Elaborate cinematic universes and sophisticated marketing tie-ins are commonplace in entertainment today It's easy to forget
that the transmedia trend began in 1982 with a barbarian action figure He Man and the other characters in Mattel's popular
Masters of the Universe toy line quickly found their way into comic books video games multiple television series and a
Hollywood film The original animated series 1983-1985 was the first based on an action figure and the cult classic Masters of
the Universe 1987 was the first toy inspired live action feature film But it wasn't easy He Man faced adversaries more
dangerous than Skeletor entertainment lawyers Hollywood executives even the Reagan administration The heroes and
villains of Eternia did more than shape the childhoods of the toy buying public they formed the modern entertainment
