also reduces the environmental impact associated with book production and transportation. Furthermore, For God Country The American Legion 19191941 books and manuals for download are incredibly convenient. With just a computer or smartphone and an internet connection, you can access a vast library of resources on any subject imaginable. Whether you're a student looking for textbooks, a professional seeking industry-specific manuals, or someone interested in self-improvement, these digital resources provide an efficient and accessible means of acquiring knowledge. Moreover, PDF books and manuals offer a range of benefits compared to other digital formats. PDF files are designed to retain their formatting regardless of the device used to open them. This ensures that the content appears exactly as intended by the author, with no loss of formatting or missing graphics. Additionally, PDF files can be easily annotated, bookmarked, and searched for specific terms, making them highly practical for studying or referencing. When it comes to accessing For God Country The American Legion 19191941 books and manuals, several platforms offer an extensive collection of resources. One such platform is Project Gutenberg, a nonprofit organization that provides over 60,000 free eBooks. These books are primarily in the public domain, meaning they can be freely distributed and downloaded. Project Gutenberg offers a wide range of classic literature, making it an excellent resource for literature enthusiasts. Another popular platform for For God Country The American Legion 19191941 books and manuals is Open Library. Open Library is

an initiative of the Internet Archive, a non-profit organization dedicated to digitizing cultural artifacts and making them accessible to the public. Open Library hosts millions of books, including both public domain works and contemporary titles. It also allows users to borrow digital copies of certain books for a limited period, similar to a library lending system. Additionally, many universities and educational institutions have their own digital libraries that provide free access to PDF books and manuals. These libraries often offer academic texts, research papers, and technical manuals, making them invaluable resources for students and researchers. Some notable examples include MIT OpenCourseWare, which offers free access to course materials from the Massachusetts Institute of Technology, and the Digital Public Library of America, which provides a vast collection of digitized books and historical documents. In conclusion, For God Country The American Legion 19191941 books and manuals for download have transformed the way we access information. They provide a cost-effective and convenient means of acquiring knowledge, offering the ability to access a vast library of resources at our fingertips. With platforms like Project Gutenberg, Open Library, and various digital libraries offered by educational institutions, we have access to an ever-expanding collection of books and manuals. Whether for educational, professional, or personal purposes, these digital resources serve as valuable tools for continuous learning and self-improvement. So why not take advantage of the vast world of For God Country The American Legion 19191941 books and manuals for download and embark on your journey of knowledge?
