Head Winds:

Demographic Headwinds in Central and Eastern Europe Cristina Batog, Ernesto Crivelli, Ms. Anna Ilyina, Zoltan Jakab, Mr. Jaewoo Lee, Anvar Musayev, Iva Petrova, Mr. Alasdair Scott, Ms. Anna Shabunina, Andreas Tudyka, Xin Cindy Xu, Ruifeng Zhang, 2019-07-15 The populations of Central and Eastern European CESEE countries with the exception of Turkey are expected to decrease significantly over the next 30 years driven by low or negative net birth rates and outward migration. These changes will have significant implications for growth, living standards and fiscal sustainability.

Headwinds of Opportunity Tim Lindsey, 2017-07-31 Winner of the Silver Axiom Business Book Award in the category of Sustainability. *Headwinds of Opportunity* goes beyond philosophical and academic discussion of business sustainability to offer strategic guidance regarding how to make all types of organizations function more sustainably while simultaneously improving their competitiveness. It differs from other books in that it approaches sustainability as an innovation, an innovative way of conducting business. The book is informed by time-tested principles of innovation diffusion that can be effectively applied to drive change. It places considerable emphasis on the how-to aspects of sustainability improvement and how they can be used to increase effectiveness.

Dry'D, Fry'D, and Sky'D by Headwinds and Heat John Eyberg, 2012-11-26 When author John Eyberg announced his plan to bicycle two thousand miles across Texas and back, most people thought he was crazy. But for Eyberg it was a goal he'd dreamed about for years, a feat only the supremely confident or utterly foolhardy would attempt. In *Dry'D, Fry'D, and Sky'D by Headwinds and Heat* he provides a day-by-day journal of his travels beginning June 11, 2011, when he climbed on his tandem recumbent Doublevision and pushed off from El Paso, Texas, in 101-degree heat for a planned forty-three day ride. In this travel memoir Eyberg narrates his odyssey, his battles with the intense sun and the often strong headwinds, the route and topography he covered from El Paso to Houston, the gracious and generous people he met throughout his journey, the effects he felt on his middle-aged body and the mechanical breakdowns he experienced. A detailed account of one man's personal biking adventure, *Dry'D, Fry'D, and Sky'D by Headwinds and Heat* shows Eyberg's commitment to his adventure you don't know until you go.

Ski, 1989-03 *Into the Headwinds* Terryl Givens, Nathaniel Givens, 2022-10-18 A deeper look at how people individually and collectively form religious beliefs and what that means for faith in an increasingly secular culture Secularism is increasingly a fact of life in Western society But that doesn't necessarily mean that faith is harder than it has been before Even in the past when organized religion enjoyed more widespread cultural acceptance there were still obstacles to true belief Today the obstacles are different but faith is still viable Acclaimed author Terryl Givens and his son Nathaniel Givens combine their respective areas of expertise to offer a fresh take on religious belief through the lens of contemporary research on psychology cognition and human nature They also address two of faith's foremost modern day antagonists rationalism the myth that humans can or should make the majority of their choices based on logical thought and scientism the myth that science is the only reliable means of discovering truth After reckoning with the surprising fact that people often don't even understand their own beliefs and are influenced in ways they seldom perceive the authors go on to describe genuine faith as an act of will an effortful response to the deepest yearnings of the mind and heart that engenders moral responsibility the ability to embrace uncertainty the motivation and means to relate to others and the capacity to apprehend reality through nonrational means Written for truth seekers who may or may not belong to religious communities *Into the Headwinds* is less a work of apologetics than an inquiry into the role that faith can and does still play in a society where participation in institutional religion is declining precipitously Terryl and Nathaniel Givens propose that to reclaim the power of genuine faith we need to first acknowledge the reality that religious belief is hard It always has been and it always will be But perhaps instead of a hindrance that is its most important aspect
