How He-Man Mastered the Universe Brian C. Baer, 2017-03-21. Elaborate cinematic universes and sophisticated marketing tie-ins are commonplace in entertainment today. It's easy to forget that the transmedia trend began in 1982 with a barbarian action figure. He-Man and the other characters in Mattel's popular Masters of the Universe toy line quickly found their way into comic books, video games, multiple television series, and a Hollywood film. The original animated series, 1983-1985, was the first based on an action figure, and the cult classic Masters of the Universe, 1987, was the first toy-inspired live-action feature film. But it wasn't easy. He-Man faced adversaries more dangerous than Skeletor: entertainment lawyers, Hollywood executives, even the Reagan administration. The heroes and villains of Eternia did more than shape the childhoods of the toy-buying public; they formed the modern entertainment landscape.
