And when the bodies begin piling up, it soon becomes apparent that this time the Naturals aren't just hunting serial killers. They're being hunted. In the novella *Twelve*, Cassie is now twenty-three years old and she and her fellow Naturals have taken over running the program that taught them everything they know. As a unit, they're responsible for identifying new Naturals and solving particularly impossible cases. When their latest case brings back a ghost from their past, Cassie and the other Naturals find themselves racing against the clock and reliving their own childhood traumas. In a small coastal town in Maine, there has been a rash of teen suicides, or at least that's what the police believe. Enter the Naturals.
