Images of Illness in the Gospel of Luke Annette Weissenrieder, 2003 Analyzing the illness related terminology of the Gospel against the background of classical medical texts Annette Weissenrieder examines the degree to which ancient medical knowledge was incorporated into the healing narratives of the Gospel of Luke Thus her work focuses on the crossroads of theology and medical history Her primary reference is the Corpus Hippocraticum supplemented by the writings of Soranus Empedocles and Caelius Aurelianus She also examines Jewish sources in the light of these secular medical texts The premise of the study is the constructivist concept that has been developed in the context of writing the history of the body that there is no objective view of the sick body Every description of the body is formed by the cultural norms of a particular society and society s culture influences the way in which any given illness is seen In investigating concepts of medicine prevalent in antiquity Annette Weissenrieder brings to light the cultural parameters of perception specific to Luke She deals with gender specific images of illness as well as with those associated with impurity or demonic possession Her analysis confirms that the concepts of illness used by the Lucan author were profoundly characteristic of his time She demonstrates how he uses these concepts to make his central message plausible the presence of divine reality in the human sphere which can be experienced by both the physical body and the social body

Powery,2021-11-29 This project highlights Jesus use of scripture within each Synoptic Gospel as an important component of each Gospel s narrative rhetoric Using literary analysis particularly composition criticism narrative criticism and comparative analysis the main object of study is the explicit citation of Jesus rather than any implied citation allusion or echo Concentration on the latter areas offers insight into the way scripture was understood by Christians and Jews in Second Temple Judaism however the study of explicit citations provides the basis upon which we assume other allusions may be heard by first century audiences The study concludes that each Gospel offers its own distinctive portrayal of Jesus use of scripture based on each one s narrative rhetoric

Matthew's Presentation of the Son of David H. Daniel Zacharias,2016-12-01 H Daniel Zacharias presents a literary critical analysis of the Gospel of Matthew and its interaction with Davidic tradition and use of Davidic typology Throughout the narrative the evangelist makes pervasive use of Davidic tradition from the Old Testament in his portrayal of Jesus This begins from the first verse and the declaration that Jesus is the Son of David and culminates in Jesus usage of Psalm 22 s Davidic lament on the cross Davidic material is present throughout Matthew in allusion in specific citations in thematic material In addition Matthew makes use of Davidic typology numerous times with David as type and Jesus as anti type Zacharias shows how the use of Davidic material presents to the reader a scripturally grounded redefinition of what it means for Jesus to be the Son of David not as a violent militant leader as some expected but as a physical descendant of David a healing shepherd and a humble king Within the Gospel Matthew utilizes Davidic typology to show how the Son of David even has similar experiences as his royal predecessor Even David s own words from the psalms are utilized as testimony to the legitimacy of Jesus as the Davidic Messiah

To Read and To Know Bogdan Costea, Alexandru Costea, 2024-01-10 In some language groups Bible commentaries and translations are of lesser quality often due to the lack of training in Greek Hebrew and Aramaic for their authors and translators Additionally many commentaries are authored by those who are unfamiliar with the language church and culture of the target audience Further some language groups struggle with the quality of translations even of the biblical text itself A translation may not be based on the biblical languages but on a Bible translation in another modern language This can result in the theological perspective of the previous translators being unwittingly written into the subsequent translation How can these challenges be addressed In this volume of the Tyndale Theological Seminary Theses Series two brothers Bogdan and Alexandru Costea address these types of biblical studies issues in Romania Bogdan writes about the importance of having a Romanian commentary series that compares the biblical languages with the Romanian Bible versions used by Evangelicals and interacts with the Church Fathers Alexandru evaluates the meaning and implications of as translated in the Romanian Orthodox Bible a word commonly translated as save in many English contexts These two men thus grapple with the core issues related to commentary

Re-appropriating "Marvelous Fables" Noel Pretila, 2013-10-17 Edwin Hatch provided a colorful portrait of the religious world to which Justin Martyr belonged The main subject matter of literary education amongst the pagans was the poets They were read as we read the Bible They were committed to memory The minds of men were saturated with them A quotation from Homer or from a tragic poet was apposite on all occasions and in every kind of society *The Influence of Greek Ideas on Christianity* 1957 So when some of these pagans converted to Christianity in Justin's day is it reasonable to assume that they simply forgot these mythical narratives in which they had been reared from childhood *Re appropriating Marvelous Fables* sets out to argue that this was hardly the case Rather Justin in 1 Apology can be seen taking full advantage of this mythical framework that still loomed large in the minds of fledgling Christian believers and students in his care masterfully re appropriating this popular form of religious discourse for the purpose of solidifying their newfound faith

The Oral Ethos of the Early Church Joanna Dewey, 2013-10-30 To experience the gospel message as first century people heard it is to move into an oral world one with very little reliance on manuscripts The essays in this book explore this oral world and the Gospel of Mark within it They demonstrate the oral style of Mark's gospel which suggests that it was composed orally transmitted orally in its entirety by literate and nonliterate storytellers and survived to become part of the canon only because it was widely known orally Women's storytelling also thrived during the first centuries of Christianity With the transition to manuscript authority beginning in the middle of the second century women's voices were often minimized trivialized or completely omitted in written versions Further when the Gospel of Mark was one of four written Gospels these voices were quickly ignored An ancient audience hearing Mark performed however enjoyed a vibrant experience of the gospel message and its urgent call to follow
